Next—Notes of the Features

Commencing Monday, there being no I. C. R. Sunday trains out of St. John, the summer change of time on the Intercolonial Railway will go into effect, and it will be well for prospective travellers by any of the trains on Monday to assure themselves regarding their departure. There ought to be no fear of anyone missing the morning express for Halifax, No. 2, which will leave at 7:10, instead of 7, as at present. There is to be no change in the departure of any of the suburban, but the running time of some of them between here and Hampton has been altered slightly. Particulars of this will be given in a new issue of the suburban folder, which suburban residents can obtain from the customary sources.

No. 4 express for Point du Chene will leave at 11:20 and will, as usual, carry the through sleeping car for Montreal, which will be attached to the Ocean Limited at Montreal. No. 29 express, locally known as

the C. P. R., will leave at 12:40, and at Moncton will become part of the Ocean Limited express for Halifax. No. 8, the Sussex express, will depart at 3:15 as usual. No. 134, the connection with the Maritime express, will leave as usual at 18:30, but will make only four stops between here and Sussex. There will be no change in the departure of No. 10, the night express for Halifax.

The changes in the arrivals of trains are less extensive. No. 9 remains unchanged, and the suburban remain as at present. The Sussex train will continue to arrive at 9:00. No. 133 express, the connection with the Maritime express from Montreal and Quebec, will arrive at 10:40, as the Maritime for Halifax will pass through Moncton early in the morning. No. 25 express, which connects at Moncton with the Ocean Limited for Halifax, and with the day express from Campbellton, will continue to arrive at 7:20. No. 1 express, with the through sleeper from the Ocean Limited, from Montreal, will arrive at 13:35. No. 1 express from Truro and Moncton will continue to arrive at 21:30.

No. 4 express for Point du Chene will leave at 11:20 and will, as usual, carry the through sleeping car for Montreal, which will be attached to the Ocean Limited at Montreal. No. 29 express, locally known as

The Evening Chit-Chat

By RUTH CAMERON

ARE you one of those people who think that vices and virtues, or what commonly go by those names, are north and south poles? Because they aren't. You may think that you can put all the vices in one box and label them "vices," and all the virtues in another and label them "virtues," and set them side by side and that they will never jump over into each other's compartments. But they will.

We have as great a person as Goldsmith's authority for a character, "even whose failings lent to virtue's side." And we all know an unselfishness that is so extreme as to be selfish in its appropriation of all the self-abnegation in sight.

And there is also a less popularly recognized example, in the sympathy that is so exaggerated that it is decidedly more a vice than a virtue.

Which is what I started to talk about. It is this "sympathy" that starts and circulates and signs petitions to commute the life sentence of the convicted murderer.

There is in a Massachusetts prison a man named Jesse Pomeroy who is undoubtedly the type of degenerate. While hardly more than a child himself, he enticed two children away from their homes and cruelly tortured and mutilated them.

He was put in prison, but before long was released through the efforts of a "sympathetic" woman—I am sorry to admit it is more apt to be a woman who runs the vice compartments.

But they will. We have as great a person as Goldsmith's authority for a character, "even whose failings lent to virtue's side." And we all know an unselfishness that is so extreme as to be selfish in its appropriation of all the self-abnegation in sight.

DR. CARMAN IS EXPECTED TOMORROW

Encouraging Reports Submitted to the Methodist Conference at Sackville Yesterday Afternoon—Great Advance at Mt. Allison

Sackville, June 16.—The fourth session of the Methodist conference convened at 2 o'clock, Dr. Sprague in the chair. Rev. J. W. McConnell submitted the report of the board of trustees. The total receipts were \$380.89; total expenditures, \$300.00, leaving a balance of \$80.89.

Rev. C. W. Hamilton, of Salisbury, submitted the report of temperance, prohibition and moral reform committees. The receipts from the various districts were as follows: St. John, \$31.00; Fredericton, \$26.25; Woodstock, \$27.37; Chatham, \$28.05; Sackville, \$28.30; St. Stephen, \$27.25; Charlottetown, \$48; Summerside, \$33.50; total, \$453.47.

Rev. T. Albert Moore spoke on the subject of the Day Alliance work, and Rev. J. W. Allison on temperance and moral reform. A vote of thanks to each was passed.

The greetings of the Nova Scotia conference were received. The educational anniversary was held at 3 o'clock, Dr. Inch in the chair. Rev. W. G. Watson submitted the report of the educational fund, the receipts from districts were as follows: St. John, \$44.00; Fredericton, \$21.25; Woodstock, \$11.44; Chatham, \$10.30; Sackville, \$42.58; St. Stephen, \$38.35; Charlottetown, \$28.28; Summerside, \$19.25; total for the year, \$1,767. The total for the previous year was \$1,712.33, an increase of \$54.73.

The children's fund committee reported through Rev. James Crisp.

Rev. Dr. Graham, general educational secretary, gave a particularly strong and stirring address. There had been unprecedented progress, he said, in educational work during the last quadrennium. The income had grown from \$30,000 the first year of the quadrennium to over \$50,000, during the past year; \$117,000 had been raised in preceding quadrennium and \$188,000 in this quadrennium, an increase of 60 per cent. In the preceding quadrennium there were 480 probationers, in last 1,084; 89,000 had been paid in fees for probationers in preceding, and in last quadrennium, \$26,400. These figures, the speaker said, gave some idea of what was being done along educational lines.

Dr. Graham referred to the idea of summer supply, whereby students, studying for the ministry, were given work during the summer months. This scheme had been tried in a small way last year, and by far the best method is to give the boys a chance to work for Jesus Christ and pay for their education.

Dr. Allison, under whom many of the members of the conference were trained at Mt. Allison, followed Dr. Graham in a short speech.

Principal Palmer, of the Academy, was heard in an effective address. He told of the progress of the academy during the past few years, and pointed out that thirty-six additional students had been added to the academy residence three years ago, which in use last year, so great has been the increase in attendance. The time is now near at hand, he said, when more class room and residential accommodation will be necessary. Last year the total enrollment in the academy classes was 170, as against 148 in the previous year. The number of university matriculants was 21, as against 18 in 1909, and the number of graduates of commercial college was 47, this spring as compared with 37 in the previous year. He was also able to report that the debt of the institution has been decreased considerably.

Found an evangelistic service, led by Rev. James Strothard, was held.

OFFICIALS OF WIRELESS COMPANY ARRESTED

New York, June 16.—United States officials raided the handsome Broadway offices of the United Wireless Telegraph Company yesterday and caused the arrest of Christopher Wilson, president of the company; Samuel S. Bogart, first vice-president, and William W. Tompkins, president of the New York Selling Agency, which officers of the wireless company say was formerly their fiscal agent, but has ceased to represent them.

Chief Inspector Mayer subsequently gave out a long formal statement in which he charged that, although the company has been running at a loss, the price of its shares has been advanced by manipulation of the stock market, and that the officers of the company have sold out their stock to the general public at a profit estimated in one instance at between \$10,000 and \$100,000, with other instances in proportion.

Winnipeg, Man., June 16.—(Special)—If the charges of the United States post office against the United Wireless Telegraph Company in New York are true the shareholders scattered all through western Canada stand to lose a big sum, for R. A. Grant, agent for Manitoba, admits that he has sold stock in good faith and with implicit confidence in the president.

Fredericton Matters

Fredericton, N. B., June 16.—In the supreme court today the case of Manzer Gibson vs. The Toronto Construction Company, was completed; T. J. Carter for the plaintiff, arguing that there was evidence that C. H. Ferguson, with whom the plaintiff negotiated for the sale of the lumber, was an agent of the defendant company. F. R. Carvell was heard in reply. Court considers.

The case of Edmundson vs. Allen, appealed from York County Court, was also heard. J. D. Phinney, K. C., in support of the appeal, made objections to the judge's charge, contending that it would tend to improperly influence the jury. R. B. Hanson, contra. Court considers.

There are three more cases on the docket.

G. G. Hartley, of Daluth, who, with his son, Frederick, arrived in the city Wednesday, left tonight by I. C. R. for Gloucester county, where he is interested in iron deposits. Mr. Hartley's partner, it is understood, is at present in Gloucester county and will be met there by Mr. Hartley. A mining engineer in the employ of these gentlemen has been prospecting in Gloucester iron fields since the first of the year. Immediately after his arrival in Fredericton on Wednesday, Mr. Hartley repaired to Shogomoc, and visited his old home there.
