

For Beautifying and Preserving the Complexion, Removing Tan,
Sunburn, Freckles, and all Roughness of the Skin.

THE
Persian Beautifier

Changes the sunburnt face and hands to a pearly, satin texture of rare beauty, imparting the marble purity of youth, and the distinguished appearance so inviting in the city belle of fashion.

It removes tan, freckles, pimples and roughness from the skin, leaving the complexion fresh, transparent and smooth, and imparting that bloom to the cheek which is the desire of every lady and the admiration of the sterner sex.

If a Lady wishes to surround herself with admirers, she must not neglect her personal appearance. Beautiful women have been worshipped in all ages, and from present appearances are likely to be while the world lasts; and although some men may talk against the arts employed for retaining the fresh-

ness of youth, it is a fact that these same men are the first to withdraw their admiration of a lady if she is foolish enough to neglect her toilet by omitting the means placed within her reach for enhancing her beauty. As it is therefore so very necessary for the ladies to have a preparation of intrinsic value on their toilet, one that will give them perfect satisfaction and that is entirely free from anything poisonous or injurious to the skin, we would recommend them to use the *Persian Beautifier*. It imparts a youthful bloom and lively expression to the countenance; it softens the plainest features, and the roughest skin is made smooth and beautifully clear.

It is just what the ladies require to remove tan, sunburn, freckles, etc.; in fact it is the great secret of beauty, and very justly deserves the reputation it has sustained for years as being entirely free from anything poisonous or injurious to health or skin.
