Jacksonville, Fla., Nov. 9.-The steamer Dauntless, which has already landed three expeditions in Cuba, is off agian with a large cargo of arms, ammunition, medicines and supplies for the insurgents. Three yawl boarded the Dauntless at 6 o'clock. The Three Friends and Kate Spencer joined the Dauntless and a number of boxes and packages were transferred to the Dauntless. The steamer, with Capt. New York, Nov. 9.-The twelfth annual exhibition of the New York Horse Show Association, which always starts the social season in town, opened under the most auspicious conditions at Madison Square Gardens this morning. At the July session, a change government having taken place in Canada, the Canadian delegates felt some delicacy about going ahead until the attitude of the new ministry was ascertained. This necessitated an journment until autumn. These two meetings were little more than formal. but still some matters have been gone into and considerable ground cleared. It is not, however, permitted of me to say just what took place, as the government cannot, of course, make any public statements until the conference is over and the results arrrived at are communicated to the governments of the colonies interested.
