Keep the Air Moist and Healthful By Using The Radiator Humidifying Pan

Breathing super-heated, dried indoor air produces more headaches, colds, La Grippe and Pneumonia than all other causes combined, declare leading health authorities.

Artificial heat, coming from steam and hot water radiators dries out most of the moisture of indoor air, preventing the natural in-flow and out-flow of moisture the human body should have.

THE RADIATOR HUMIDIFYING PAN offers a natural relief from the injuries of impure indoor air. When filled with water and placed on the back of any steam or hot water radiator, between the radiator and the wall, out of sight, it evaporates the water, rapidly converting the dry, vitiated indoor air into a moist, healthful atmosphere that Nature requires and good health demands. The Radiator Humidifying Pan is made of **HEAVY GALVANIZED IRON, TO FIT WIDE OR CLOSE PIPED RADIATORS.**

Price \$2.30 Each

LOCAL NEWS

FOR THE BELGIANS.
 Contributions of \$5 from Rev. J. L. Shanklin, Belleisle Station, and of \$1 from a friend have been received by Mayor Hayes for the Belgian relief fund.

IN NEW OFFICE.
 Commissioner Flanagan and his staff are now occupying the ante-room of the mayor's office in city hall as a temporary office until permanent quarters in the city building can be secured.

TO MEET SIR ARTHUR PEARSON
 Lieut. J. F. Smith is to leave for Montreal tonight there to meet Sir Arthur Pearson, founder of St. Dunstan's College, England, a world famed institution for the gallant men who lost their sight in the war. It is Lieutenant Smith's hope to arrange for vocational training at St. Dunstan's.

WANT VETERAN AS CHIEF.
 Mayor Hayes received this morning a communication from G. B. Logan, president of the G. W. V. A. enclosing a resolution adopted by the association last evening to the effect that the vacancy caused by the resignation of the chief of police should be filled by the appointment of a returned soldier.

AGREEMENT RECEIVED.
 A. H. Harris, director-general for the British ministry of shipping in Canada, has written to Mayor Hayes expressing thanks to the latter for forwarding the agreement between the ministry and the longshoremen's association and the coal handlers' union, which was signed by the officials of the unions and witnessed by the mayor.

LEND-A-HAND OFFICERS.
 At a meeting of the Lend-A-Hand Circle, King's Daughters, held in the Guild building, Chipman's Hill, last evening, the annual election of officers was held with the following results: President, Mrs. H. Colby Smith; first vice-president, Mrs. Walter H. Golding; second vice-president, Mrs. Grant; secretary, Mrs. H. M. McAlpine; treasurer, Mrs. Edith Stevens. Committees for hospital and other work were appointed.

TRAVELERS WILL HELP.
 Representatives of the Commercial Travelers Association have volunteered to aid in the thrift stamp campaign and, at their request, arrangements have been made for a meeting to be held in this city within a few days at which Sir Douglas Haas will explain the national war savings and thrift stamp movement. The intention is to have the scheme explained in detail to the commercial men so that they, as they travel about the country, will be able to aid the movement by explaining its purpose to those with whom they come in contact and put in a word for the scheme as they have an opportunity. However, a new force shown great energy and ability in promoting all kinds of patriotic movements and the committee is a reliable contribution.

COLONEL BIRDWHISTLE ALWAYS A BUSY MAN

His Visit to St. John—Speaks of War Relief Work

Lieut. Col. Richard J. Birdwhistle of Ottawa, secretary of the centralized war relief organizations for Canada, which embraces both civil and military bodies, also founder of the Boy Scouts in the dominion and national secretary of the St. John Ambulance Association in the city, and will be in the maritime provinces on a tour of inspection and supervision for a week or so.

Speaking to the Times relative to the trans-Atlantic shipments of soldier comforts and other relief, the colonel said the bulk has greatly decreased since demobilization commenced and the men are en route home. However, a new force of work along these lines has cropped up in the Siberian shipments via Vancouver. Col. Birdwhistle returned from the front in October, but his work is really never done.

The St. John Ambulance Association is not a local organization as the name might imply, but is the aid and honor able name for the pioneer first-aid body represented at the great Geneva convention when Red Cross work was started and internationalized. It belongs to the Order of St. John and is a sacred thing in Red Cross work. There is a national branch of this association in Canada with provincial branches or councils. Of the N. B. council, Miss Lilian Haas of this city, now in Sussex, is secretary-treasurer and Dr. W. W. White is president.

In the near future Col. Birdwhistle will have exhibited three reels of motion pictures vividly illustrating the treatment of injured people in civilian life with actual accidents, etc., even up to a train wreck. This will be given in a local theatre at a convenient hour for air war workers, nursing bodies, Boy Scouts, High School pupils and others interested.

The visiting Red Cross man is a familiar figure in Canada. He is an experienced newspaper man of prominence, the secretary of Blaisy shooting teams from Canada for several years and identified for a long time with the prominent theatrical activities of Ottawa and Upper Canada.

THIS IS TAG DAY

Apparently a Ready Response Being Made to Jewish Appeal

With efficient organization and a most commendable spirit of aggressiveness, the Jewish ladies of the city are conducting a tagging drive today in aid of permanently injured Hebrew soldiers in the allied armies, also dependent widows and children. By noon hour the lapsels of half the town were decorated with the blue star Hebrew emblems, and more are being taken this afternoon and evening.

The Great War Veterans' Association rooms, Wellington row, have been kindly handed over as headquarters for the workers, and under the management of Mrs. Lisle Isaacs a corps of ladies are looking after the circulation of contribution boxes and also the serving of lunches for the taggers.

The captains in charge of various units, delegated to all parts of the city include Mrs. Joseph Goldman, Mrs. J. Jacobson, Mrs. B. Jacobson, Mrs. I. Elman, Mrs. William Weisberg, Miss Celia Cohen, Mrs. M. Grossweiner and Mrs. Harry Jacobson.

The funds being raised today will be forwarded to a central committee in Montreal for further transmission overseas and throughout Canada.

KEEN BIDDING FOR FISHERIES

Sale Brings Total of \$1,600 Less Than Last Year

Drop in Courtenay Bay Lots Accountable for This—Total Receipts From the Sale Are \$11,044.10

Local fishermen evidently are expecting a good season this year, judging from the bidding at the drop in the Courtenay Bay fishing privileges this morning in the court house. Competition was keen and the bidding at times was spirited. The understanding which prevailed among the fishermen several years ago by which there was little competitive bidding and each man was allowed to secure the lots he wanted at his own price has entirely disappeared and in most cases the man who wanted a lot bid for it. One result of this condition is that many of the lots will change hands this year.

The fishermen were well supplied with money and the plethora of rolls which were produced to settle for the sales showed that there was cash to spare in the crowd. Most of the payments were made in cash and by the time the sale was concluded the city chamberlain had a whole drawerful of bank notes of large denominations. A few produced certified checks to pay for their lots, but these were greatly in the minority.

When the total was counted it was found that the city had received \$11,044.10. This is \$1,600 less than was received last year, but the difference is due to the drop in the Courtenay Bay lots, which sold for \$3,000 less than was received in 1918. The other lots averaged better prices than before. Last year's receipts broke all records. The total receipts only four years ago were \$1,802.

The mayor and city commissioners were present as members of the fishery committee. P. L. Potts conducted the auction, and the common clerk, H. E. Wainwright, the city chamberlain, D. C. Langley, and his assistant, A. G. McMillan, were present to aid in the conduct of the sale. A large number of fishermen were present, besides some interested spectators, and there was considerable good natured chaffing as the sale proceeded.

At the conclusion of the sale, J. Fred Zatzman spoke to some of the commissioners and protested that the city gave no guarantee and afforded no protection to the purchasers. One of the commissioners suggested that the matter might be taken up in committee, when complaints could be heard, but Mr. Belyea said he would not attend such a meeting.

The result of the sale today, with last year's receipts for purposes of comparison, are as follows:

GREETINGS FROM HISTORIC MONS.

George A. Stephenson, drummer in the Opera House orchestra and employed also with Brock & Paterson, Ltd. before coming to war, sent cards of holiday cheer from the city of Mons in France, the historic place of early war struggles. George has carried on wonderfully well with the artillery and will be a veteran in due time when he comes back.

FOR VISITING OHLANGEMEN

A reception was held in Orange Hall, Germain street, last evening in honor of Rev. K. H. Palmer of Guelph, Ont., who arrived in the city to address public meetings in the interests of the order.

Heat Wherever You Have A Lamp Socket

Think of the handiness of this "Majestic" Electric Heater—wherever you have a lamp socket, there you have a heater all set up and a nice heat, simply by connecting up the Majestic and turning on the switch.

The "Majestic" gives three and a third more heat than any other similar device on the market, and at the same time consumes no more current.

One minute after turning on the switch, the "Majestic" throws an intense, clean and odorless heat—no smoke, no ashes, no bother. When the room is the desired temperature, turn off the current. Price is \$10.00
