

OXYDONOR VICTORY

(Trade Mark Registered)

INVENTED AND DISCOVERED BY
Dr. Hercules Sanche

A Native of the Province of Quebec, Canada, after 35 years of earnest investigation of the Natural Causes and Cure of Disease.

The Only Genuine Instruments for the Cure of Disease by this Method.

Oxydnor Gives Vigorous Health

And Cures all forms of Disease at any reasonable stage, without Medicine or electricity.

ONE OXYDNOR

will keep an entire family in good health, and will last a life-time if taken care of.

SHOWING HOW OXYDNOR IS APPLIED

The following convincing expressions from prominent and progressive people are kindly given us for publication for the benefit of humanity:

Ex-Governor of Florida, Hon. Geo. F. Drew, writes:

JACKSONVILLE, FLA., March 4, 1899.
The Oxydnor "Victory" cured me entirely of injuries I sustained from a very severe fall, and I have never had a return of the trouble. It has twice cured me of Inflammatory Rheumatism and twice it has given me almost instant relief from attacks of La Grippe. I have taken no medicine since I began the use of this instrument more than six years ago. My health has been better since I used the Oxydnor than at any period since I arrived at manhood, and I am now nearly seventy-two years old.
Yours truly,
GEORGE F. DREW.

Professor Fletcher Osgood

writes from Chelsea, Mass., July 25, 1898. I have found Dr. Sanche's Oxydnor a highly useful assistant in warding off or ameliorating attacks of illness. Under conditions of extreme nerve strain it has the happy faculty of producing natural and wholesome sleep.
FLETCHER OSGOOD.

Rev. A. McBean,

SECRETARY AND SUPERINTENDENT, Religious Book and Tract Society, writes:
461 William St., Winnipeg, Man., January 15, 1899.

DR. H. SANCHE & Co.
Dear Sirs:—I have been a sufferer from a severe case of Catarrh of the head and throat for fourteen years. Previous to using Oxydnor my health was broken down and I had to retire from my work. I have been using Oxydnor for about three years, and my general health is very greatly improved, and a radical and complete cure of Catarrh is being effected. I am now able, in my 73rd year, to resume my life work.

Quite a number of leading citizens in this city have obtained Oxydnors and speak of them in the most favorable terms.
A. McBEAN.

Rheumatism, Sciatica.

GLENANNOON, Ont., March 20, 1899.

DR. H. SANCHE & Co.
Dear Sirs:—It is with pleasure that I can testify from my own experience to the value of Oxydnor for curing Sciatica and Rheumatism of any kind. I have also used Oxydnor for La Grippe and colds with myself and other members of my family. Oxydnor is far ahead of medicine in my estimation.
Yours respectfully,
MRS. W. M. MUNDELL.

DYSPEPSIA.

ARNHEM, Ont., Nov. 14, 1898.

DR. H. SANCHE & Co.
Dear Sirs:—My wife, Jessie De Renzy, purchased one of your Oxydnors and has been using it almost continually ever since she received it. She is a new person, she has improved so much from Dyspepsia.
You can use our name as reference.
Yours respectfully,
EDWARD DE RENZY, Postmaster.

Descriptive books containing hundreds of certificates of self cures sent to any address upon request.
A 170-page book of directions accompanies each Oxydnor.

REFUSE IMITATIONS

advertised under different names. The genuine is plainly stamped with the name of the discoverer and inventor, "DR. H. SANCHE." The buyer as well as the sellers and makers of the imitation is liable for damages.
We sell our instruments at exactly the same prices in Canada as in the United States.

Dr. H. Sanche & Company,

2285 ST. CATHERINE STREET,
United States Offices
New York, Detroit, Chicago. **Montreal**

News Summary.

The Dewitt Milling Company, Montreal, which did a large business in grain throughout the western country, has gone into liquidation.

The rebels under Chief Mataafa looted Chief Justice Chambers' house in Samoa on April 6. The Chief Justice lost about \$1,000 worth of property.

Vestuvius was covered by a heavy snow-fall recently while the crater was in eruption. The Neapolitans watched the unusual spectacle of three streams of red-hot lava working their way through the white snow.

Hunters at South Seaville, N. J., have exhausted all their ingenuity in trying to capture a white crow that for more than a year has been living in the woods adjacent to the town with several hundred of its black companions.

The French minister at Peking has demanded mining concessions to the value of one million two hundred thousand taels in the province of Sze Chuan, one of the largest in China, and traversed by the Yang Tse Kiang, as indemnity for the recent imprisonment of a French missionary. The demand is considered exorbitant.

Charlottetown Guardian: Last Wednesday night and Thursday morning was an exciting time at New London and Park Corner. The ice had drifted shoreward, and on it seals innumerable. The inhabitants turned out to give the seals a reception, and succeeded in capturing about one hundred in all. There was a fierce gale blowing at the time, otherwise many more would have been caught. Some of those taken were good ones, many of them weighing 300 lbs. each.

The British House of Commons on Wednesday by a vote of 310 to 156, defeated the second reading of the Church Discipline bill. Subsequently, the House adopted without division a government amendment to the bill, to the effect that unless the efforts which the Archbishops and Bishops are now making to secure due obedience by the clergy are not speedily effectual, speedy legislation will be required in order to maintain observance of the existing laws of the Church and realm.

Commander Smith of Her Majesty's survey ship Egeria, now attached to the Pacific Squadron at Esquimaux, has received orders from London to prepare for the survey of the route for the Pacific cable from Victoria to Sydney via Fanning and Fiji Islands and New Zealand. This is taken to mean either that the imperial government recedes from its former position on the cable proposals or accepts the offer of the British Columbia government to contribute \$1,000,000 towards the cost.

A bill has passed the Michigan Senate practically shutting trusts out of Michigan and its friends claim votes enough in the House to pass it. It prevents trusts and monopolies of capital, skill or arts, from creating or carrying out restrictions in trade or commerce, from limiting or reducing the price of merchandise or any commodity, or from fixing any standard or figure whereby the price to the public consumer of any article or commodity of merchandise shall be in any manner controlled or established. In addition to criminal and civil penalties provided, any person injured in his business by a trust may sue and recover two fold the damage sustained.

The St. John Globe is informed by Mr. J. N. Sutherland that, commencing on Monday next, the 15th inst., the Canadian Pacific Railway will run a fast refrigerator service between Hamilton, Toronto, Montreal and St. John and Halifax, the first car leaving Hamilton on Monday, the 15th inst., Toronto on Tuesday, calling at Montreal en route and arriving at St. John on Saturday morning. The second car will leave Hamilton on Friday, Toronto on Saturday, arriving at St. John Wednesday morning, and twice every week as above through the summer. This service is put on for the purpose of bringing meats, butter, fruits and all perishable articles from the Upper Provinces to this city.

The semi-annual convention of the Grand Division S. of T., closed at Moncton Thursday morning. Mr. Law, of St. John, gave notice of motion at next annual meeting for separation from the United States and formation of a national organization in Canada. The committee on the state of the order expressed its great dissatisfaction at the outcome of the plebiscite, for notwithstanding the large vote of Sept. 29th the government refused to give a prohibitive measure. The report, however, said that the order must be hopeful. The committee on prohibition resolved that as the Dominion government failed to enforce prohibition notwithstanding the large majority in its favor, this convention disapproves of the action of the government in refusing to take such steps as would give effect to the expressed will of the people and would strongly urge all to unite and vote for prohibition irrespective of party politics.

The Prejudice Against Prepared Paint

Yes, prejudice is the right word; that is, an opinion before trial. When one investigates fairly he is simply forced to the conviction that a paint composed of the best possible ingredients, selected by those who have special knowledge of their nature and their use, and then thoroughly ground and mixed by special machinery, is better than any one man and one stick can supply. Such paints are

THE SHERWIN-WILLIAMS PAINTS

They are not patent paints, nor chemical paints, but simply the best paints that unusual care, skill and experience can produce. "Paint Points" will make painting easier. It is sent free on request.

What are You Reading?

A bright, beautiful boy, a minister's son, a student in a college in Pennsylvania, smoked cigarettes, read novels and tales of murder and suicide, and one day after threatening another student with a pistol took a dose of strychnine and died in a few moments.

"The arrest of several boys for an attempt to rob a Burlington passenger train in August, 1898, and the verdict of ten years in the penitentiary as a result should arouse people to the fact that the depravity of human nature is liable to show itself at a very early age, if the surroundings are favorable. These boys belonged to well to do families. They had the privilege of buying and reading the corrupt literature that tells of robbers and daring wickedness. It was a natural result that they should admire the adventure and daring attributed to the heroes of their vicious novels; and, in due time, this seed-sowing brings the result. It would have been infinitely better for the parents of these children to have furnished them some good books of the day to read, where they could have learned of heroic deeds of goodness that have been done to relieve and benefit humanity; and let them pattern after the good rather than the bad."

Good reading tends to make good boys, good men, and good women. Bad reading tends to make sin and death and perdition. What are you reading?—The Little Christian.

Try Your Wings.

A friend of mine, who told me the story, had an eagle. He caught it when it was young, and had brought it up, as far as he could, like a domestic fowl. Having, in God's providence, to go to the other side of the world, he was selling off everything. He wondered what he should do with his eagle, and the happy thought came to him that he would not give it to anybody, but would give it back to itself—he would set it free. And he then opened the place in which it had been kept, and brought it to the back green. How he was astonished! It walked about, feeling as if this was rather bigger than its ordinary rps; but that was all. He was disappointed, and, taking the big bird in his arms, he lifted it and set it up on his garden wall. It turned and looked down at him! The sun had been obscured behind a cloud, but just then the cloud passed away, and the bright, warm beams poured out. The eagle lifted its eyes and pulled itself up. I wonder what it was thinking? Can an eagle recollect the crags and cliff, the reveling in the tempests of long ago, the joyous thundering and the flashing lightnings? Pulling itself up, it lifted one wing and stretched it out—"by prayer and supplication"—and it lifted the other wing—"with thanksgiving"—and outstretched it. Then it gave a scream, and soon was a vanishing speck away in the blue heaven. Anxious, disturbed Christian, you are an eagle living in an old henhouse! Try your wings!—The Rev. John McNeill.

The above is the name and trade mark of the original Kidney Pill. The only reliable Kidney Pill. They were placed on the market by Mr. James Doan, Kingsville, Ont., February, 1885—long before other Kidney Pills were thought of. Their phenomenal success in all parts of the world, as well as in Canada, has brought forth many imitations. Take nothing that has a name that looks or sounds like D-O-A-N-'S Kidney Pills—the pills that quickly and thoroughly cure all kinds of Kidney ills after other remedies fail.

Whiston & Frazee's COMMERCIAL COLLEGE,
