If you let the simple cold run it will arely develop into something very serious, and perhaps consumption.

On the first sign of a cold or cough go to your dealer and procure a bottle of SKATING.

Alex Taylor, a famous fancy billiard player, arrived in the city yesterday from Halifax. He has a record break of burn Co., Limited, Toronto, Ont.

Bob Fitzsimmons to Box Soon The call of charity has brought together Bob Fitzsimmons, former heavy-weight champion, and his son, Robert, from whom he was estranged. The veteran fighter consented when he was asked to help a charity benefit at New York next-week, by contributing an exhibition bout, but looked dubious when it was suggested that Robert, Jr., should be his opponent.

A NEGLECTED COLD WILL VERY OFTEN TURN TO CONSUMPTION.

Never neglect what at first seems to be only a slight cold. Perhaps you start to cough, a little irritation in the throat ensues, then it gets lower down, settles on the lungs and bronchitis sets in, and you start to raise phlegm of a greenish, yellowish color, and you cough persistent-

Thorne, a well-known local speed skater, is in Boston training for the skating championships of New England which will be held there next week. His friends are confident that he will make a good showing, and are optimistic as to his success. Thorne is a good skater, although probably not the fastest among the local stars. It seems a pity that Charles Gorman and Henry Garnet could not have accompanied him.

NORWAY PINE SYRUP.

A few doses will convince you that it is just the remedy you require.

Mrs. J. W. Pearsons, Amherst, N.S., writes: "Some time ago my daughter had a very bad cough which settled on her chest. She had no rest day or might. I gave her everything I could think of, but without doing her the least but of good. At last I thought of Dr. Wood's Norway Pine Syrup, so I got a buttle for her. She had no taken half of it before she got relief, and with the remainder she was completely cured. Was Troubled With Choking Spells and Shortness of Breath.

When the heart becomes affected, there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, and dizziness and a weak, sinking, all-gone feeling of oppression and anxiety.

Many men and women drag along with weary step, and become worn out and haggard, when otherwise they could be strong and healthy if they would only pay some attention to the first signs of heart or nerve trouble. On the first sign of the heart becoming weakened or the nerves unstrung Milburn's Heart and Nerve Pills should be given a fair trial and you will find that they will soon correct both these organs.

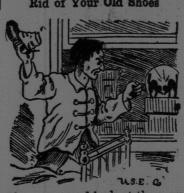

Mr. James Leard, Tryon, P.E.I., writes: "Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I had choking spells, and was troubled with weakness of the heart and shortness of breath. I tried three doctors but they all failed. A neighbor recommended me to try your pills, so I got a box and they helped me so much I have taken six boxes. I highly recommend them to all who are troubled with their heart and nerves. I was not able to do any work for over two years; now I can do quite a bit."

Milburn's Heart and Nerve Pills are 50 cents per box, 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Ca., Limited, Toronto, Ont.

we experimented with a seven-cent lunch for a week, "just to see how it really felt," should we even then comprehend? Is it not the psychological reaction of hopelessness and grubbiness that we cannot sense rether than emptiness from a meagre meal—the certain knowledge, which seven cents in one's pocket-book brings, that lunch can never go beyond the limits of breadand-butter and a cup of coffee?

"Sometimes I just long for a good thirty-cent meal," said one girl who was earning \$6 a week. "But I never have the price of it in my pocket-book. I get so tired of those twenty-cent dinners year in and year out that often I think I'd rather not eat at all."

It was this hopeless attitude towards life—the feeling that expenditure must forever be hedged about by petty savings; which to me stood out most prominently in the stories gathered from working girls by the New York State Factory Investigating commission.—Esther Packard, in The Survey.

James Hartman, employe in the baby-checking room at a New York department store, was almost mobbed by a throng of infuriated mothers when a mischievous youngster mixed the checks. A Newburyport resident, in one afternoon, visited three local inhabitants whose ages aggregated 288 years. They were Mrs. Abigail Morrill, aged 106; Mrs. Hannah Ingraham, 98, and Capt. Luther Dame, 89.
