Stars of Former Year's Lost to Sussex

THE tocsin for hockey training for the Saint John entry in the Maritime Amateur Hockey Association has been sounded and the faithful will gather at the Arena on Monday night next at 8 o'clock for light workout exercises, according to a decision reached at a meeting of the executive Thursday night. While hockey organization throughout the entire province is in a horrible mess through the desire for a re-alignment of the teams and while the M. A. H. A. dreams blissfully on, the locals have decided to waste no more time watching developments but to get themselves in shape for the first ice practise which is expected within the next few weeks. For several nights a week from now until then, setting-up and conditioning exercises will be in the order paper for the club members.

PLENTY OF MATERIALS

Saint John has plenty of material this year for a sextette that should make things hum in the league this year. Among those planning on turning out Monday night include Phil Hallissey, Brad Gilbert, Jimmy Gilbert, Carl Fraser, Kiley, Boudreau, Al Monteth, Rathburn, Duffy, Hazen Short, Thompson, from Wolfville, and several others. This boy Thompson is just a youngster but he has made quite a name for himself and the local managements is hoping that he will show some real form this winter. The executive has a secret entry which if it materializes will give the locals a first-class centre man. They refuse, however, to divilge his name at present and they add he will not come from Sussex. With enough material for two teams, the league entry will get plenty of real reserves. PLENTY OF MATERIALS practise before the referee's whistle sounds for the opening game. Anyone desirous of trying to make the team is cordially lavited to the practises.

NEW YEAR'S GAME

MANY ENTRIES ARE **EXPECTED FOR MEET**

Many entries are expected for the Maritime indoor track and field meet to be held in the Arena on Friday under the auspices of the M. P. B. A. A. U. of C., which is being assisted by all local affiliated clubs. The entries will close tonight. W. E. Stirling, vice-president for New Brunswick for the M. P. B., announced last night that he expects many athletes from outside Saint John to take part in the different events and a meeting was held last night to further arrangements in selecting officials and committees.

The Arena management announced last evening that this afternoon between 2 and 6 o'clock the large rink space would be placed at the disposal of the entrants for the coming track meet. This will allow the local boys a chance to try out on the track and get in shape for the meet. The rink will also be open on Monday and Tuesday evenings for the same purpose.

URGE SUSPENSION OF RESIDENCE RULE

HALIFAX, Nov. 20—Adopting a resolution urging the Maritime Amateur Hockey Association to recommend the suspension of the residence clause thereby enabling hockey players of Haliafx to be eligible to become members of the Dartmouth hockey club, the City Hockey League executive last night unanimously approved of the proposal which has been so strenuously advocated by the amateur leaders of this city and district.

Along The Sport Trail

THE City Intermediate Football League title game this afternoon between the Canúcks and the Nationals rings down the curtain for rugby this year in what promises to be a bitterly-fought contest between two well-matched teams. These teams have been putting up a classy brand of football this year and should be even better than next year. Both these teams, if they will pardon the free advice, want to think of getting into senior company next year and giving this city a senior league, the winner of which would be entitled to play for the McCurdy Cup, emblematic of the Maritime championship. We undrestand that a great many of the members on both teams are away over the 18 year old limit but apparently in this game there is no age limit, outside of the schools. So long as these teams remain intermediate, they will not draw the patronage they deserve for the brand of football they can play. The three teams in this year's league, Wanderers, Nationals and Canucks linked up with the Trojans would give the city a senior rugby league that we are sure would draw very well at the gate. This is a matter that should be considered by the clubs involved if they wish to be progressive and alert to get into the limelight and thereby help the game along.

SOON they will be having as big crowds at American football as attend the English Cup finals. The Yale Bowl, it is announced, will play second fiddle to the Yankee Stadium next year when the 80,000 seats proposed are installed in the New York park. At that, "Red" Grange could fill it.

THE STEAMER that brings a sport contingent to Saint John from England on Saturday of next week in the form of a badminton party will carry a Canadian sport contingent back on her trip out of here on New Year's Day when specially-selected curlers from all parts of Canada will board the Montrose for their Scottish tour. The Montrose left England last Saturday with the badminton players. The Canadian curling team, which is paying a return visit for the trip made by the Scottish clubs here a few years ago, is composed of thirty-six players, embracing clubs from the Atlantic to the Pacific. They expect to arrive in Glasgow on January 8 and will immediately commence their tour. The Prince of Wales, it has been announced, will preside at the banquet to be tendered the Canadian players in Edinburgh early in January. From New Brunswick, the following are going: Senator C. W. Robinson, Moncton; F. C. Beatteay, St. Andrew's; J. S. Malcolm, Thistles; Elbridge P. McKay, Bathurst; Reginald K. Shives, Campbellton; while from Nova Scotia will be D. L. Fraser, Bridgewater; and A. A. Gunn, Pictou. The Prince, by the way, is president of the Royal Caledonian Curling Society.

MOTHER and daughter had an unusual shooting contest in England recently when they competed at Bisley. The mother won, 92 points to 87.

CONSIDERED the fastest man in baseball, Maurice Archdeacon, after another trial in the minors, will get a chance next year with the Washington Senators, American League champions. Archdeacon holds the world's record for circling the bases in 13 and 2-5th as stellar attraction for the week during which the big skating meet is being held here. The annual meeting of the association takes place on Thursday night of next week.

EUSSEX, Nov. 20—Chances do not look very bright at present for Suseex having a team in the southern section of the N. B. and P. E. I. Hockey League this season. The old championship team that done so much to put Sussex on the hockey map of the Marittmess is this year prefity well shot to pieces. Joe Lamb is located in Montreal, Fred Reid any Frank Hunter in New York, and rest week Jack Leelair, one of the Calling that so an all Eddy Brooks, who played spare, leave for Waterville, Maine, where they have secured situations, and will play hockey during the coming winter with the Waterville town team of the Maine League.

Sussex will, however, not be out of the running very long, for "Sill" Hay, Percy Radcliffe, Harold Radcliffe and Walter Friar of the old squad are still left in the dairy town, and with some new material that is in sight to be recruited from last winter's funlors, will be able to do the running very long, for "Sill" Hay, Percy Radcliffe, Harold Radcliffe and Walter Friar of the old squad are still left in the dairy town, and with some new material that is in sight to be recruited from last winter's funlors, will be able to do the season is very far advanced.

Illinois Captain Plays His Last College Game Today

URBANA, Ill., Nov. 21 - Harold "Red" Grange, most famous of all football stars, positively denied that he has signed a contract to play professional football, prior to his departure for Columbus to play his last game of college football. Ohio State will be the opponents of the Illinois eleven.

will be the opponents of the Illinois eleven.

The latest denial of Red Grange to charges, insinuations and affidavits that he is tainted with professionalism came after the famous red-head had tried to hide from reporters all day.

The tremendous interest throughout the country in what he will do to capitalize his reputation made out of the harrassed Illinois football player a besieged man today.

Therepon Grange, in desperation, issued one more denial of professionalism, as follows:

"They have nothing on me. I have not received a penny. I have not signed a contract. If Pyle were asked the same question he would give the same answer. I am getting sick and tired of these constant rumors about my signing contracts to do this and the other."

Calvin Bard, Indianapolis motion

The latest denial of Red Grange to charge to design a great game that is seldom featured on the sporting page. There are no nationally known figures—no stars. Yet bowling is considered the national indoor game of America. It is a game that practically everyone can enjoy. Partaking in this popular game does not require years of practice, nor does it necessitate a person being a modern Hercules.

The element of luck does not predominate in this game, but it is just enough of a factor to make the recreation intensely fascinating. Bowling is primarily a game of skill and science, and therefore develops accuracy and a keen, quick mind. It makes no difference how much one bowls—there are always some new combinations to solve.

Calvin Bard, Indianapolis motion picture representative, and Roy V. Crawford, Kokomo newspaper man, both denied today that they had seen contracts between C. C. Pyle, Champaign, Ill., theatre owner, and Red Grange, Illinois football star, calling for the latter's services.

Grange, Illinois football star, calling for the latter's services.

Both said they knew of them through Pyle's statements, and Bard said he had talked with Pyle and Grange and had understood that Grange would play football at Miami Beach on Christmas and with the Chicago Bears at Tampa on New Year's day.

His company, Bard said, is conducting negotiations for Grange's services as an actor, planning to co-star him with Syd Chaplin in a picture which he said, is being held up pending the signing of Grange.

Three contracts bearing the name of Harold "Red" Grange, University of Illinois captain, for the use of his name for publicity purposes, were described today in a sworn statement of E. P. Albertson, of Kokomo, Ind., before a notary public, and sent to "The Champaign News-Gazette."

Albertson's statement says that Grange's contract with Charles C. Pyle, theatre owner, reads that the football star is to get 45 per cent. of all income in connection with the use of his name. In the case of a sweater manufacturing company, the income was \$400. In another case, Grange's picture was taken with an Evinrude motor for advertising purposes. The other contract, Albertson's statement says, was with the King Feature Story Syndicate.
