

The encampment of the Gov. Gen. Body Guards, on Wells' Hill was visited, Lieut. Col. Dunn kindly pitched a tent, which was supplied with magazines, papers and leaflets, writing material. A bouquet of flowers with our card attached also decorated their mess room table, and these slight attentions were most kindly acknowledged.

This year Col. Otter made no objection to our distributing literature in Massey Hall for parade Sunday.

In response last year for funds for this department, the local Unions entered heartily into the work by contributing nine dollars and fifty cents. of this amount we had a balance to commence the year of three dollars and fifty-five cents. We trust that the Unions which have not responded to this year's appeal will see to it that your new Superintendent is well equipped for the work.

The expenditure this year has used all the seven dollars and forty-five cents contributed and more, which your Superintendent is pleased to donate.

The expenditure has been for flowers, postage, literature, receiver.

MRS. E. E. STARR,
Superintendent.
