Orchard Has Not Completed His Story of Crimes --Testimony So Far Remains Unshaken.

Boise, Idaho, June 10.—Harry Orchard commences his fifth day's grilling on the witness stand in the Haywood murder trial this morning. Tragedies of two years of his life prior to the time the gates of Idaho penitentiary closed upon him have yet to be rehearsed in detail. Under the cross-examination of E. F. Richardson, the tax man's memory would appear to be more than the ordinary mind is capable of, but so far Orchard stood the test. He gave through

The Ordeal To-day with as little confusion in his statements as he has exhibited in the last few days, it will be perhaps the most remarkable exhibition ever given on a witness stand. Counsel for the defence themselves do not hesitate to pronounce Orchard the most difficult person they have ever been called upon to face in the course of their experience as lawyers. Practically they have

Given Up the Hope of being able to break the man's testimony so far as material points are concerned, and they say the present examination is not made for the purpose of confusing Orchard, but to place before the jury statements, which they will contradict in detail by their own witnesses. Among the witnesses expected to arrive in the city to-day, is former Governor Peabody, of Colorado, who according to Orchard's statement, bore little show of

A Charmed Life. While Orchard was seeking an opportunity to kill him. On one occasion the assassin stood ready to shoot him as he stepped from his carriage, but he was given up by his place to two ladies and to the surprise of the lurking murderer the ladies stepped from the carriage alone. Another time a bomb had been thrown and the governor walked beside him. He would have been blown to fragments had not coal carts passed just at the time and stopped, the wheels of one of the carts resting on the wire,

THE REGIMENT NOW IN CAMP

ACTUAL TRAINING WILL BEGIN TO-DAY

Local Corps Marched in Yesterday Well Up to Strength Presenting Fine Appearance

(From Monday's Daily.) The Fifth Regiment yesterday morning commenced their annual training. They mustered at the drill hall and paraded 250 strong, an increase over last year's strength of ten or fifteen men. At about 10:45 they were in marching order, and starting from their headquarters, proceeded by way of Government street and the Indian reserve along Craigflower road to the plains. The men on the march presented a most soldierly appearance. In the opinion of a retired soldier of the British army who has had a great deal of experience of the recruiting conditions of the old country militia, past and present, the men of the Fifth in physique were far superior to the comrades of the present army in the old country. In his opinion they could only be compared to the militiamen of the good old days when agricultural men formerly because of the higher rate of wages they were receiving. Upon reaching their camping grounds at Macaulay point the men were told off to pitch tents. A prize of \$5 was offered to the best team fulfilling the government regulation orders in the handling of the equipment. Sergeant Doyle's team of the 2nd Company in the pretty good time of 3 minutes and 40 seconds. Another team in the number not overstepping the regulations, they were in all other respects deserving of special commendation for the military despatch they displayed in performing their respective duties. The tents were all pitched before the rain began to fall. The public will have the opportunity of witnessing the number not overstepping the regulations, they were in all other respects deserving of special commendation for the military despatch they displayed in performing their respective duties. The tents were all pitched before the rain began to fall. The public will have the opportunity of witnessing the number not overstepping the regulations, they were in all other respects deserving of special commendation for the military despatch they displayed in performing their respective duties.

TORNADO CLAIMS MANY VICTIMS

SIXTY-NINE PERSONS KILLED AND INJURED

Number of Houses Swept Away and Inmates Were Drowned in Their Bed.

Chicago, June 9.—Twenty-nine persons were killed, the village devastated and several thousand acres of crops ruined by a cloudburst that descended on Gradyville, Ky., and vicinity last night. All the dead are residents of Gradyville. They are: Mrs. L. C. Nell, wife of state Senator Nell, and four children; Mrs. L. Hill and daughter and granddaughter; Paul Wilson, 18 years old; Mrs. Hatfield Moss and her six children; Mrs. J. W. Keltner and one child; Miss Mary Moss. All but two of the bodies have been recovered. The disaster was due to Big Creek, ordinarily a small stream, but which was swollen by recent rains. When the cloudburst occurred the creek took a new course with the impetus of a tidal wave. Nearly all the people of Gradyville were abed when the waters struck the place, carrying away six large residences, a mill and a number of smaller houses. Nearly all the victims were drowned, but four were crushed by the collapse of dwellings. Gradyville is a village of 175 inhabitants in Adams county, 18 miles from the nearest railroad station.

REVOLT IN THE SOUTH OF FRANCE

Populace Will Not Pay Taxes Until Parliament Grants Relief-- Official Must Resign

Paris, June 10.—The revolt of the wine growing population in the south of France, which goes into effect to-day, is causing apprehension in government circles. In terms of the resolutions, which half a million persons at Montpellier yesterday swore with uplifted hands to execute, the departmental, city, town and communal officials must resign to-day, and all inhabitants refuse to pay taxes until parliament affords relief. Several mayors, headed by M. Farroul, mayor of Narbonne, resigned last night, and if this example is followed a condition bordering on anarchy will result, and civil government will cease to reign from the Spanish frontier to the Rhine, comprising the departments of Herault, Aude, Haute Garonne and Pyrénées Orientales. The situation is all the more grave because it constitutes an unanimous protest of the population and being unaccompanied by disorder, furnishes the government with no pretext to resort to force. The government's bill providing for the suppression of the manufacture of fraudulent wine comes up in the chamber of deputies on Tuesday afternoon, but beyond passing this bill the government can do but little.

They refused to make an explanation concerning their possession of the money and bonds.

THE CONFESSION BY ORCHARD

IMPORTANT POINTS ARE CORROBORATED

Books of Mining Company Show He Was Employed in Cripple Creek District.

Denver, June 10.—Corroboration of important portions of Harry Orchard's confession is afforded by the books of the Trachyte Mining & Milling Co., which verify his employment in the Cripple Creek district, and by the discovery that license No. 4951, issued by the state of Colorado on April 17th, 1905, authorized "Thomas Hogan" to act as insurance agent for the Mutual Life. Orchard assumed the name of Thos. Hogan before going to Canyon City to kill Governor Peabody, and also when waiting to kill former Governor Steunenberg. NANAIMO WINS CUP. Defeated Ladysmith Association Football Team in Second Game of Series.

Nanaimo, June 10.—In the prettiest football game ever played in British Columbia, before a field black with thousands of spectators from Ladysmith and Nanaimo, the Nanaimo soccer team defeated the Ladysmith champions yesterday at this city in the final match for the British Columbia championship. The Nanaimo team won by a score of 4 to 3 goals. The Nanaimo goal was scored by a high and betting was lively. At half time the score was 1 to 1 in favor of Ladysmith, but in the second half Nanaimo scored four goals. The game was the hardest ever played in Nanaimo. JAP GOVERNMENT IS CENSURED

PROGRESSIVES URGE PROMPT MEASURES

Assaults on Japanese Constitute a Violation of Rights Guaranteed by Treaty.

Tokio, June 10.—(Afternoon)—The Council of the Progressives at a meeting to-day adopted a resolution, the substance of which was as follows: The anti-Japanese feeling upon the Pacific coast of the United States, especially in San Francisco, which culminated in an assault upon Japanese trading places last month, constituted the most flagrant violation of rights guaranteed by the treaty concluded upon an equal footing between the two nations. The anti-Japanese acts are not of a temporary nature, and the federal government at Washington must be held responsible for its failure to prevent such outrages. The attitude of our government toward that in Washington has been unsatisfactory to the nation, and it is necessary that proper steps be taken by our government in order to maintain the national dignity and permanent insurance of the safety of the rights and property of our compatriots in America.
