**MAKES ANOTHER
RECORD FOR PORT**

Big Fish Express Shipment
Here Week-end—Bustle
at Sand Point.

Another record was established at this port last week when the C. P. R. Express brought across the Bay more than 38,000 pounds of wet fish for the Dominion Express. The consignment consisted of 167 large cases, for Montreal and points in eastern Canada. The fish was mostly haddock.

Gain For Year

The Dominion Express foreign department report that during the last year their general passenger business from the United Kingdom totaled 1,980,000 pounds. This was destined to points throughout Canada and elsewhere. This is an increase of eighteen per cent. over the previous year. It is interesting to note that a large percentage of these shipments came through the port of St. John. The consignment consisted of gloves, glass, stationery, cutlery etc. Over the week end alone there were four car loads of express handled from the Canadian Pacific steamships Melita, Montclair and Marburn.

Good Cargoes

In addition to the large movement of express matters C. P. R. liners brought nearly 8,000 tons of general cargo to this port from Friday night until Sunday morning. The S. S. Brecon had more than 2,000 tons, the Melita 2,400 tons, the Montclair more than 2,000 tons and the Marburn 1,300 tons. There was also a heavy mail consignment. It required four cars to forward it.

In addition to handling the cars of mail and express there were also a number of cars required to handle the baggage and 84 passenger coaches to convey the returning Canadians and the new settlers to destinations throughout the Dominion. This heavy movement of passengers and the large quantity of general cargo, mail, express and baggage started Friday evening and yesterday at 1 o'clock the last train pulled out conveying the passengers from the Marburn to destinations chiefly on the prairie lands in the west.

**MORE PLANS OF NEW
HOTEL ARE COMING**

Architects' Representative is
'Bringing Further Particulars Tomorrow.

Word received in the city this morning was to the effect that Gilbert Townsend, representative of Ross & McDonald, architects of Montreal, would be in the city tomorrow at noon. He is bringing with him detailed plans and specifications of the plumbing, heating and electrical installations in the new Admiral Beatty Hotel and will then be ready to talk over with the contractors of these lines matters in connection with tenders for the work. Although tenders are being asked for the whole job and it is expected that at least nine general contractors will submit bids for the complete work, firms desirous of submitting tenders for part of the work are being accommodated and in many cases are sending prices for sub-contracting to the main contractors who propose undertaking the whole job.

**STRUCK BY AUTO;
IS UNCONSCIOUS**

Mrs. Geo. Mitchell in Hospital;
Companion's Identity Unknown.

Mrs. George Mitchell of 213 Prince Edward street, was seriously injured when struck by an automobile in Rothery avenue last night. She was walking along the highway when an automobile, driven by George Thomas, struck her and threw her forcibly to the pavement. The woman was accompanied by a young man who also had apparently been stunned, but after being placed in an automobile he disappeared and his identity is still unknown.

The driver of the automobile and the other occupants went to the police station last night and their statements were taken. The driver was detained and was still kept in the guard room this afternoon until the condition of the woman could be determined. A report from the hospital this afternoon was that her condition was unchanged and that she was still unconscious.

According to statements made by the driver of the automobile and Philip Torrey, who was with him, they did not see the woman until they struck her. After the accident they took the woman to the hospital.

The driver of the car was summoned to the police court this morning from the guard room and a charge was read against him, speeding in Rothery avenue. The report was made by Policeman McFarland. The defendant was found guilty and a fine of \$10 was struck.

Sergeant-Detective Power said today that he had not up to that time learned the name of the young man who was with Mrs. Mitchell.

ENGAGEMENTS ANNOUNCED.
The engagement of Winifred J. Maher, youngest daughter of John W. Maher of the C. N. R., to John H. Hughes, son of John J. Hughes, both of this city, is announced. The marriage is to take place the latter part of April.

Mr. and Mrs. P. H. Allan, 17 Richmond street, announce the engagement of their daughter, Elsie M., to C. Malcolm Cook of Toronto, the wedding to take place at an early date.

The balance of the issue \$189,000, will be bought by the city and placed in the sinking fund.

NEW BAPTISTAL FORTS.

The new baptistry in Gernah street church was used for the first time at last night's service. It is the only one of its kind in the Maritime Provinces, excepting in the First Baptist church, Halifax. The font is incorporated into the large new pipe organ, and is located above the heads of the choir. It is specially lighted. A new scenic baptistry font, picturing the River Jordan, with special atmospheric lighting, will be used for the first time in Central Baptist church here next Sunday.

AT MISSION CHURCH.

Sunday being Palm Sunday, members of the choir recently ordered by the church for both morning and evening services. The church was also decorated with palms. J. V. The balance of the issue \$189,000, will be bought by the city and placed in the sinking fund.

DECIDES COURSE RE BOXERS.

A. W. Covey, president of the Maritime Branch of the A. A. U. of C., announced this morning that as soon as he receives a list of names of the boxers who failed to put in an appearance at the New Brunswick championships held last Friday night in the Armory, he will call a meeting of the Registration Committee. All boxers who entered but did not appear will be summoned before that meeting to explain. If their explanations are not satisfactory they will be suspended for 60 days.

CITY BOND ISSUE.

The advertisement for tenders for the issue of bonds recently ordered by the Common Council will be before the council for action at its meeting tomorrow afternoon and will probably be ordered. It is proposed to offer for sale \$600,000 of bonds at 5 1/4 per cent. running for periods of 10 to 30 years. The issue will be \$11,000 at 10 years; \$25,000 at 15 years; \$84,500 at 20 years and \$389,000 at 30 years. The balance of the issue \$189,000, will be bought by the city and placed in the sinking fund.

WAS SUCCESSFUL.

HYDRO MATTERS.

Two carloads of 25 foot poles and several service transformers had arrived today. It was said this morning at the office of the Civic Power Commission and these would be used in extending the distribution system and making ready for power loads. It was said the number of meters installed to date is 3,700. A meeting of the commission is scheduled for Wednesday afternoon to deal with the matter of a new building. It was announced at the office of the New Brunswick Electric Power Commission this morning that the mill of McDonald Brothers, at Nerepis was being connected to the hydro lines and this made the third mill to be using electric current. The load at the Manchester sub-station, it was said, was growing so that it would be necessary to put in a larger transformer.

**LAST SAILING OF
WINTER APRIL 25**

Montclair Will be the Final
Passenger Ship of Sea-
son Here.

The last Canadian Pacific passenger liner due here is the Montclair, which is expected to reach port next Saturday from Liverpool. According to advices received she has a total of 970 passengers, comprising 122 cabin and 848 steerage. There are 100 passengers on board, 17 children and two infants, and the third class 722 adults. The liner is bringing a party of 102 boys, who are destined to the Bernardo Boys' Home in Toronto. There is also a Salvation Army party of 20 on board. These passengers will be sent forward to their destinations in four special trains.

As soon as this steamer is handled it is expected that the members of the port staff of the C. P. R. will leave for Quebec, where they will carry on their respective duties during the summer season.

**FEAR POISONER
WILL GET PETS**

Duke Street Residents Re-
port Several Cases of
Brutal Destruction

What is believed to be systematic poisoning of cats is reported from Duke street and residents of the area affected are up in arms against what they say is a brutal destruction of animals.

Last week, the latest in a row of some eight or nine somewhat similar occurrences was reported. A pet kitten was found by its owner lying in agony in the yard, and soon afterwards it died. The body was taken to a local veterinarian, who pronounced it a case of poisoning, probably from eating poisoned meat or other substance which had been left around.

Information is that, within the space of a few months, eight or nine cats have met agonising death in this manner and there is much indignation aroused. Other instances are cited where cats have returned to their homes in a very sickened condition, possibly due to nibbling at some poisoned substance.

Residents of the district are now fearful of allowing their pets out of doors. It is argued that if cats can be killed in this manner so can dogs, while there is even a possibility of a child, in its innocence, picking up some of the poisoned matter.

AT THE CATHEDRAL

There was a very large attendance at the 7 o'clock mass in the Cathedral yesterday and for the monthly communion, and the Rev. Canon Roy McDonald received some 30 new members into the society.

The palms were blessed by His Lordship Bishop LeBlanc at the 9 o'clock mass, it being Palm Sunday.

This is Holy Week, and the special services were announced. Tenure will be chanted on Wednesday, Thursday and Friday evenings. On Holy Thursday the mass will be the blessing of the pre-sanctified on Good Friday will be at 10 o'clock. The church will be open all night Thursday until Friday morning as customary in recent years, and people will attend at the repository. The holy water will be blessed at the Holy Saturday services, starting at 7:15 o'clock. On Easter Sunday there will be pontifical mass at 11:15 o'clock.

THEY DID WELL.

Six little girls living at Rothery recently held a sale there at which the fine sum of \$40 was realized. They sent the money to the Children's Aid Society with the request that it be used for any purpose the board of management thought best. The ladies decided to use it to provide the boys with new suits for Easter. This has been done and thanks to the little girls' thoughtfulness the boys will make a fine appearance on Easter Sunday. The names of the little girls who sold the goods under such an obligation are: Jane Crosby, Charlotte Crosby, Mary Fink, Barbara Sayre, Catherine Robinson and Louise Allison.

As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbeam to The Times reporter, "I was up to Fredrick myself. I went up to see Dave Mercereau about starting a pig club out to the Settlement, and the very first man I run into was Jim Pinder. He said Dave didn't know no more about pigs than Venus did about roads. He said they were both shoats in politics and or to be turned over to Martin o' the Miramichi to be fed up. Jim told me he was eighty-three years old last month—and I seen him settin' there in his place in the house one night till twelve o'clock. He was wide awake, too. Next mornin' I seen him in that there public accounts committee diggin' into a blue book an' sayin' things about how this here government wastes money. He was as bright as a button. I guess he'd kin' o' the Nackawick must agree with Jim."

"But what about the pig club?" queried the reporter.

"Oh, that's all right," said Hiram. "Dave said he'd fix it up for us afore he went over to that there British Empire Exhibition—yes, sir."

Do That Painting Job Now!
If you have any building that needs painting, don't put it off. Remember that paint maintenance is cheaper than renewal of surfaces.
Protection is the chief mission of paint—protection from decay and destruction—protection from repair bills. You cannot afford to let your property go so bad that labor must be wasted in renewing surfaces before you paint them.
