Why a man goes to the city proper to buy his furnishings and that's because he doesn't know that he can get the same goods that the best stores in the city handle right at this store at a saving of 10 to 15 per cent. on city prices, and save his time and car fare as well. When he investigates our claim "to match the city's best styles and beat the city's best prices," some store in the city loses a customer—and they're lossing more every season just for that reason. If you appreciate furnishings of character, you want to see our handsome new line of

Mrs. Michael Gray took the stand. She said that a man, whom she identified as the prisoner, came to her door about 11 o'clock Thursday night. He had his right arm in a sling at the time and asked to be directed to Mr Kelly's house. After she had shown him he asked for some matches, which she also supplied. She retired after he had left, and about twenty minutes later she heard her daughter scream. She went to the bedroom and was told that a man had reached his hand through the window and grabbed her daughter's hand.
