

HAMILTON HAPPENINGS

CHARGED WITH THROWING TEACUP AT WIFE'S HEAD

Outcome of Domestic Quarrel—Presbytery Approves basis of Church Union.

HAMILTON, Jan. 3.—(Special).—Clarence Scott, 227 Bold-street, was this evening taken into custody on a charge of assaulting his wife. It is alleged that he quarrelled after supper, and that Scott threw a teacup at his wife's head, gashing it badly. Horace Shipman, a street railway conductor, dropped dead in the Alexandra rink this evening, after skating for some time. Death was due to heart failure. No inquest will be held.

As a result of a fall on the sidewalk, John Sweeney, 26 North Catherine-street, had to be taken home this morning, suffering with a dislocated shoulder.

Michael Windwick, an Austrian, has been arrested, charged with aggravated assault on Martha Chapman.

Cornelius S. Catharines was brought back from St. George and will stand his trial here on a charge of stealing a team of horses belonging to Edward Baugh.

The Hamilton Presbytery met this afternoon and debated the question of church union. A motion proposed by Rev. Dr. Dev. Simcoe, and Rev. Dr. Radcliffe, S. Catharines was passed, expressing general approval of the basis of union sent down by the general assembly.

Miss and Mrs. Walker and Miss Watson of Dundas, who had a narrow escape from asphyxiation on Sunday afternoon, are all now well on the road to recovery. The Miss Watsons are very weak.

The police are investigating a mysterious shooting case which occurred on Simcoe-street Saturday night, in which Mrs. John Campbell was wounded. The police are looking for a bullet that was shot above the heart. The bullet has been located, but the doctor says that four results from the operation that will be necessary to extract it.

How the woman was shot is unknown. The occupants of the house where the shooting took place say that she was fooling with a toy model revolver. The wounded woman has refused to discuss the affair with the police.

Wm. Hanrahan, corner Barton and Catherine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected in 1900. Modern and strictly first-class American plan. Rates \$1.50 to \$2 per day. Thos. Hanrahan, proprietor. Phone 1485.

A CITY OF SIN

Montreal Woman Wants Bad Men's Pictures Published.

MONTREAL, Jan. 3.—(Special).—All men caught in disorderly houses should be "mugged" and their evil countenances, together with their names, addresses and other identifying particulars, published prominently in all of the city papers. This was one of the remedies advocated by Mrs. John E. Roberts, wife of the secretary of the Dominion Alliance, here this afternoon. In an address before the Women's Christian Temperance Union, in which she declared that Montreal is a city of sin.

Mrs. Roberts hacked deep into the moral reputation of the city, declaring that the men were allowed by a conspiracy of silence to associate with good and evil women alike, and advocated publicly as the cure for hypochondria. She porphorosed Dr. Munyon in saying that no penalty is too severe for men who deceive their wives.

Stomach Sufferers Squander Millions

IN SEARCH OF RELIEF.

Trial Package of Stuart's Dyspepsia Tablets Free.

The world is full of disordered stomachs and 80 per cent. of the money spent upon physicians and drugs goes in an attempt to cure the stomach. People are made to believe that in order to gain health they must doctor their stomachs and use cathartics. So the doctor gets his fee for the stomach treatment and the druggist for the medicine until the savings of a life time are exhausted and yet no cure.

Let's be reasonable. The sick stomach is in every case the result of over-eating, hurried mastication and improper choice of foods. The mucous lining all the way down the food tract loses its sensitiveness, and when food is forced down, the muscles fail to respond. They do not churn the food as they should. The glands no longer give out gastric juice to dissolve the food and render it capable of assimilation. The man has become a dyspeptic.

There is one sure way and only one to bring positive relief. Put into that stomach of yours the very elements that it lacks to get that food into liquid form. It takes pepsin, diastase, golden seal and other ferments to accomplish this. The healthy stomach contains these elements. The dyspeptic stomach lacks part or all of them. Stuart's Dyspepsia Tablets is made up of just what the dyspeptic stomach lacks—nature's digestives.

Stuart's Dyspepsia Tablets are not a medicine, not a drug, not a cathartic. They do not cure anybody of anything but Dyspepsia and Indigestion and such ailments as arise from poorly digested food. While the digest the food the stomach recovers. The mucous membrane is coming out of its stupor, the gastric juice is coming to the surface, the muscles are regaining their power. Every organ of the body takes on new life, the skin gains color, and the eyes are no longer tinged with yellow. You live.

Why doctor and why drug yourself? Stuart's Dyspepsia Tablets will take care of your food while Nature cures you. Try a box at your druggist's, 60 cents. Or, if you prefer a free trial package by simply buying, send your name and address to-day. F. A. Stuart Co., 150 St.uart Bldg., Marshall, Mich.

PANAMA CANAL LABEL SUIT IS DISMISSED

New York World Wins Out in Famous Indictment Involving Roosevelt and Taft.

WASHINGTON, Jan. 3.—By unanimous decision the supreme court of the United States to-day decided that the federal government could not maintain the so-called "Panama Canal label suit" against The Press Publishing Co., publishers of The New York World, in the federal courts of New York. In so holding, the court affirmed the decision of the circuit court of the U.S. for the southern district of New York, which had quashed the famous indictment.

In effect, the decision was that the federal court had no jurisdiction over the alleged offence, because the case might have been brought in a state court.

In effect, the alleged label was the publication of articles stating that Chas. F. Taft, Douglas Robinson and Wm. Nelson Cromwell, with J. Pierpont Morgan and others, obtained control of the Panama canal route for about \$43,000,000, and, by the co-operation of Theodore Roosevelt, then president of the U.S., and brother-in-law of Mr. Robinson, and President Wm. H. Taft, then secretary of war, were enabled to effect the sale of the canal route to the United States at a profit of \$38,000,000.

UNIONS STRONG IN WEST

Organizer Flett Also Finds Keener Demand for Labor.

John Flett of this city, organizer for the International Trades Union, has just returned from a seven-month tour of the west, and reports labor conditions very brisk in the prairie provinces. He says that western workingmen are more enthusiastic over labor unionism than the people of the east, and while away Mr. Flett organized 35 new unions.

BROUGHT UP HUMAN REMAINS

Work Progressing on Examination of Wreck of the Maine.

HAVANA, Jan. 3.—The first human remains from the wreck of the old battleship Maine were brought to the surface to-day by a dredge. They consisted of two ribs and some small bones, apparently bones of the hand, and they were carefully placed in a special receptacle, to await the recovery of other parts.

The dredge also brought up some three-inch shells, a large quantity of coal and a portion of the coal bunkers, lying apart from the ship, which is considered as possibly confirmatory of the theory of an external explosion under the bunkers. This, however, cannot be verified without a further examination of the work on the bulkhead, which is continuing without interruption, the men having expressed willingness to await the settlement of the question of overdue pay and other grievances.

OUTGROWING THEIR PIERS

New Liners Will Stick Out Sixty Feet Beyond End of the Longest Dock.

NEW YORK, Jan. 3.—The pier-head line established in New York harbor by the war department has been outgrown by modern ocean liners. Unless the government consents to a lengthening of the docks beyond the line, the latest additions to the trans-Atlantic fleet, the Titanic and Olympic of the White Star fleet, will stick out into the harbor sixty feet or more as they lie in their berths.

The attention of the department is called to this fact by P. A. Frank, vice-president of the International Mercantile Company, in a letter to Secretary Dickinson, made public to-day. The Titanic will arrive here on her maiden voyage this spring. The company's longest pier is 525 feet, which will leave sixty feet of the steamer unprotected from the harbor traffic and the winter ice floes. Permission is asked to lengthen the piers 100 feet, but hitherto the government has been inclined to hold that the North River is crowded enough already.

\$2,550,000 SUIT

Brought in Connecticut in Connection With Quebec Southern R. R. Sale.

BRIDGEPORT, Conn., Jan. 3.—Papers were filed here to-day in a suit for \$2,550,000 damages, brought by Frank D. White of Rutland, Vermont, and Nellie Hodges of Boston, against a trust of the estate of her husband, Hiram A. Hodges, formerly of Greenwich, Conn., against Richard Suro of Greenwich, Arthur L. Meyers, Wm. K. Vanderbilt, Henry L. Sprague, James G. Thompson, Edward Webb and Wm. C. Lane and others.

The plaintiffs allege that the Quebec Southern Railway Company, in which Messrs. White and Hodges were interested, was unable to meet its obligations as accrued, and on March 21, 1904, was placed in the hands of a receiver, and in the following year was sold by the Executive Court of Canada to Messrs. Henry L. Sprague, James G. Thompson, Edward Webb and Wm. C. Lane and others.

Deep snow throughout the province has added to the railway's troubles at this period, and yesterday the Wilmot train due here at 3:31 was two hours late, and the Grand Trunk train from Chicago was also delayed for several hours.

MANAGER TRAVERS MAY OBTAIN RELEASE TO-DAY

His Counsel Declares Mr. Travers a Victim of False Reports—Appearance in Court.

If the expectations of H. H. Dewart, K.C., counsel for W. R. Travers, are realized, the former manager of the Farmers' Bank, who has been in the tight grip of the law since Saturday, will breathe the air of comparative freedom to-day.

"I feel sure that Mr. Travers will be out on bail to-morrow," said Mr. Dewart last night. "He would have been out to-day had there been time, but we will have the surety for \$20,000 which the crown has demanded and he will be released. Mr. Orpen still stands upon the original bond of \$20,000 upon the former charge and will continue to do so."

"Chapel Rumor," Says Dewart. "There have been many cruel rumors started against Mr. Travers and it will be found that they have no foundation in fact. To me he is innocent and is of good courage."

"If Mr. Travers produces a responsible surety for \$20,000 he will be released. This is the amount which the crown has set against his liberty, and when it is produced he will be released. The crown will not ask for any further surety replacing his own bond of \$20,000 in the earlier case, and the only action to be taken in that regard is one already under way to return the securities transferred to their original position."

Mr. Travers in Court. William R. Travers was arraigned in police court yesterday morning upon the theft charge upon which he was arrested Saturday night. There was a striking contrast between this and his earlier appearances. Upon the former occasion he had been led out of his home by police officers, and on this occasion he was escorted by his counsel, Mr. H. H. Dewart, to the courtroom, where he walked into the courtroom, step by step, and was taken to his cell.

Yesterday he came to the court in the jail van, was marched to the courtroom, and finally returned to the cells. While his counsel, H. H. Dewart, K.C., declared that he could produce the additional \$20,000, he did not do so, but contented himself with criticizing the action of the crown in re-arresting his client while upon heavy bail and an effort to secure an undertaking with Crown Attorney Corley for the man's appearance for trial which should come to-day.

Wants Jury Trial.

To the charge of stealing \$40,000 of the bank's funds in January last, Travers, thru his counsel, pleaded not guilty and elected to be tried by a jury. Mr. Dewart asked for permission to examine certain books, but was told that these were in the hands of the auditor and were therefore inaccessible.

Mr. Dewart objected to the refusal of the jail attendants to give the prisoner a knife and fork with his meals, and the latter, Mr. Governor Chambers, says that this is merely a jail regulation, he says also that Mr. Travers has never asked for one. There are those who place another construction upon it.

Bail Bond Depreciated. Speaking of the matter of bail, Crown Attorney Corley declared that since entering into the personal bond of \$20,000, Mr. Travers has been obliged to pay for everything he possessed to A. M. Orpen, his bondsman. Magistrate Denison wanted to know why, when the amount of the bond had been stolen, he had not asked for the return of the bond to accept half that sum as bail. Mr. Dewart declared that it was the surety's agreement with the government that \$20,000 would be as effective as \$40,000.

The case was remanded till Friday, when the other charge of making false returns to the government will also come up, and when it is expected that some of the evidence will be heard.

PROFITED BOTH WAYS

Sugar Trust Overvalued Its Exports and Undervalued Imports.

NEW YORK, Jan. 3.—U.S. Attorney Henry A. Wise will forward to the treasury department in Washington to-day a report which shows that the American Sugar Refining Company, a sugar trust, in the so-called "drawback" case. If the government will abandon its protest against the company's agreement to pay a percentage of the "drawbacks" to which it is legitimately entitled. Accompanying the offer will be a certificate of deposit in the U. S. treasury here of \$700,000. In previous restitution the company has already paid into the U. S. treasury more than \$2,000,000. The government charges the company with overvaluing its exports of sugar products, thereby drawing back a heavier return of dues already paid, and profiting on both ends of the bargain.

LAST OF HOLIDAY TRAFFIC

Railway Officials Are Now Worrying Over Snow Problem.

To-day sees the close of the cheap rail season. Yesterday was the return limit for over New Year's Day, and to-day the fare and one-third rate extending over the Christmas week ends.

Yesterday and the Saturday preceding Christmas proved the heaviest days for the officials and staff at the Union Depot. The season was the heaviest in the history of the road since the railway company earned their share of the general prosperity which has marked the year 1910.

Deep snow throughout the province has added to the railway's troubles at this period, and yesterday the Wilmot train due here at 3:31 was two hours late, and the Grand Trunk train from Chicago was also delayed for several hours.

DAY'S DOINGS IN YORK COUNTY

TORONTO FIREMEN'S BALL GREAT SUCCESS

Aurora Carried Every Bylaw—City Voice Killed Local Option in Scarborough.

NORTH TORONTO, Jan. 3.—(Special).—Few events in town have ever been attended by more genuine pleasure than the annual ball held under the auspices of the North Toronto Volunteer Firemen's Brigade, held last night. Altogether about forty couples were in attendance, and the accompaniment of good orchestras, the music and happy surroundings, Chief Collins was delighted with the success attending the social function of his day.

It is not thought likely that any preliminary meetings will be held during the week, but on Monday night, it is probable that the first committee meeting will take place.

Now that the smoke and din of battle has all cleared away and the victors are rejoicing in their equality, there is a general disposition on the part of the citizens of North Toronto to clear the decks for action, looking toward bigger and better things for the future.

The council of 1910 have rendered good service and the incoming members give promise of even better. While the overwhelming factor in bringing about a greater expansion than ever before, in many quarters of the city to-day the opinion was freely expressed that the wish of the people of North Toronto for annexation, the prospects were very bright for some time to come.

There is no doubt that the work of the ratepayers' association was of great service in voicing the views of the ratepayers, and it is not unlikely that it will hold another meeting at the present time, they will always be available at the call of the president.

It is a long while since the features of the happy relations between teacher and class. Following an evening of unalloyed pleasure in games and amusements of various kinds, refreshments were served, and the happy company dispersed.

The address was as follows: Dear Father: We, the scholars of your Bible class, have met here in this merry Christmas season to offer with our hearts with a small token of our regard for both yours and your interest in us. We feel that it is only just that we should show our esteem for you in our kindly thoughts of us all, both spiritually and socially, and our sincere wish is that we may meet again for many a Sabbath to come to the benefit from the many truths and helpful thoughts you have so ably given us. We ask you to accept this hanging lamp, it is a small token of our esteem for you and trust you will be glad to have us in your home. We all join in wishing you and your family a happy and prosperous new year.

Signed on behalf of your loving scholars: L. Burrows, W. Tennyson, E. Burrows.

CASTLEMORE.

Farmers' Institute Will Hold Meeting on Thursday.

CASTLEMORE, Jan. 3.—(Special).—A farmers' institute meeting will be held on Thursday, Jan. 5, 1911, in Mr. O'Leary's Hall, Castlemore, when Geo. Carlaw, Warkworth, and F. H. Sillcock, Iona, will give addresses, and Dr. Margaret McAlpine, 619 St. George-st., will address the Women's Institute. After the afternoon session luncheon will be provided by the Women's Institute. Meetings to begin at 7 p.m. and 8 p.m. respectively. Cordially invited to attend these meetings.

ST. CLAIR AVENUE

New Gospel Hall is Opened in Western District.

The newly erected Gospel Hall, on the south side of St. Clair-avenue, near Dufferin-street, was opened yesterday in an instructive and practical address to the children. In the evening the hall was comfortably filled with grown-up people, who listened to an address from A. Crombie, who has labored many years in the Gospel field. His watchword in the assembly this year is, "Have faith in God." Other addresses were given by Dr. Musgrove. The principal difficulty is proper enforcement of quarantine among foreigners.

AN UNWELCOME VISITOR.

Walter Bing, an Englishman who has been in this country about fifteen months, was before Magistrate Ramey in the county court yesterday. He is charged with entering the home of Mrs. Donner on Markham-st., north of St. Clair-avenue, and making himself decidedly objectionable. In the scuffle Mrs. Donner's arms were severely injured. The magistrate remanded him to jail for a week.

SCARLET FEVER EPIDEMIC.

WINNIPEG, Jan. 3.—An epidemic of scarlet fever, which is apparently being controlled by the local health officers, is reported among the forest population between Leveson-Winnipeg and Manitoba, Woodlands, Toulon and St. Laurent being the districts principally affected. The provincial authorities are expected to send an appointed Dr. Musgrove. The principal difficulty is proper enforcement of quarantine among foreigners.

THE TWO POPULAR TRAINS FOR MONTREAL

Leave Toronto via Grand Trunk Railway System at 9 a.m. and 10.30 p.m. daily. The former train carries parlor, library car and dining car to Montreal, also through Boston sleeper. The day ride, with Lake Ontario or the River St. Lawrence in sight most of the day, is delightful, and it time permits, this is the train to take. The business man's train at 10.30 p.m. carries five or more modern Pullman sleepers to Montreal daily, also through Ottawa sleeper. These, equipped with a smooth roadbed, make right travel all that could be desired. Moreover, the Grand Trunk is the only double-track route to Montreal and a double-track line contributes to safety. Seating reservations and tickets at Grand Trunk city ticket office, northwest corner King and Yonge-streets. Phone Main 4200.

relied wholly on the free and untrammelled expression of the people, and while we got that all right, the objectionable three-fifths clause.

The chief organizer against local option admitted to-day that the situation was saved by the city vote which effectually swamped the Scarborough people. It is practically conceded already that of local option to present before the provincial government their views regarding some modifications of the objectionable three-fifths clause.

Majority for—110. Three-fifths vote necessary—582. Local option defeated by 42. Ballots rejected—35.

SAM FOOTE WINS OUT.

LEMONVILLE, Jan. 3.—(Special).—After a sharp but sharp campaign between Sam Foote was again re-elected for Whitechurch over Lemmon Baker. Foote's majority over Baker was 67.

AURORA.

Looks as Tho the Town Would Soon Rival Newmarket.

AURORA, Jan. 3.—(Special).—Every bylaw submitted to the ratepayers here on Monday was carried by sweeping majorities, that to guarantee a loan of \$10,000 to the Tannery Company going thru by a vote of 338 to 6. Another to grant an extension of the water rate from one cent to one and a half cents, the same company was likewise endorsed by an overwhelming vote. Another to expend \$5000 on concrete sidewalks went through by a vote of 338 to 6.

CHRISTIE'S.

G. H. Watson Kindly Remembered by His Class.

CHRISTIE'S, Jan. 3.—(Special).—A delightfully informal and enjoyable event was the visit of the members of Charlie Watson's Bible class on Friday evening to the home of Mr. and Mrs. Watson, where the reading of an address and the presentation of a beautiful memento were the features of the evening. Mr. Watson has been for some time the teacher of the Bible class at Christie's Church, and the address, which was read by Miss Tennison, testified to some slight measure of the happy relations between teacher and class. Following an evening of unalloyed pleasure in games and amusements of various kinds, refreshments were served, and the happy company dispersed.

The address was as follows: Dear Father: We, the scholars of your Bible class, have met here in this merry Christmas season to offer with our hearts with a small token of our regard for both yours and your interest in us. We feel that it is only just that we should show our esteem for you in our kindly thoughts of us all, both spiritually and socially, and our sincere wish is that we may meet again for many a Sabbath to come to the benefit from the many truths and helpful thoughts you have so ably given us. GREATEST OF WINTER SPORTS.
"For a host of business men," says The Morning Journal, "winter begins the day the ball parks close or the golf clubs are taken home. Some game should be invented that would keep men and women out of doors thru the winter."

The Journal is absent-minded. It forgets that royal winter sport, that noble pastime, that glorious exercise calling into play more muscles and more faculties than the baseball bat—which is a game played by proxy—the tennis racket or the golf club, that elevating—usually about two feet—and unselfish hour or two in the crisp and invigorating air popularly known as shoveling a path. Is there anything in all the realm of frost-land that so stimulates the person engaged in this beneficent and health-giving amusement? The blood tingles in his veins, the zero gives him the glad hand, with a sincere and unmistakable grip he is welcomed as an active member and lineal descendant of the husky children of the cold. It is sport of contradiction. While the impressive initiation gives him the thrill of the cold, it also confers upon him the gift of eloquence and he talks about many things with fluency and vigor, using with facile ease names of many kinds and of strange import. This is the vocabulary of the game and expresses excitement and the glee that comes from vigorous pitting of his strength against that of the storm king who has blocked his way to the main road, the barn and the chicken coop with those mysterious and wonderfully beautiful, complex and dazzling crystallizations of moisture that we know as snow flakes.

And after a half hour of this thrilling exercise, in which a few points have been scored against the wind, perhaps a local record made, what an intense appreciation of the joy of living comes over the player, enhanced by finding at the goal a hungry tramp contentedly waiting for the completion of the game in order that he may score an unearned run in the shape of a handout at the kitchen door.

And as you rest upon your shovel what a cheery ring there is to the smiling neighbor's "Merry Christmas!"

THE NEW FRENCH REMEDY THERAPION No. 3
This is a medicine (or disease) to which doctors give many names but which few of them really understand. It is simply weakness—a break-down, a loss of vitality, a loss of energy, a loss of the system. No matter what may be its cause (for they are almost numberless, the symptoms are all the same: the more prominent being sleeplessness, loss of appetite, depression of spirits, general loss of energy for all the ordinary affairs of life. Now, what is absolutely essential in all such cases is increased vitality—increased vigor—increased energy.

VITAL STRENGTH & ENERGY
Therapion is a medicine, and experience proves that as it gives you the life this may be more certainly secured by a course of

THE EXPILING LAMP OF LIFE LIGHTED UP AFRESH
and a new custom, an imparted piece of what had been lately secured went out, used up, and replaced. This wonderful medicine is suitable for all ages, conditions and conditions. In either sex, the main features are those of debility, that will not be speedily or permanently overcome by the recuperative process, which is destined to last into old age. Everything that has been tried in vain for this purpose, is now also obtainable in **DRAGS (TABLETS) POPPIE.**
