

RING OF PHONE STARTLED HIM

Nervousness and Other Troubles Overcome by Tanlac, Says Quebec Man.

"Well, sir, this Tanlac has certainly done me a world of good, for I'm eating better, sleeping better and working better than I have in a long time," said Rene Carrier, 84, Sherbrooke, Quebec. "I suffered so with indigestion that I hardly knew what it was to eat a meal without almost doubling up with pains in my stomach. I had no appetite and generally went to work without eating any breakfast. I was so nervous that the least noise like the ringing of the telephone would startle me and the least exertion would cause me heart palpitate at a fearful rate. My condition was so bad, I neither could eat, sleep, nor work with any satisfaction. Tanlac did a friend of mine so much good I decided to try it and the very first dose I could feel an improvement, and by the time I finished my fourth bottle I felt like a different person. My appetite is splendid. I eat three hearty meals every day, the heartiest being breakfast and never suffer the least bit afterwards. My nerves are as steady as they ever were, and I sleep soundly every night. My work is a pleasure and in fact I'm in the very pink of condition. Tanlac is great."

CLEARING UP COLLISION CASES

London, April 9.—(Associated Press, by mail).—Within a few weeks the last of the cases resulting from war-time collisions between United States naval vessels and those of the British Ministry of Shipping will have been definitely settled, responsibility fixed and damages awarded.

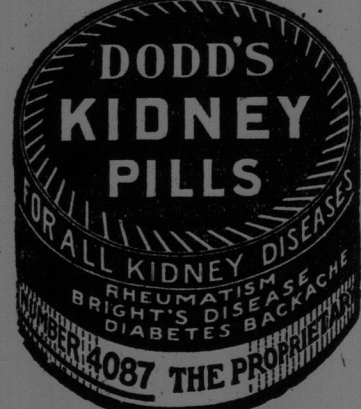

In October, 1919, the British and American governments agreed to the establishment of joint arbitration boards to adjudicate these cases, one to sit in Washington, the other in London. Cases relating to collisions occurring west of the 80th meridian were to be heard in Washington; those east of this boundary, in London. From their decisions there was no appeal.

The object of their establishment was the speedy, equitable settlement of disputes without resort to the usual time-consuming and expensive legal battles before admiralty courts.

So satisfactory to both governments have been the decisions of the London board that the Washington tribunal has been disbanded and the cases awaiting its attention transferred to the London board for disposition. This was due partly to the belief that the London board possessed better facilities for the handling of such problems.

The president of the London board, Butler Aspinall, a distinguished British authority on admiralty matters, was chosen by the American government and approved by the British authorities. W. Norman Reburn, a barrister, and Captain Francis C. L. Andrews of the British navy, and two Americans, Commander Harry L. Pence, acting naval attaché of the American embassy, and Commander Robert K. Wright, a member of the New York and Pennsylvania bars, are the other members of the board.

ST. DAVID'S W. M. S. The W. M. S. of St. David's church held a "birthday" social gathering in the schoolroom yesterday afternoon and the collection taken represented either a \$1 contribution or a subscription of one cent for each year of the age of the member. The sum of \$45 was realized and will be used for missionary purposes. The afternoon was spent very pleasantly in social intercourse and a short musical programme also was enjoyed. Mrs. J. Hutchinson was the vocalist, and Mrs. Alexander Watson presided. Refreshments were served at the close of the meeting.

NEW BRUNSWICK CHILD WELFARE ASSOCIATION

Fredericton, April 27.—The New Brunswick Child Welfare Association was formed here this afternoon at a public meeting held in the Fraser Memorial Hall. Dr. Helen McMurich, of Ottawa, chief of the child welfare division of the federal health department, who was the chief speaker at the meeting, congratulated New Brunswick upon being the first province of Canada to form a provincial child welfare association.

Officers elected for this organization are: Patroness, Mrs. William Fugle, wife of his honor the lieutenant-governor; Rothsay; honorary presidents, Rt. Hon. the Countess of Ashburnham, Fredericton; Dr. C. C. Jones, chancellor of the University of New Brunswick, Fredericton; president, Mrs. W. A. Ferguson, Moncton; first vice-president, Dr. Doris Murray, St. John; second vice-president, Mrs. W. G. Clark, Fredericton; third vice-president, Mrs. David Martin, St. John; fourth vice-president, Mrs. Charles Comben, Woodstock; fifth vice-president, Mrs. N. Marks Mills, St. Stephen; secretary, Miss Katherine Stewart, Fredericton; treasurer, G. A. Taylor, Fredericton. Remaining members of executive are to be selected by the officers.

There was a representative attendance when the meeting opened. Mrs. W. T. Whitehead, of Fredericton, was in the chair. Hon. W. F. Roberts, minister of health, Dr. G. W. Melvin, Dr. W. H. Irvine and others were upon the platform. Mrs. Whitehead made a brief introductory address, stating the object of the gathering and the importance of the necessity of prevention rather than cure, and the general value of public health.

HEAVY FINE FOR IMITATOR OF NUXATED IRON

Imposed by United States Judge

A heavy fine for violation of the criminal law for selling and trying to "pass off" on the public, fraudulent imitations of Nuxated Iron has been imposed by the United States judge in Chateauguay, Que.

Nuxated Iron is an organic iron product, like the iron in your blood and like the iron in spinach, lentils and apples, while the iron which people usually take is metallic or mineral iron and can be absorbed by the body. Nuxated Iron, as mineral iron is iron just as it comes from the action of strong acids on small pieces of iron. On account of the large sale of Nuxated Iron—it being estimated that over 4,000,000 people annually are using it—imitators found in it a fertile field for their fraudulent work.

Note—Nuxated Iron has the largest sale of any tonic or blood builder in the world. It will often increase the bodily and mental vigor of weak, nervous people in two weeks' time. Your manufacturers if you do not obtain perfectly satisfactory results, Nuxated Iron comes in tablets—never in liquid form. Beware of substitutes. Look for the word "Nuxated" on every package and the letters N. I. on every tablet. For sale by all druggists.

She Suffered For Twenty-Two Years

NOW SHE PRAISES DODD'S KIDNEY PILLS

Madame Georges St. Laurent Advises All Who Have Bright's Disease to Use Dodd's Kidney Pills and Get Satisfaction.

St. Joachim, Gaspe Co., Que., April 27.—(Special).—Dame Georges St. Laurent, a well-known resident here, never tires of singing the praises of Dodd's Kidney Pills.

"For twenty-two years," Dame St. Laurent states, "I suffered from Bright's disease. I spent a lot of money and tried many remedies without getting any lasting benefit. Today I am a different woman and I give Dodd's Kidney Pills the credit."

"I recommend everyone suffering from Bright's disease to use Dodd's Kidney Pills. They will get satisfaction." Bright's disease is one of the most serious forms of kidney disease. It has been successfully treated with Dodd's Kidney Pills, as Madame St. Laurent's case shows. But the better way is to guard against such diseases as rheumatism, dropsy, diabetes and Bright's disease by using Dodd's Kidney Pills when the kidneys first get out of order.

Ask your neighbors if Dodd's Kidney Pills are not the greatest of all kidney remedies.

RECOMMEND NEW HOSPITAL UNIT AND EPIDEMIC

After making a survey of conditions at the General Public hospital, Doctors W. E. Rowley, L. M. Current, M. P. P., and Stewart Skinner submitted a report to the municipal council committee at a meeting held in the county secretary's office yesterday. They recommended the building of a new epidemic hospital, and a new hospital unit proper at an estimated cost of \$325,000. They advocated the erection of an epidemic hospital near the site of the present building, with accommodations for sixty patients. They also recommended the building of the new unit 100 feet by forty to the east end of the present building. The report was referred to the board of health commissioners; the proposition will then be referred to the municipal council.

DIOCESAN W. A.

The meetings of the diocesan W. A. were continued yesterday afternoon. At the noon hour, luncheon was served to the visiting delegates by the branches of St. Mary's, St. James' and Trinity churches. Miss Bashford of Saskatoon addressed the delegates after luncheon and asked for support of the Church Teachers' Hostel in Saskatoon. She told of the great work being done by the missionary teachers. Group conferences were held during the afternoon and were presided over by Miss Portia Mackenzie, Mrs. G. C. P. McIntyre, Mrs. John M. Hay and Mrs. James F. Robertson. Many of the delegates took the opportunity of visiting the Red Cross rooms in Prince William yesterday afternoon, when they were received by a committee of ladies. Miss Harris, returned missionary from Cairo, Egypt, was the speaker at the meeting in the evening, and gave a comprehensive survey of the work there, ending with an appeal to the people to pray for the success of the work among the Mohammedans.

Mr. Herbert Osborn Tells How Cuticura Healed His Wife

"My wife began to be troubled with itching and burning of the palms of her hands and the soles of her feet. Later the skin cracked and became inflamed, making walking or even standing very painful and preventing sleep at night. Later it became necessary to bandage both hands and feet."

"She was treated but obtained no relief. She saw an advertisement for Cuticura Soap and Ointment and sent for a free sample. She bought more and started using two cakes of Cuticura Soap and two boxes of Cuticura Ointment she was healed." (Signed) Herbert Osborn, 135 Sherbrooke Ave., Ottawa, Ont., Sept. 2, 1919.

Cuticura is ideal for every-day toilet uses. Soap to cleanse and purify, Ointment to soothe and heal. Soap 25c, Ointment 25c and 50c. Sold throughout the Dominion. Canadian Depot: Lyman, Limited, 31, 33, 35, St. Montreuil St., Montreal. Cuticura does clean without soap.

DELEGATES TO CONFERENCE WITH LABOR MINISTER

W. J. Crawford, secretary of the St. John branch of the Canadian building and construction industries, has been appointed by the federal Department of Labor as delegate to the joint conference of the building industry and of the international trades unions, which is to be held in Ottawa, beginning May 8. It was announced at a meeting of the local branch of the C. B. C. L. held in the Board of Trade rooms last night.

George H. Waring was elected by the local branch as its representative at this meeting at which delegates from all over Canada will meet as a national industrial conference, with the minister of labor presiding.

A unanimous vote was passed at last night's meeting in favor of the apprenticeship and craftsmanship clause, because it was held that in the near future competent mechanics would not be available in the building trade.

F. C. Robinson, vice-chairman of the Workmen's Compensation Board, addressed the meeting on the working of the act.

LEGLESS MAN DEAD

St. Paul, Minn., April 28.—Michael J. Dowling, banker, of Olivia, Minn., famed for his success in life after losing both legs, an arm and hand in his early boyhood, died here recently. He was fifty-five years old. Following the signing of the armistice, Mr. Dowling made an eight months' tour of England, lecturing on disabled war veterans, and rehabilitation problems, at the request of the British government.

For the last two and a half years he had been touring this country in the interest of war wounded. Death was caused by heart disease, superinduced by exertions on this lecture tour, physicians said.

Those Nasty Little Pimples That Come On The Face

Are Caused By Bad Blood

Many an otherwise beautiful and attractive face is sadly marred by the unsightly pimples and various other skin troubles caused wholly by bad blood.

Many a cheek and brow cast in the mould of beauty have been sadly defaced, their attractiveness lost, and the possessor of the "pimply face" rendered unhappy for years.

Their presence is a source of embarrassment to those afflicted as well as pain and regret to their friends. There is an effective remedy for these facial defects and that is Burdock Blood Bitters, the old reliable medicine that has been on the market for over 40 years. It drives out all the impurities from the blood and leaves the complexion clear and healthy.

Mrs. James Williams, Watford, Ont., writes:—"My face was covered with pimples for nearly a year. I used different kinds of remedies to get rid of them and finally thought there was no relief. A friend dropped in one day and told me I should try Burdock Blood Bitters. I did so and used three bottles, and found the pimples were all disappearing from my face, and now I have a clear complexion again."

RIGA WATER RELIEVES HABITUAL CONSTIPATION

BURGLARS DRILL UNLOCKED SAFE

Force of Habit Overcomes Common Sense—Turn of Handle Would Have Saved Time and Work.

Whitby, Ont., April 28.—Though their safe has not been locked for two years, Smith Bros., grain dealers, discovered that "yegg men" had gone to the trouble of drilling holes at either side of the combination. Evidently they had been disturbed before they had a chance to use the "soup."

Last summer burglars, not so skilled as the last visitors, pounded the knob off the combination without attempting first to open the door.

Only books and papers are kept in the safe. So that they will not be put to the expense of repairing the work of "yegg men" every few months, Smith Bros. decided today to paint the following sign on the door: "This safe is not locked. Turn the handle and open the door. Please don't try to break it open."

HEALTH THE KEYNOTE TO BEAUTY

Beauty means so much to women—power, social triumph, admiration and love. Beauty implies good health. Who ever saw a woman racked with pain, struggling with weakness or disease, who could be called beautiful? The woman of today in this high-strung, nervous age is continually overdoing, with the result that ill-health, which is the enemy of beauty, unchecked, will ruin all chances for her happiness. The natural restorative for such ailments is Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been recognized as a standard remedy for women's ills, and has done much to relieve pain and restore good health to women.

WANTED THE EXCHANGE

Woodstock Press.—A party of three men and two women, considering the worse of liquor, driving a Ma car, visited the exhibition grounds Wednesday afternoon, drove into, and took part of the fencing and tried make a get-away for home. Cl Kelly took an auto and caught them near Jacksonville. He dealt lenient with them and collected \$10, the amount of the damage done, but he was shot when one of the women asked him to return the amount of exchange the \$10 American bill. Her nerve was surprised the chief, but he allowed the party to continue on their way.

KRUPP SECURES U. S. PATENTS

Secretary of War Weeks Sends Letter of Protest to Senate.

Washington, April 28.—German citizens have obtained 201 patents pertaining to ordnance from the United States Patent Office since last July. All of these patents have been assigned to Frederick Krupp of Essen, Germany. Secretary of War Weeks sent this information to Congress today in a letter appealing for legislation to protect the United States from the danger of German patents. The letter was addressed to the president of the senate.

The letter says, in part: "It seems to be significant that out of twelve patents selected at random from the above-mentioned 201, six pertain to railroad artillery, and embody many of the principles of our own railroad ar-
