REDISTRIBUTION BILL UP IN HOUSE

Nova Scotia Given 2 Members Less—West to Get Increased Number.

Ottawa, July 11—The Redistribution Bill, with its definition of constituencies, is now before the House.

Under the new Redistribution Bill, there will be 245 members in the House of Commons, and the unit of representation is 36,283. Nova Scotia gets 14 members instead of 16 in the present House. The reduction is made by uniting two present ridings of Hants and Kings, and by dividing Queens-Shelburne between Lunenburg and Yarmouth.

The constituencies in New Brunswick remain substantially as at present, though the present title of St. John City and Counties of St. John and Albert, is reduced to the shorter form, St. John-Albert.

The number of New Brunswick members remains at 11.

There is no change in Prince Edward Island, which has four members.

Quebec, being the pivotal province of redistribution, is unchanged with its 65 members; but there are some alterations in the distribution.

Ontario retains 82 members.

Manitoba under redistribution will have 17 instead of 15 seats.

Saskatchewan gets 21 seats, instead of 16. There are six new seats, Long Lake; Melville; Melfort; Rosetown; Willow Branch, and Yorkton, while Salt Coats disappears.

Alberta's representation is increased from 12 to 16. The new seats are:—Acadia, Athabeska, Camrose, Peace River, Vgreville, and Wetaskawin.

The ridings of Victoria and Strathcona do not appear in the new bill.

British Columbia is given an increase of one seat from 13 to 14. The additional goes to Vancouver, which is now to be divided into Centre, North and South.

The Yukon remains unchanged.

ST. JUDE'S HOLD PICNIC AT SEASIDE

St. Jude's Sunday School held its annual picnic yesterday at Seaside Park with an attendance of more than 200, including 50 children from the West Side Orphanage, who were accompanied by Miss L. Dawes, the superintendent. Rev. J. H. A. Holmes, rector of St. Jude's, assisted in the direction of affairs. Fran Griffiths, superintendent of the Sunday school, assisted by Leonard Maxwell, made an afternoon full of fun for old and young, with their management of the games and sports. Mrs. B. Edwards and Mrs. Harry Smith looked after the supper, which was greatly appreciated.

TAKEN ILL AT FAIR.

The city ambulance was called to the East End grounds last night about 8.30 o'clock to convey Joseph McIntosh to the General Public Hospital. The man, who is a returned soldier, was taken ill at the fair. After treatment at the hospital he was able to return to his home in Egbert street.

THEY WANT EVERY CORK LABELLED

Washington, July 12—The provision of the tariff law requiring that all imported commodities bear the name of the country of origin, is presenting knotty problems to the customs service, the latest of which has been brought forward by domestic manufacturers of corks, or plain bottle stoppers.

Certain home manufacturers have filed a complaint that foreign corks are not properly marked, and there have been hearings and legal arguments and much looking up of law and precedent. The claim was made that each cork must be labelled, and the treasury does not know what to do, for it does not see any way in which an individual cork can be identified.

U. S. WANTS ISLAND

Manila, July 12—The United States Government has entered into negotiations to bring under the U. S. flag Palmas Island, situated about 50 miles southeast of the province of Davao, Island of Mindanao.

Palmas Island was ceded to the U. S. by Spain in the treaty of Paris in 1898, but the Dutch flag which has flown over it for nearly a century, has never been taken down. Although the people of Palmas are virtually all Filipino origin and the island a part of the Philippine archipelago, the Dutch have assumed severeignty over the 500 inhabitants.

MRS. JOSEPHINE DOMINICK.

The Secret of Correct Dress

Being well dressed is really a matter of intelligent selection and not a question of money. Wealth has no monopoly on good taste. Costly things, because they have the mark of expense, are not necessarily right. It is not what you spend but what you buy that is going to make an attractive woman in public life, in business, or in your own home. A selection of the things that will enhance your personality—this is the secret of correct dressing.

"Well Dressed on a Moderate Income" is the title of a lecture-demonstration which Mrs. Josephine Dominick will give at Chautauqua on Wednesday afternoon. It is a study of the fundamentals of good taste in dress or, rather, a fine sense of the fitness of things.

This lecture is illustrated by living models which help to visualize the principles emphasized. The lecture is not propaganda for a dress reform movement, but rather gives constructive principles of art that are applicable at all times and to all people.
