CHURCH UNION, SUBJECT DISCUSSED-YESTERDAY

HAMILTON, Ont., June 8.—At the session of the Presbyterian General Assembly yesterday the mayor of the city addressed the delegates. Principal Patrick spoke for the committee on Union. He opened by a reference to the attitude of friendliness exhibited by the Anglican Church. He spoke in high terms of the various laborers of the sub-committee. He said that organic union was possible and it was the duty of the churches to unite. He spoke for over an hour and a half.

Rev. Dr. Duval followed with a brief speech in the lines with the previous speaker.

Principal McKay of Vancouver rose to offer an amendment. Either he was unable to form a judgment or the union committee was laboring under a delusion. He went for Principal Patrick with a retreating frankness.

"He knows or he ought to know, that he is wrong in his faith," said Principal McKay. He quoted from Scots on the other side of the question. Dr. Duval was one of those who quoted that it was distinctly anti-union as is contemplated by the committee Dr. Lyman Abbott was quoted against union by the B. C. principal.

"This question will not be settled by using scare words such as we have heard from Principal Patrick and Dr. Duval," he concluded and the house applauded loudly.

"The needs of the world will determine how the question may be settled. There is no overlapping problem in the foreign world, so it may be left out. In B. C. there are no overlapping problems of these are not missions of the negotiating churches, so in B. C. the overlapping is not so exaggerated as often represented."

Principal McKay resumed his address at the evening session and said that the people of the church have not yet expressed their indifference to the denominational idea of the church as now existing. He appealed for federation not union.

Rev. Dr. Morton, of Trinidad, advocated union as one who looked at the question from a foreign mission point of view. "The heathen cannot understand the divisions of Protestantism, and Dr. Morton thinks this union will lead divisions in Canadian Protestantism."

T. J. Jones, Charlottetown, followed in a condensed and comprehensive speech against the resolution. He charged that co-operation and federation had never been tried and no one could tell how much good it would do. President Forrest was afraid he could not speak his mind in fifteen minutes. He attacked the ill-unions which characterized the vigorous fashion. Then he reviewed the history of the union movement. Incidentally he averred that these men had turned on themselves, had contradicted their own expressed views. He ridiculed the opinions of the parties of the other part and caused a roar of applause when he said "Union is bound to come if the laymen's missionary movement did not flake out."

Rev. Dr. Robert Campbell continued the debate. He gave three reasons against union. (1)—Opposition in the church to union.

(2)—We are adding to church organizations by this union.

(3)—We are breaking off most valuable alliances by this union. These he elaborated and these he said are unchallenged reasons for retaining our identity.

MRS. EDDY'S MESSAGE TO THE MOTHER CHURCH

Says She Would Attend, But Not in "Prophetic Person"

BOSTON, June 8.—Yesterday the Board of Directors of the Mother Church of Christian Science elected Wm. P. McKenzie, president; Stephen A. Chase, of Fall River, Treasurer, and John V. Dittmar, of New York, clerk, the latter succeeding Wm. H. Johnson, who resigned. The following letter was read by the Rev. Mary Baker Eddy, addressed to the Board of Directors:

"Beloved Students: I thank you for your kind invitation to be present at the annual meeting of the mother church on June 7, 1909. I will attend the meeting but not in prophetic person. Watch and pray that God direct your meetings and your lives and your leaders will then be sure that they are blessed in their results. Lovingly yours, Mary Baker Eddy."

ANOTHER GRAVE PERIL CONFRONTS MESSINA

MESSINA, June 8.—Much anxiety is felt here owing to the fact that very shortly all the earthquake refugees in the different towns of Sicily and Italy (who by now are practically no longer being assisted and maintained by the public charity) will be forced to make their return en masse to Messina, where there is no accommodation whatever for them.

The population of Messina at the moment is between 20,000 and 25,000, and the refugees shortly expected to return number about 15,000.

The question where these many thousands of refugees are to be lodged evokes no answer. At present, of the barracks and huts voted by the government to shelter all the survivors in the whole province of Messina, there are only 237 finished and fit for use. Including foreign built and railway huts, the total of all such erections built or building is only 625. These are to shelter the refugees returning to Messina there will undoubtedly be serious riots, since it is absolutely impossible for the shelters at present provided to receive them all.

A "pro-Messina committee" is being formed with the object of forcing the government to take action.

LOTS DOING THESE DAYS IN CARLETON COUNTY

(Woodstock Press.)

May 28.—Very fine farming weather. Forest fires are raging. Scott Clark is suffering with a very sore throat. Dr. Curtis is in attendance.

Fiddle heading is the order of the day.

Mr. and Mrs. Thomas Bolyea, of Lower Windor, was middle-heading on Thursday, they also made a call; had dinner at G. W. Stockford's, supper at Winfield Shaw's.

Mrs. Joel Sharp and son Lewis, of Stanley, N. B., is visiting her daughter, Mrs. J. C. Foster.

"Boys beware!" do not go to Coldstream too often for you may get "cooked; yes, burnt!" and do not go to the 5c store.

H. D. Clarke visited with town one day last week.

We hear wedding bells!

Mrs. A. G. Stockford was calling on friends Friday p. m.

MAEYFLOWER.

GREEN LAKE.

Do not be down hearted M. T. for M. N. will soon be coming over.

G. K. is working at Upham's mill; saw away G. the joker is home.

K. makes frequent trips to the post office. I wonder why.

M. Mc looks down hearted lately; think it is because the fall fellow is absent.

M. D. wears a smiling face since her husband has come home from the drive. We don't know which is the most profit for O. D. shearing sheep or planting potatoes.

Next comes the squire and wife. They live on the hill. They live very happy. But very still (daddy).

Next comes L. L. He lives on a hill. He's got a smart horse. Get up Bill.

Next comes G. L. He has a fine son. When the teacher's at Ballen-tine's. Across he will run.

We think Lee gained the day for he took the tumble himself and took N. M. and M. C. to Millville Sunday last. I wonder if he got home safe without any losses.

M. C. spent a merry time Sunday so I hear. I wonder where the Honey Boy and T. L. would have been.

Sam's is the last place we are going to describe; we think they live happy, he and his bride.

We think Tommie found a Daisy seed at Clarkville for we saw one blooming here a few days ago.

I wonder why John don't come over as often as he used to. Is it because Hoyt has cut him out (never mind John).

We see that H. S. has crossed the brook recently (wonder why).

MISS VESTA TILLEY AND THE ESKIMO

Lately Boy's Mental Torture in New York.

Miss Vesta Tilley, who is as great a favorite on the American music hall stage as in this country, has aroused much local enthusiasm by a kindly and opportune deed.

The charming singer has authorized the publication of a book for the relief of the Eskimo boy, who was brought to New York by his father on the return of one of the Peary expeditions. Men's father died in New York, and thereafter the boy's troubles began. He was put to school and learned English, but could never assimilate American ways, and New York he declared, was always getting on his nerves.

He dared to assert that there was more kindness in his own Par North than there was in New York. He was guardian to read his name. At times Men's pleas appeals to a public audience. When Men came to know the white man's way, he went to those who knew of the death of his father to ask where his bones had been interred. No one answered him.

One day, in the Museum of Natural History, New York, he came upon a glass case containing the skeleton of an Eskimo, and by reading the placard he found it was the skeleton of his father. The discovery greatly distressed the boy, and he announced a plan to return to his own primitive people. He was balked, and ran away.

He was missing for weeks, and last week a porter came from him, a friend announcing his intention of ending his life. Miss Vesta Tilley, who was at once despatched to Montreal with money, and he travels at Vesta Tilley's expense. If more than \$200 is required to repatriate Men, Miss Vesta Tilley declares her readiness to head an entertainment to be given for the boy's benefit.

Why Not Fill Your Body WITH NEW ENERGY

And Avoid the Weakness and Tired Feelings of Spring—You Can Do This by Us! DR. CHASE'S NERVE FOOD

You need not be a victim of circumstances and suffer all the weakening and depressing effects of spring. Tired feelings, headaches, indigestion and nervous troubles all fly away when the system is flooded with rich, red blood.

Energy and vigor only come after all the ordinary wastes of the system are supplied. Dr. Chase's Nerve Food is of wonderful success as a blood-builder that you soon begin to feel strong and healthy by its use.

By means of this great restorative treatment you can rebuild the body when it has been wasted by worry, overwork, lingering colds or the depressing and debilitating effects of spring.

There is no reaction after the use of Dr. Chase's Nerve Food because it is not a stimulant. On the contrary it is a blood-forming, system-building medicine which by working hand in hand with Nature proves of lasting benefit to the system and thoroughly drives out the disease-producing elements of the system with new energy and vigor.

Mrs. H. A. Lyman, Newburg, N. Y., writes: "I was all run down and could not do my work. Everything I ate made me sick. In nursing others I had seen the good results of Dr. Chase's Nerve Food and resolved to try it. As a result this treatment, I have gained ten pounds, do my work alone and feel like an entirely different person."

EX-ALDERMAN HAMM DIED LAST EVENING

Stricken With Paralysis Two Months Ago.

Had Long Been Prominent in the City, at the Common Council and in Business Circles.

After a long and active service in the business life of New Brunswick, Joseph B. Hamm, ex-alderman for Kings Ward, passed away at 10:30 last evening at the General Public Hospital. The deceased would have attained his 74th year today. About eleven weeks ago he was stricken with paralysis. At first it was considered that there were hopes for his recovery.

The ex-alderman's death was a most peaceful one. Mrs. J. B. Hamm and Mr. and Mrs. Arthur G. Hamm were at the bedside, when the end came.

THE LATE EX-ALD. HAMM.

The deceased enjoyed a wide acquaintance. He has for many years been engaged in the livery business and has served at the council board for several terms. Mr. Hamm was born at Grand Bay, Kings County, on June 8, 1830.

He was a son of Captain David and Sarah B. Hamm. He was descended from Jersey City, N. J., prior to the American revolution, and who was among those who sided with the mother country. He moved to St. John in 1856 and started in the livery business. He was twice married. His first wife died in 1857, and in the following year he married Miss Anne Currie, daughter of William Currie, of Sanbury County, Ontario. There are three children by this marriage—Arthur G. Hamm, Mrs. Ada Denison, of Montreal, widow of William Denison, and William Hamm, in Oregon.

Mr. Hamm's career at City Hall is a most interesting one. In 1876 he was first elected from Wellington ward. In 1878 he was appointed inspector of coal, and returned to the council in 1885, when he was elected to a candidate in April last, but was compelled to withdraw from the contest.

Many in the city will learn with regret the death of Mr. Hamm. Arrangements have been completed to hold the funeral Wednesday afternoon at 3 o'clock from the residence of his son, 114 Elliott Row.

SELLS GOLDEN CHURCH BELLS

Mexican Congregation Adds \$2,500 to Treasury by Parting With Richly Alloyed Castings.

"Many of the church bells in the Republic of Mexico are of copper, which also carries a large quota of silver and gold, and consequently they are worth a great deal of money," said Mr. Pelletier J. Thrasher, a mining engineer, of St. Louis, says the Baltimore American.

"Not long since while in the State of Guadalupe, I was present at the sale of a bell of one of the historic Catholic churches for \$2,500. The good fathers did not wish to part with it, as it had summoned their people to mass and vesper for generations, but the church was poor and the money badly needed. The bell will be thrown into the melting pot of gold and silver and no doubt the buyers will realize a good profit on their investment, for it is a big affair and has much precious metal. It may be that this will set a precedent and that many similar sales will occur, for there are hundreds of ancient copper bells in the towers of the churches in the land of 'God and Liberty.' It will be a good way to relieve depleted treasuries and iron bells will answer every purpose."

The City Corner Band announce that they will render a concert tomorrow evening in the King Square hall. A choice programme has been prepared. About thirty seats will be placed about the square for the convenience of ladies and children.

The qualifying examinations for superior licenses for teachers are being held in the Centennial School building under the supervision of Inspector Carter. The examinations started this morning and will be continued until Friday. There are fourteen students sitting for the papers. Similar examinations are being held at Fredericton this week.

A large crowd will doubtless attend the concert in St. Peter's hall this evening. Babarata have been in progress under the direction of Mrs. Wilson for some time past and an enjoyable time is promised all who attend. A number of young ladies are taking the prominent part, while little children are assisting. A number of interesting drills will be given. A matinee is being held at the hall this afternoon.

Word has been received at the Curie Business University that Lorne McFarlane, who left here for the west a few weeks ago, has accepted a responsible position in the office of the Canadian Fairbanks Company, Limited, Montreal.

At 6:15 this morning a very pretty wedding was held in St. John's (Stone) church, when William McDonald, son of the late Mont. McDonald, was united in marriage to Constance Climo, daughter of Mr. and Mrs. Harold Climo. In the presence of many guests of the contracting parties. The ceremony was performed by Rev. G. A. Kihring and music was furnished by the choir of which Miss Climo was a member—under the direction of D. A. Fox. Miss Gladys Climo acted as bridesmaid and the groom was supported by his brother, C. H. McDonald. The newly married couple left on the Prince Rupert this morning for a two weeks' trip throughout the New England States via Digby and Yarmouth. Upon their return Mr. and Mrs. McDonald will reside at Woodman's Point for the summer. The presents were numerous and costly and demonstrated very clearly the popularity of the bridal couple.
