### PRICE RECOVERY SINCE THE SLUMP

Fifteen Stocks Which Averaged 9 Points Loss in January Recovered 5 Points.

(Montreal Witness, Wednesday.)  
 Since the great slump that took place in local stocks in the last week of January, there has been a pretty considerable recovery of much that was lost during that severe selling period. Prices have not by any means reached the level ruling previous to the "January slump," but the recovery has been steady and persistent. There is no doubt that prices were several points below their investment value towards the end of January, and a large volume of investment buying was induced to reach out for the bargains, with the result shown in the following table. It is seen that, notwithstanding the steady advance, the current quotations are still a long way below the level of this year. Canadian Pacific, during the slump, lost 15 points, and has only recovered 6; Power lost 6, and recovered 3 1/2; Montreal St. lost 21, and recovered only 8; Detroit lost 7 1/2, and regained 3 points; Coal dropped 8 points, and regained only 2; Iron preferred lost 16 1/2, and recovered only 6 1/2; 'Soo' common lost 27 1/2, and regained only 13 points on the steady rise of the past ten days. The only practical gain made by current quotations over the loss in January were in Nova Scotia Steel and Mexican Electric, the former advancing on a dividend declaration, and the latter on successful manipulation. It might also be mentioned that neither of these stocks were greatly affected during the January decline.

The appended figures show clearly that the fabric of market values, with practically no exception, is built upon a solid basis, which will be made equal to throughout the list of five to 15 per cent. the range depending entirely upon the manner in which each stock is handled. The table shows the increase in prices from the lowest point of the January decline.

### THE FISH TRADE IN MONTREAL

Supplies from Boston Selling at Very High Prices—Big Lenten Demand.

(Montreal Witness, Wednesday.)  
 The demand for all kinds of fresh, frozen, salted, pickled, smoked and prepared fish this season is quite up to the expectations of the trade, and indeed the enquiry is so great that a shortage has developed in many of the lines generally carried on this market. Fresh haddock is the variety in the supplies of which the most noticeable scarcity is reported, and the stock required to fill orders is being brought to Montreal from Boston and other outside markets. There are practically no frozen haddock here and a dearth of supplies in Boston has caused an advance in prices that very materially affects values in Montreal. The cost of the fish on pound, duty and express charges increases this by 2 1/2 to 3 c., the buyer has to pay for the package in most cases, and whether such charge is made or not there is an import duty of 25 per cent ad valorem on the boxes in which the stock

## Society

The week's events have been few in number, as is always the case at this season of the year, when, for a time at least, people refrain from the activities of social life, and make preparations for the events of the "Queen of Festivals."  
 Among the events planned for Easter-tide is a fancy-dress ball to be given by a lady who occupies a prominent position in local society circles.  
 One of the most pleasing functions of the past week was the gathering of the Knights of Pythias and their ladies at the York assembly rooms on Tuesday evening. The occasion was the forty-third anniversary of the founding of the order. The first part of the evening was taken up with an excellent musical and literary programme, in which there were vocal solos by Mrs. R. T. Worden, Mrs. Otto Nase and D. Witt Cairns; readings by A. E. McKinley, violin solo by Professor Bowden, selections by a string quartette composed of Messrs. Hoyt, Smith, Donald and Hoyt, and orchestral selections by Harrison's orchestra. The accompanist was Miss Bertha Worden.  
 Adjutant Alfred Dodge was the presiding officer and his address of welcome to the assembled knights and ladies was well received. The latter portion of the evening was spent with dancing, a programme of twelve numbers and several extras being provided. A dainty supper was served by Caterer S. W. Scamwell.  
 Many handsome and striking costumes were worn by the ladies, and their varicolored attire made a pleasing contrast to the black suits and uniforms of the knights. It would be impossible to describe all the costumes of the ladies, and it is sufficient to say that all were handsome, by and appropriately gowned and a general good time enjoyed.  
 The uniform rank knights are arranging for a public installation of the officers and inspection of the companies in the K. P. hall, Germain street, about the middle of March. The ladies will be invited on this occasion and an informal dance will follow the ceremonies.  
 The gentlemen's bridge whist party which was given last evening by the Neptune Club proved one of the most delightful functions ever held by the organization and those whose privilege it was to attend will look back upon it with a very great deal of pleasure.  
 The prize winners were C. S. E. Robertson 1st; Chas. S. Everett, 2nd; George Roberts, 3rd, and Walter Emerson, 4th. A substantial luncheon was served about midnight.  
 Mr. and Mrs. George West-Jones left this week for a visit to Boston.  
 Mr. and Mrs. William Kerr, Miss Margaret Kerr and Charles Kerr, left last Tuesday for British Columbia, where they will take up their residence. Miss Iona Kerr, who is at present in New York, will join them in the west. Quite a number of their friends gathered at the depot to wish them bon voyage and happiness in their western home.  
 Miss Annie Hanington, youngest daughter of Rev. Canon Hanington, will on Monday next be married to Wilton Moore. Miss Marion Cartwright and Miss Ruth Burpee, the bride's nieces, will be bridesmaids, and Charles Carter will attend Mr. Moore.
