The Central Federated Union, representing 50,000 organized laboring men in New York City, recently decided by an almost unanimous vote to enter the field of politics, to wage war against the enemies of trade unionism and to work for the election of only such men as are favorable to labor.

Provisions were made at the convention of the Amalgamated Window Glass Workers' Association in Cleveland recently looking toward consolidation with the Outlets and Pottery Association, which is strong in the Pittsburgh districts. "CANADA LIES WEST OF WINNIPEG"

American Newspaper Man Felt Like Christopher Columbus

---Wheat, Wheat, Wheat!

(Toronto News).

"I feel like Christopher Columbus when he discovered the New World," Edward J. Lowery, of the New York Evening Post, states that he has been journeying through the Canadian Northwest recently. He is a member of a party of eleven Washington newspaper correspondents, who, on the invitation of the Western Canadian Immigration Association, have been touring Canada's wheat belt. Mr. Ham, of the C. P. R., accompanied the newspaper men upon their trip of 7,000 miles over that country's lines.

"It will make a great story," said Mr. Lowery. "Why, near Indian Head we saw a stretch of wheat thirty miles long, six feet high, and good for 45 bushels to the acre. I'm told the wealth of Canada is assured so long as she has her wheat. 'Never had any idea of the extent of eleven Washington newspaper correspondents, who, on the invitation of the Western Canadian Immigration Association, have been touring Canada's wheat belt. Mr. Ham, of the C. P. R., accompanied the newspaper men upon their trip of 7,000 miles over that country's lines."

"I'm dizzy looking at wheat," remarked Irving C. Newwood, of the Washington Post. "Never had any idea of the extent of country you have up there."

D. Hastings McAdam, of the St. Louis Republic, when asked what impressed him most in the West, replied, "Wheat, wheat, wheat! Day after day, wheat, wheat, wheat! The object of the trip was to learn more about the West. Actually some of us knew more about the countries of Europe than we did about Canada. We didn't think there was much wheat in the talk of supplying wheat to a world market. Why, that country, I believe, produces more grain than the best Western States combined."

All agree on one point in the opinion that the Canadian Northwest has already reached a point of marvelous agricultural development, and that there are still vast possibilities.

Country Market. New potatoes are coming in plentifully now and are selling retail at 30 cents a peck or 75 cents a tub.

Butter and eggs continue scarce and high.

Blueberries are fairly plentiful, while raspberries are almost done. Gooseberries are still quoted at 15 cents a quart or 80 cents a peck.

Going to Jerusalem (Bangor Commercial).

At Jerusalem this fall is to be held by the Holy Ghost and the Society a feast of the Holy Ghost. For this season many of those at St. John are going at this time to the Holy Land. They expect to be away about December, when they will return and probably after others will go. The rumor still persists that Mr. Duffin, who has been at the head of the permanent headquarters of St. John to the west, is taking with him to the west the entire Durham colony.

One who is in close touch with St. John denies this, saying:

"There is no intention of removing any more there permanently than are at present on the ground. Sensationalism has to have something to talk about, and the fact that these people have a chance to see a little of the world can give imaginative people a chance to tell many things. I do not believe in the faith of Mr. Duffin, or anyone else for that matter, but we can at least rest easy on the fact that they are not drawing too freely on imagination."

Almost any girl can attract attention in an abbreviated bathing suit. Money is always hardest to get when you need it most.

The man who tells a girl that she is all the world to him generally has broader views and is more likely to be successful.

Some characters are like certain books. They are best appreciated before the leaves are cut.

Perhaps it is because they are seldom overrated that chorus girls possess such powers to charm.

The paths of glory lead but to the grave. Still, that doesn't give other paths any advantage over them.

Montreal Playgrounds

(Montreal Witness).

July was a great month for the playgrounds. Fourteen hundred children were in the playgrounds, and a teacher in swimming is always present to instruct beginners. Children who have not yet been there will be welcomed. The records for the other grounds are: Charlevoix, 1,880; Royal Arthur, 1,344; Berthelot, 789, and Montcalm, 433.

"I hear the tread of Pioneers, of Nations yet to be, The first low wash of waves, where yet shall roll a human sea."

Canada, with its wonderful resources, its numerous lakes and rivers, its marvelous beauty, its great opportunity for education, its delightful freedom, should be the pride of every true Canadian. If we could part the veil and look into the future, what would we see? One can hardly tell, but it is certain that a most wonderful future is in store for Canada, and the people who shall see the coming of this Empire, in whose crown Canada is the brightest jewel, with all its glory and the power.

"Canada is a great country, with limitless possibilities, and we believe the United States is called upon to surprise the world in the course of time. Let us be engaged in whatever we may, whatever our difference of opinion, but let us try to work with the end of building up this beloved Canada of ours."

Before Harlem Tommy Murphy and Spike Robson began their fight at the National A. C. on Monday night, Charlie Dwyer stepped into the ring and challenged the winner. A representative of Freddie Welch, the little English fighter, was also on hand, and turned in a deft. Murphy has not yet accepted the invitation.

Freddie Welch is an aggressive boy, and has entered the fighting game with the intention of getting all there is in it. He will be on hand when Kid Herman and Bennie Yanger fight on Friday, with a challenge to the winner.
