GIRL'S FANCIES CARVED UPON HER MONUMENT

Thimble, Violin and Love Letters Placed on Shaft by Devoted Father's Order.

BLOOMINGTON, Ill., April 7.—In the rural graveyard of Pleasant Ridge in Piatt county, Hannibal Clark, a rich farmer, erected to the memory of his daughter a shaft of granite that attracts wide attention.

He idolized the child, and he was so affected by her death that he survived her but a short time. Not only did he stipulate what he wished engraved regarding his daughter, but also himself and his wife. The shaft, therefore, serves as a monument for the three.

It was the desire of the father to place upon the monument a replica of many things for which the gift had manifested a liking, and as a consequence the stone-masons chiseled in high relief no less than fifty symbols.

All through the life of Miss Mary the father made notes of her likings, and when she died, at the age of 13, he conceived the notion of perpetuating for all time the things she liked.

The inscriptions under the names of the eccentric farmer, a devoted wife, a loving mother, a steadfast friend, a lover of books and of home, and in sunshine or shade she did what she could.

At one corner near a carved figure are the last words of the child: "Now, ma, let me lie down and go to sleep."

ATHENIA ARRIVES AFTER ROUGH TRIP

Sighted Three Big Bergs Off the Grand Banks

Steamer Has Been Transformed Into a Fine Passenger Boat—Montreal Sailed at Noon.

After a rough and boisterous passage the Donalson Line Athenia, the last boat of the service, in command of Capt. Wm. McNeill, arrived in port from Glasgow this morning at 11:30 o'clock and docked at No. 4 berth.

The Athenia was laid up for three months in Glasgow and received thorough overhauling. Her cabin and staterooms have been torn out and rebuilt, a large new boat deck and wheelhouse have been added to the steamer.

On board the Athenia were two valuable horses consigned to the west. The Montreal, the last steamer of the Bristol service, in command of Capt. Hodder, sailed for Bristol today at 12 o'clock.

The C. P. R. steamer Lake Michigan, from London and Antwerp, arrived at the Island at 11 o'clock this morning.

COUNCIL WILL MEET TO ARRANGE FOR PLEBISCITE

Aldermen's Hopes to Escape Meetings Until After Election are Destroyed by Passage of Liquor Law.

A special meeting of the Common Council will be called to meet at an early date, probably next Monday.

As the wards of Lansdowne, Lorne, Victoria and Dukes have petitioned for the exclusion of the saloons, it will be necessary to take the plebiscite on civic election day in accordance with the provisions of the new act.

The arrangements for the plebiscite must be arranged for by the city and it is to attend to this that the council will meet. The meeting will be called as soon as a copy of the act is received by the mayor.

G. A. KNOELL WILL RUN IN PRINCE WARD

Comes Out Simply as a Private Citizen But is Willing to Have His Name Associated With Citizens' Ticket.

Geo. A. Knodell, when asked by the Star this morning as to the truth of the statement that he was to run for the Common Council as a candidate in Prince Ward, said:

"I believe they have persuaded me to come out, I am running, not as an opponent to A. D. Spruiell, but simply as a citizen in response to the request of other citizens. As regards the so-called citizens' ticket, I think the gentlemen who compose it would be an improvement on some of the present aldermen and I have no objections to having my name associated with them. I am running, however, simply as a private citizen in the interests of better government of the city. I owe a lot to St. John and if the citizens think that I can be of service to the city, I am willing to give my time to the civic affairs for one year at least."

PREPARING FOR EXTENSION OF RURAL MAIL DELIVERY

The post office authorities are looking for a room in the free rural mail delivery as soon as the frost is out of the ground sufficiently to allow the mail to be dug. A number of districts are intending to apply for routes this spring, and in preparation for the demand a supply of the boxes has been laid in by the inspector's department.

The rooms of the temperance committee of Lorne and Lansdowne wards have been removed from Douglas avenue Christian church to the old Temple of Honor Hall. Meetings will be held every evening until after election.

Zemacura CURES

All redness and irritation of the nose and face. Simply apply at night, that's all.

AN UNBREAKABLE SET OF TEETH

There is a class of patients who do not object to paying a fair price for artificial teeth, if they can really secure comfort, usefulness and naturalness.

I have a set of teeth, such as is unobtainable in any other office in this city, to my knowledge. It is out of the ordinary line and unlike the teeth in general use. Its beauty is at once apparent and it is practically unbreakable.

It will pay those who are desirous of obtaining the best to be had in the dental line to call and inspect this for themselves. I will gladly demonstrate its superiority over other plates, even if you have no immediate intention of investing.
