TREATIES PROVIDE FOR STRINGENT LAWS

Boundary Commisson to Be Appointed—Will Fix Close Seasons.

Ottawa, May 20 .- Sir Wilfrid Laurier April 11th for marking the internation-al boundaries both in the Atlantic and Canadian commercial business. Little Pacific oceans, and also for the adop-or no American commercial business is smith. The company is already en-O'Conner, who died at Constantinople all-night meeting of the members of ion of regulations with a view to the ontiguous to both countries. The boundary commission will vary

in its personnel, in most cases consisting of a geographer or surveyor appointed by each country and in the event of disagreement a provision is made for the appointment of an arbitrator of another power or possibly of The treaty with regard to fisheries is an important one, its object being to arrive at uniform and effectual meas-

ures for the protection, preservation and propagation of food fishes of the contiguous waters within three months after the adoption of the treaty. Each country is to appoint a commissioner who will hold office for four years. Within six months after being named oners will proceed to dethe com termine the times, seasons and method of fishing. The nets, engines, gear, ap-paratus and appliances which may be ed are to be fixed and determined by uniform international regulation. The ers will also have power to fix the length of the close seasons, pro pose limitations, and the adoption of a uniform system of registry. A procla mation giving effect to the findings of

sion will be issued concurthe con rently in both countries. An important provision stipulates subjects of the other who may be ap-

prehended for the violation

egulations

WEIRD BEHAVIOR IN TORONTO CITY

Nude Man Strolls Down Streets **Thronged With Church**

Goers.

Toronto, May 19.-At a quarter to eleven on Sunday morning when Jarvis street was crowded with church goers. Donald McLaughlin left 219 Jarvis street and started to walk down the street in an an discussion of the cabinet at Ottawa to-his son, George E. Sterry, jr., and the movement taken a bath, and he walked down the middle of the street in the sun for about a block and a half to the corner of Jarvis and Queen streets, where a constable threw an overcoat over him and he was taken into the Boulevard hotel. A messenger was sent to the boarding house and came back with a suit of blothes which McLaughlin was induced to put on. He was then driven to St. Michael's hospital.

McLaughlin came down last week from a place eight miles out of Owen Sound to attend the first annual convention of the stend the first annual convention of the Saptist Laymen's Missionary Association of Ontario. He appeared to go distraught first on Friday, being then found wander-ing near the Don river. He was search-ing for God he told his fund. for God he told his friends.

MARVELS OF WIRELESS. Will Ocean Cables Be Permitted to Rust Out in the End?

It is not likely that any one will be astonished at the announcement that a direct Marconi line is to be established across the ocean from New York to England. The announcement is made by John W. Griggs, former attorney neral of the United States, who president of the American Marconi Company. In view of the success of the Canadian company with the line between Nova Scotia and Ireland, there is no reason to doubt that the line from New York to England will be a physical success. Surely the few extra miles

ought to make no difference. The Canadian line is a success in every way. The assertion is made that it is working to its full capacity every presented to the Commons yesterday day, a capacity of 10,000 words. Much the two draft treaties agreed upon on of this business is for the press, which accepted because it can not be handled. preservation of food fishes in waters contiguous to both countries.

> How near is the time when ocean cables will be permitted to rust away? -Philadelphia Record.

IN CLEVELAND STRIKE

at Hand-18 Persons Injured Last Night.

Cleveland O. May 20 .- The continua on of the unsettled conditions on the local street railway strike for at least twenty-four hours is the result of an officials of the Municipal Street Railway Company, together with the leadjourned shortly after 3 o'clock this morning without an hour for reassem

No announcement was made on behalf of either side of the controversy After a night marked by the most violent conditions since the strike was inaugurated five days ago, the police and county officers began preparing to pro- MEMBERS SUBPOENAED tect the non-union men on the cars and the public that had the courage to ride. What was reported as the final confer-ence for peace began in the company's offices at 1 o'clock after the state board and labor officials had spent two hours Leaks in Government Crop Regoing over the matters that developed at an earlier meeting.

It was hoped that an agreement might be reached. The points of difference however, were too great. The discus sion was extraordinarily animated, the crux of the strikers' point of view be ing the question of seniority of position in the event that the strikers should eturn to work.

Because of the riotous actions of last injured, some perhaps fatally, the cars early this morning were but ill-patronized. Busses and other vehicles continued to ply on the various lines and were liberally used. Daylight brought with it, however, courage and as the police force was strengthened the ple began to use the cars. The majority of the violence, so far in the strike, has been done during the night hours and consequently it is believed by the authorities that unless some ment of the dispute, to-night may witness a repetition of the dynamiting outrages.

this morning. The caps were placed so closely together that they would have completely wrecked the first car that struck them. Fifteen minutes later he found a bottle of nitro-glycerine lying in the gutter at Bridge avenue and Forty-third street. Leaders of the campaign of publicity last night when the public.
