### BILLS BEFORE COUNTY COUNCIL

Nurses' Home, Indiantown-Lancaster Ferry and Police Protection for County, Among Matters to Be Dealt With.

Several matters regarding proposed legislation were taken up at a committee meeting of the municipal council, held in the county secretary's office this morning. The meeting will be continued this afternoon. Warden Bullock was in attendance.

The first matter dealt with was a bill relative to the nurses' home. After some discussion the first and second sections of the proposed bill were struck out. These provided for the conducting of a training school in connection with the hospital and that the school be under the direct control of the commissioners. The remaining sections have to do with the erection of the home, the issuing of bonds, in payment and the annual assessment for maintenance of the home.

Another bill provided for the provision and operation of the Indiantown-Lancaster ferry. Another was an act to enable the municipality to secure sites for industrial purposes and provide for the expropriation of private property.

A bill was read relating to the rates and taxes in Lancaster and has to do with the assessment on houses and power vehicles and provides for the obligation of payment of penalties for damage done to the highways.

Another bill of importance to people in the outlying districts in the county was an act to provide police protection for the county, the establishment of police districts by resolution and to arrange for assessments to meet the expense of constables.

An amendment to the hospital act was also read. This related to the St. John County Hospital and provided that the county secretary may negotiate a loan, when no funds are on hand to meet the claims of the hospital against the county.

These bills, if passed upon in committee, will be brought before the meeting of the municipal council this afternoon.

### MAGISTRATE SPEAKS ON THE LAW RE STRIKES

While waiting for the resumption of a case in the police court this morning the magistrate said he wished to make public the law regarding strikes. He spoke of a man who follows a person working in a strike's place. He says one cannot call the worker names nor follow him as that might lead to a disturbance as was the case when Harris a plumber, was murdered a few years ago. Sub-section C of section 501 of the criminal code the magistrate read as follows: "Any one who persistently follows another person about from place to place in order to cause him to do or refrain from doing any act is liable to a large penalty." The penalty as stated in the statute is \$100 or three months in jail.

### POLICE COURT

In the police court this morning, Mrs. Laura Golding, colored, aged twenty-one, alias Beattie McIntyre, who was arrested in Halifax, last week and sent back to this city on the request of the detective department, was charged with stealing an overcoat, suit of clothes, a hat and pair of boots, valued at \$48, the property of Frank Jackson, colored, 59 Chapel street. She pleaded guilty.

It came out that she was keeping house for Jackson and last week she disappeared, taking the clothes with her and went to Halifax, where she dressed in men's clothes. The detectives asked that she be remanded for examination as to her mental condition.

Edward MacKay, Austin Gavin and Edward Aleneau, were charged with fighting in the street and being drunk. They pleaded guilty and said they had been at a party. Policemen Corner Coughlin gave evidence. A fine of \$20 or two months in jail for fighting and as or two months for the drunkenness was imposed on each. They were given in charge of Inspectors McAlinsh and Kerr, who questioned them as to where they got the liquor, and as a result of their efforts MacKay was charged with supplying liquor to Gavin, and the latter was charged with drinking in public. Both pleaded guilty, but were reluctant to tell where they obtained the liquor, but said they paid \$5 for it. They were remanded to try to think of the man's name.
