

TARIFF FOR
EMPIRE DEFENSE

Laurier and Bond Oppose
the Plan
Proposal Made that Each State of Em-
pire Should Impose Special Duties
for Defense Fund.

LONDON, May 3.—At the conclusion
of today's proceedings of the imperial
conference a précis was issued showing
that Sir Wm. Lyne, minister of
customs for Australia, regretted As-
quith's statement because he did not
regard it as quite fair to treat the
short tariff passed by Australia, which
was the beginning only of the final
policy, as a result of the preference
movement there. They resented the
idea as the kith of the mother country,
they should be treated on the same
footing as a foreigner. There would
be a margin on which the colonies
could be assisted, with the result of
the additional revenue to be obtained
at the expense of the foreigner, not the
consumer. He contended that free
trade must not be accepted as an in-
alienable dogma, and asked why there
should not be special consideration for
Australian wants.

GRAIN SHOVELLERS AT
FORT WILLIAM STRIKE;
SHIPMENTS HAMPERED

FORT WILLIAM, May 3.—The grain
shovelers in all the elevators struck
today for twenty-five cents an hour.
The strike will seriously hamper the
shipments of grain which are expected
to be very large this season. The C.
P. R. announces that the lake line boats
will start regular trips tomorrow,
the steamer Manitoba leaves Owen
Sound for Fort William.

INDIANS QUARRELLED
OVER WOMAN; ONE
STABBED TO DEATH.

TORONTO, May 3.—Abe Sox, an In-
dian, was stabbed to death by Tom
Noah, another Indian, aged eighteen
years, in a quarrel over a woman at a
docks in an empty house in the Muncie
Reserve, Middlesex County, last night.
Noah struck Sox with a knife on the
temple and the blade broke off. Sox dy-
ing in a few minutes. Noah fled, but
was arrested at Mount Bradsale this
afternoon.

AN ARRANGEMENT TO
SECURE CHEAP POWER.

TORONTO, May 3.—Another im-
portant step in the securing of cheap
power for the people of the districts
tributary to the Niagara Falls has
been taken in the decision of the
Hydro-electric power commission, with
the authority of the government, to
enter into a provisional contract with
the Ontario Power Company. The out-
standing feature of the contract is the
price of \$10.40 per horse power per
annum for a 24 hour power, delivered
every day in the year for amount up to
25,000 horse power. When the com-
mission takes over that amount the
price will be \$10 per horse power. The
contract has not yet been signed, as
there are several matters which re-
quire arrangement.

IMPORTANT BANK
CHANGES ANNOUNCED

TORONTO, May 3.—F. G. Jemmett,
late secretary of the Canadian Bank of
Commerce, has been appointed joint
general manager of the Sovereign Bank
of Canada with head office in Toronto.
Randolph MacDonald, who this week
retired from the presidency of the So-
vereign Bank of Canada, has accepted
the vice-presidency, made vacant by
the resignation of D. M. Stewart. Dunn
of London, mentioned as vice-president,
becomes only a director.

PATERSON'S
COUGH DROPS

They will cure
coughs, colds, whooping cough, croup,
sore throat, influenza, and all other
respiratory troubles. They are
purely vegetable and contain
no opiates or other dangerous
drugs. They are sold in
bottles of 10, 25, 50, 100, and
250 drops. They are
sold everywhere.

WILL TAKE VOTE
TO DECIDE SITE

\$300 Yet Needed For Champlain
Monument Fund.
Mr. McCarthy Favors the Market Square
Site—Committee Appointed Yester-
day to Work Out Details.

A small number of citizens attended
the meeting in the Mayor's office yester-
day afternoon to discuss matters in
relation to the proposed Champlain
monument. Mayor Sears occupied the
chair, George Scott acting as secretary
of the meeting. Those present were:
His Worship Mayor Sears, Hon. R. J.
Ritchie, Rev. W. O. Raymond, Col. J.
R. Armstrong, Hamilton McCarthy, D.
E. Jack, Dr. W. F. Dole, Edmund Le
Roy, and Kendall Hall.
Mayor Sears informed the meeting
that between \$200 and \$300 was still
lacking for the fund.
Mr. McCarthy when asked as to the
length of time required to construct
the monument, replied that it would
be very difficult to promise a definite
time for the completion of the work
done, that is, the creation and casting
of the plaster, the whole must be sent
to a foundry in New York—as there
are none in Canada. He assured the
gentlemen present that the monument
when completed would be a lasting
pleasure and gratification to all who
see it and would be fit to be erected in
London, Paris or any other European
capital. Regarding the mode of pay-
ment, Mr. McCarthy said it was cus-
tomary to pay the sculptor in instal-
ments, payments being made as the
work progresses.
To a question from Col. Armstrong,
Mr. McCarthy replied that the cost of
the statue itself would be \$3,000.
D. E. Jack moved that a committee
of eight be appointed, with power to
add to the committee. This committee
to take control of all arrangements.
The following committee was then ap-
pointed: Mayor Sears, Hon. Dr. Pugs-
ley, Senator Ellis, Col. Armstrong, Rev.
Father Gaynor, Rev. W. O. Raymond,
D. E. Jack and John Russell.
Col. Armstrong moved that the funds
when taken over by the committee be
deposited in a chartered bank to the
credit of three individuals named by
the committee, the signatures of two of
them being necessary before any funds
could be drawn from the bank.
The probable position of the monu-
ment was then discussed. Mr. Lelloy
suggested that it be decided by popular
vote through the newspapers. D. E. Jack
moved that every subscriber be en-
titled to one vote for every dollar he
had subscribed to the fund, this not to
include either the Dominion, provincial
or city grants. This was carried.
Rev. W. O. Raymond moved that
Mayor Sears be appointed treasurer and
receive any subscriptions. This
was carried. He also suggested that
the newspapers might receive subscrip-
tions and that the names of the donors
be to be chosen from one of the
three proposed, Queen
square, Market square and King
square.
Mr. McCarthy thought Market square
the Charing Cross of St. John's—was
a suitable spot, but also considered
Queen square to be very suitable. Al-
though King square would be a good
situation he was not so highly impressed
with it.
D. E. Jack and Col. Armstrong were
appointed a committee to consult with
the architect in regard to specifications
for the monument. They met
last evening.

HAS HUSBAND
STILL LIVING

Mrs. James Lavigne, who arrived
here yesterday from Sydney, was sent
to her home at Bathurst late evening.
The man who accompanied her, Tony
Bennett, a scissor grinder, left for
Boston. The couple were taken before
the L. C. R. authorities and a rather
pitiful story was unfolded. The man
said he had met the woman about a
year ago and went to live with her.
He wished her to marry him, and at
last they decided to do so. They had
both been married before, but the
woman had been a clergyman's wife,
so when they appeared before a clergy-
man they were asked for certificates
as to the death of their late life part-
ners. The man was able to produce
one, but the woman could not, so the
clergyman refused to marry them.
The man then wrote to Bathurst
for information regarding the
woman he intended to marry and
received word that her husband was
working in Chatham. The couple then
came to this city and the woman was
sent to a house on Paradise row.
They afterwards returned to Sydney
and yesterday the woman, accom-
panied by her child, arrived in the city.
The man was also here. The woman
is in a very delicate state of health.
She left for Bathurst, saying her
mother was living there. The man left
for Boston.

COAL MINERS VOTE TO
ACCEPT AGREEMENT.

TORONTO, Ont., May 3.—G. G. S.
Lindsay, general manager of the Crow's
Nest Coal Company, telegraphed to-
night to the directors in Toronto that
the coal miners voted in favor of ac-
cepting the agreement by a large ma-
jority and the men would be at work
tomorrow.

DEALING, MAY 3.—The mysterious
steamer which anchored yesterday near
the Goodwin Sands turns out to be the
Russian volunteer cruiser Terok, which
was being towed to Barry for repairs,
but the tug left her in order to obtain

MAY DAYS ARE HERE

The gladdest season of the year. Nature is
no spendthrift, but she dons a new garb every
season—what about your New Suit?
20th Century Brand
is the kind you would appreciate. Perfect style, perfect fit, careful tailoring,
a large stock to choose from and price the lowest you ever paid for good
clothes.
Prices, \$12 to \$25; Other Makes \$10 to \$15

The Showerproof Overcoat

is one of the most useful garments in a man's wardrobe. It has all the
warmth that is necessary for spring and fall wear. It is dressy, 20th cen-
tury showerproofs are most graceful and stylish garments and are made
from handsome, fashionable cloths. The prices are \$15 to \$22. We have
some odd coats, one or two of a size, that we have reduced to a third
in price to effect a quick clearance—they are principally in large sizes, and
worthy of consideration. Any necessary alterations without charge. Other
makes of showerproofs
\$8.50 to \$12

The Washable or Summer Vest

steadily gains in popularity. Last year we practically doubled the sales of
the previous year. Our stock is very large this season and this week we open
new lines. The factories are so busy that they will not fill any orders until
a month or two. The reason this department is so successful here, is because
we keep a great variety of patterns and sell at a moderate price.
OUR VESTS at \$1.00, \$1.25, \$1.50 are so attractive that many men buy several
at a time. The patterns include many black and white effects, fancy
stripes and checks, pure linen ducks, novelties. All Canadian and English
manufacture. While prices vest single and double, breasted and white linen
duck.
Prices Range from \$1.00 to \$3.75

A. GILMOUR, 68 King St.

Custom Tailoring and Ready to Wear Clothing.

DEDICATION OF NEW CHURCH
OF ASSUMPTION TOMORROW

It is hardly rash to state there is per-
haps no happier man in the city to-
day than the Rev. J. J. O'Donovan. He
is just completing the eighteenth year
of his pastorate in the beautiful Cath-
olic parish in the West Side, and he on
the eve of entering for the first time
officially the new and splendid Church
of the Assumption. His feelings must
be very largely akin to those of the
prophet of old: "rejoiced at the sight
of the things that were said to me: We shall
go into the house of the Lord."—Pa-
12.
In 1889 Father O'Donovan left the
cathedral parish where he had spent
all his time in pastoral work since his
ordination five years before. He was
ordained on the Feast of St. John and
Paul, June 26th, 1884. While serving in
the cathedral he was the principal
actor, under the direction of the late
Bishop Sweeney, in the erection of Saint
John the Baptist, Lower Cove, of which
the late Mgr. Connolly was the first
pastor. This appointment left the
Church of the Assumption vacant, and
Father O'Donovan was then made in-
cumbent. Scarcely less happy than
their pastor are the parishioners of the
West Side parish. For nearly three
years they were obliged to use St.
Patrick's Hall for all the purposes of
a parish church, and to their credit it
can be said there is not the slightest
deficiency in the courage and devo-
tion of their pastor, and looked for-
ward with confidence to the joyous day
that is now about to dawn for them,
when they could enter their new
church.
The dedication of the church will
begin precisely at ten o'clock tomor-
row, and the ceremony will be per-
formed by His Lordship the Bishop of
Saint John. This is the first time that
Bishop Casey blessed in this solemn
manner any parish church in this city.
The ceremony of blessing the church
receives its complement by the celebra-
tion of a pontifical high mass, which
will be the first time that the holy
sacrifice has been offered in the new
church. At the conclusion of the mass
Father O'Donovan will preach, the ser-
mon for the occasion, taking for his
text the words of St. Paul: "The tem-
ple of God is holy, which is the temple
of God in the Holy Spirit."—1 Cor. III, 17.
The architecture of the church is of
the Byzantine style, the only one as
far as is known in the Maritime Pro-
vinces. It, however, reflects credit
upon the designers and builders, and
is a magnificent monument to the zeal
and energy of the pastor as well as to
the faith and generosity of the people.
At 10 o'clock in the evening Rev. Mar-
tin Maloney, C. S. R., will preach. It
is also expected that Rev. Edmund
Doyle of St. John and Rev. Father
Scully of St. Peter's will be present.

Only one "BRCMO QUININE"
That is LAXATIVE BROMO QUININE.

MILK DEALERS BOLD
NEAR TORONTO

TORONTO, Ont., May 3.—The tactics
of terrorists are being adopted by some
milk producers or their sympathizers
to prevent producers who desire to see
from delivering milk to retail dealers
in Toronto. Complaints reached High
Constable Hamden this morning that
half a dozen producers had been stop-
ped in the country roads and ordered
to turn back under threats of having
their load of milk spilled on the high-
way, and police protection was asked
for. The order was obeyed in each in-
stance. Charles Gormally, a farmer of
Uxbridge, met four men on his way
into the city. He was threatened with
having his cans emptied on the road.
Another farmer encountered half a dozen
men on the Kingston road. They,
too, ordered him to go back or take the
consequences. Meantime there is a milk
famine in the city.

BIG TIMBER LIMIT IS
SOLD FOR \$1,500,000.
TORONTO, May 3.—The sale of a
timber limit over ninety-three square
miles was completed in Toronto today,
the price being probably over \$1,500,000.
The property is located near Killarney
and is practically the last of the virgin
pine limits available to the Geor-
gian Bay waters and was sold by E. W.
Sparr, of Lansing, Mich., to W. J.
Bell, Sunbury, who is understood to
have some associates in the purchase.
The limit has been held several years
at \$250,000 which every lumberman in
Ontario thought was too high a price.

HIS WORSHIP
TURNED DOWN

Frink Chairman of Water and
Sewerage Board.
Ferry Goes to Aid, Baxter—Vanwart
Defeats Christie for Safety—Aid.
Pickett Will be Deputy Mayor.

There were some surprises at the
annual caucus of the aldermen held yester-
day to arrange for the chairman and
committee for the coming year. His
Worship, Mayor Sears, who was
last year chairman of the water and
sewerage board is not even a member
of the board this year. Aid. Frink
succeeds him as chairman. The other
new members of this board will be
Aid. Kelley and Aid. McGowan.
There are eleven members altogether.
Aid. Bullock will be chairman of the
treasury board for another year. Aid.
Kelley and Aid. McGowan are the new
members. This board consists of nine
members.
Aid. McGoldrick is again chairman
of the board of works.
Aid. Vanwart will succeed himself as
chairman of the safety board, but it
is understood that Aid. Christie, the
other candidate for the position gave
him a hard fight. There are eleven
members on this board and the new
men will be Aid. Baskin, Aid. Frink,
Aid. Kelley, Aid. McGowan and Aid.
Sprague.
Aid. Baxter will be chairman of the
ferry committee, the position held by
Aid. Lockhart last year. From his criti-
cisms of the management of the ferry
in times past, one would naturally
suppose that there would be something
done in that department when he gets
to work. The committee is composed
of two heads, "The Struggle"
Aid. Frink, Aid. Baskin and Aid. Mc-
Gowan.
The bills and by-laws committee elect
their own chairman and no one was
selected yesterday. Aid. Baxter was
chosen.
Aid. Pickett was elected deputy mayor.
This honor was held last year by
Aid. Tink.
As only the Mayor and fifteen alder-
men can be members of the municipal
council, Aid. Christie, the new one being
Aid. Frink, Aid. Baskin and Aid. Mc-
Gowan.
Under the first read he mentioned
the management of the ferry in
times past, one would naturally
suppose that there would be something
done in that department when he gets
to work. The committee is composed
of two heads, "The Struggle"
Aid. Frink, Aid. Baskin and Aid. Mc-
Gowan.
The bills and by-laws committee elect
their own chairman and no one was
selected yesterday. Aid. Baxter was
chosen.
Aid. Pickett was elected deputy mayor.
This honor was held last year by
Aid. Tink.
As only the Mayor and fifteen alder-
men can be members of the municipal
council, Aid. Christie, the new one being
Aid. Frink, Aid. Baskin and Aid. Mc-
Gowan.

BALLOT IS THE ONLY
EFFECTIVE REMEDY

Prof. J. A. Nichols continued his
temperance campaign in this city and
vicinity by giving a lecture in the Cal-
leton Methodist Church last night.
Prof. Nichols dealt with his subject
under two heads, "The Struggle
against the Drink Habit," and "The
Struggle against the Liquor Traffic."
Under the first he mentioned the
natural antipathy of the human
system for alcoholic drinks, the same
antipathy that it has for all other
poisonous substances. The way to
its use, drink injures those dependent
upon them. When the tendency
to drink and the opportunity to do
come together, drunkenness results.
To do this the saloons should be closed.
Some persons alighted on the low den
as the proper object of legal inter-
ference, but the respectable bar did every
bit as much to injure the community
as the saloons. The liquor traffic, said
Prof. Nichols, was to go to the polls and by
the use of the ballot to protect the
under which the trade is protected.

LONGSHOREMEN REJECT
THOMSON & CO. OFFER

Last night the members of the
Longshoremen's Association met in
their hall on Water street to discuss
the answer of Wm. Thomson & Co. to
the demands made by the association.
Practically the only thing decided by
the meeting was to omit the Saturday
half holiday from the demand.
The meeting was long and lively.
One subject which provoked heated re-
marks from many of those present was
the manner in which the press have
got rid of the liquor traffic, said Prof.
Nichols, was to go to the polls and by
the use of the ballot to protect the
under which the trade is protected.

ENGLISH SAILORS
REPEATED VICTORIES

NORFOLK, Va., May 3.—English sail-
ors repeated their victories over the
Germans, Austrians and Americans
yesterday in today's race in Hampton
Roads.
The event of the day was the elimina-
tion trial between American ships
crew for the defense of the Battenberg
cup against the British cruiser Argyle's
crew tomorrow. There were fifteen en-
tries and the Illinois won, with the In-
diana second and the Maine third. Rac-
ing cutters were used and the three-
mile course was covered by the win-
ners in twenty-five minutes and thirty-
five seconds.

BIGGEST CONTRACT EVER
LET FOR SINGLE JOB.

BETHEL, Vt., May 3.—A contract for
granite which is said to be the largest
ever let for a single job has just
been awarded to the granite company
here for furnishing stone for the new
state house at Madison, Wisconsin. The
contract price is in excess of \$2,000,000,
and it is estimated that five years at
least will be required to quarry the
amount of stone necessary for the great
building. In order to fill the contract
within the specified time the capacity
of the plant here will be doubled, and
Home Week celebration, today, a celebra-
tion from Sir Thomas Lipton was
read, stating that he would offer a cup
in connection with the yacht race,
which is to form a part of the Old
Home Week programme.

BOSTON OLD HOME WEEK

BOSTON, May 3.—At a meeting of
the committee in charge of the Old
Home Week celebration, today, a celebra-
tion from Sir Thomas Lipton was
read, stating that he would offer a cup
in connection with the yacht race,
which is to form a part of the Old
Home Week programme.

TWO FEET OF SNOW
IN NORTHERN WOODS

River Falls Slightly Owing to Continued
Cold Weather—Western Men's
Success.
FREDERICTON, N. B., May 3.—
Harry Braithwaite, the well known
guide, returned home today from the
North Shore. He reports that there
are fully two feet of snow in that
section at the present time.
The river today has fallen slightly
owing to the continued cold weather.
Great numbers of logs have floated
past the city during the day.
The dance given at the Victoria Hotel
yesterday in aid of the Queen Hotel
Hospital was a success. About forty
couples were present and Hamilton's or-
chestra furnished an excellent pro-
gramme of dances. Mesdames D. L.
Babbitt, C. H. Randolph, Chas. A. Hill
and A. R. Wetmore were the cham-
pesses.

WEATHER CONDITIONS
IN NEW ENGLAND

WASHINGTON, D. C., May 3.—Pres-
sure is low tonight from the gulf states
northward through the Ohio Valley
and lower lake region with the cen-
tre of disturbance over southern Ohio.
In New England the weather was fair.
The temperature continues unseason-
ably low in New England. There will
be rain Saturday in the middle Atlantic
states, continuing Sunday in the middle
Atlantic states and ending through
New England.
It will be colder Sunday in the At-
lantic states. The winds along the New
England coast will be brisk southeast-
ward tonight, shifting to northwest Sat-
urday night; middle Atlantic coast, fresh
south shifting to northwest; south At-
lantic coast, light to fresh southeast to
south; east gulf coast, variable, becom-
ing northwest to north and brisk; west
gulf coast, fresh north to northeast.

EMPRESS OF BRITAIN
LEFT THIS MORNING

She Had About 700 Passengers, Includ-
ing a Number of New Brunswick
People.
The royal mail steamer Empress of
Britain steamed out of the harbor this
morning shortly after three o'clock.
The steamer was delayed because of
an accident to a freight train at
Lowelltown, about twenty miles east
of Moncton. The delayed freight hung
up the C. P. R. train with passengers
for the Empress and as a result, the
steamer was held. The train arrived
after midnight and the passengers
were taken direct to Sand Point.
There were upwards of 700 passen-
gers on board the Empress, 140 saloon,
160 second cabin and 300 steerage pas-
sengers.
Among those leaving on the Empress
were Hon. L. P. Harris, commissioner of
agriculture; Ora P. King, M. P. F., ac-
companied by his wife; Mrs. G. L.
Barbour, Miss M. G. Barbour, F. P.
Barbour, Mrs. Michael Driscoll, Miss
Mabel Driscoll, Mrs. S. W. Hunton and
Mrs. Dorothy Hunton of Sackville and
Dr. J. R. Inch, chief superintendent of
education.
Among the passengers were George R.
Baker, and he went rather reluctantly.
He is an Englishman, of good educa-
tion, and was formerly an accountant
with a large firm. This position he
was obliged to relinquish through fail-
ing intellect, which is the reason of his
departure.
Notwithstanding the early hour she
left, a number of people were on the
dock to see the vessel leave port, and
all hands joined in three hearty cheers
for the departing steamer, this being
the last trip of the Empress to this
port. The captain and officers made
many friends in port and held an im-
promptu reception yesterday when they
were visited by many.

MISS EFFA M. TRYON.

MISS EFFA M. TRYON.
Prof. Postel—
Dear Sir—You are certainly the most
wonderful astrologer living. Every one
of your predictions came true. I con-
sider that you not only saved me from
an awful death, but prevented the loss
of hundreds of dollars. I trust
that many people will profit by your
advice. Sincerely,
MISS EFFA M. TRYON.

MISS EFFA M. TRYON.

The accuracy of the recent predic-
tions made by this eminent Astrologer
have caused many of his friends to
believe that he possesses a supernatural
power, but he modestly asserts that
his predictions are due alone to scienti-
fic understanding of natural laws. That
many thousands of letters Prof. Postel has
received from people who have been
benefited by his advice furnish ample proof
that he is sincere in his work and has
a kindly feeling towards humanity.
Readers of this paper can obtain a
reading free of charge and addressing
126 West 4th St., New York. Simply
say you wish a reading of your life,
marriage, health, wealth, and whether
or married or single. If you wish to do
so you may inclose 10 cents (silver or
gold) to pay postage and clerical
work; however, the reading will be
promptly sent whether you inclose the
10 cents or not.

marriage, health, wealth, and whether
or married or single. If you wish to do
so you may inclose 10 cents (silver or
gold) to pay postage and clerical
work; however, the reading will be
promptly sent whether you inclose the
10 cents or not.

MISS EFFA M. TRYON.

The accuracy of the recent predic-
tions made by this eminent Astrologer
have caused many of his friends to
believe that he possesses a supernatural
power, but he modestly asserts that
his predictions are due alone to scienti-
fic understanding of natural laws. That
many thousands of letters Prof. Postel has
received from people who have been
benefited by his advice furnish ample proof
that he is sincere in his work and has
a kindly feeling towards humanity.
Readers of this paper can obtain a
reading free of charge and addressing
126 West 4th St., New York. Simply
say you wish a reading of your life,
marriage, health, wealth, and whether
or married or single. If you wish to do
so you may inclose 10 cents (silver or
gold) to pay postage and clerical
work; however, the reading will be
promptly sent whether you inclose the
10 cents or not.
