

MANY ATTEND TO MAKE BIG IMPROVEMENTS IN SERVICES AT CATHEDRAL

Bishop O'Reilly, of Baker City, Oregon, one of the Speakers - Tells of Big Improvements.

Particular interest was attached to the services in the Cathedral yesterday owing to the special exercises in connection with the mission which is being conducted by the Redemptorist Order, and by the presence of a visiting prelate of the Church, Rt. Rev. Charles O'Reilly, Bishop of Baker City, Oregon. Moreover, yesterday, the first Sunday of October, was the day set aside for the observance of the feast of the Holy Rosary.

Masses were said at the usual hours 7, 9 and 11 o'clock. At 11 o'clock pontifical mass was sung, the celebrant being Rt. Rev. Charles O'Reilly. An unusual event, in the Cathedral, was witnessed yesterday, this being the presence of two bishops in the sanctuary. His Lordship Bishop LeBlanc being present at the mass and occupying a dias erected for the occasion on the epistle side of the sanctuary opposite the throne occupied by the celebrant Bishop O'Reilly.

Bishop O'Reilly as celebrant was assisted by Rev. Fathers Kane and Walsh of the Redemptorist Order as deacon and sub-deacon respectively, and Rev. E. J. Conway of the Cathedral, as high priest. Rev. M. O'Brien acted as chaplain to His Lordship Bishop LeBlanc.

The sermon was delivered by Rev. Father Hogan, C.S.S.R. Father Hogan gave an inspiring sermon on the subject of "Religion." He defined religion and explained that there can be but one true religion. The Catholic religion, he said, is the only one which possesses all the qualities of true religion, being one and the same at all times, in every part of the world, under all conditions and circumstances free from all doubt. The sermon was both eloquent and the same at all times.

The opening exercises of the mission for the men of the parish were held last evening at half past seven o'clock. The attendance was highly successful and augurs well for a continued success of the mission. Shortly after seven o'clock every available seat in the edifice was occupied and a couple of hundred were obliged to stand during the service.

The preacher was Rev. Father Walsh, Bishop LeBlanc and the priests of the Cathedral were present in the sanctuary.

Before the close of the service Bishop LeBlanc addressed the congregation briefly, referring to the age which was theirs in having in their presence at that moment a former native of St. John, who during the thirty years he has been absent from his home city has risen through his zeal for the faith and valiant service to the church to his present eminent position among the hierarchy of the introducing Bishop O'Reilly to the congregation he paid a tribute to the people of the Cathedral parish. "You see assembled before me," he said, "a strong, generous and faithful people."

Bishop O'Reilly then spoke briefly, expressing his great pleasure in being back again amid home scenes after an absence of over a quarter of a century. His Lordship is an eloquent speaker, possesses a splendid voice and pleasing personality.

TO MAKE BIG IMPROVEMENTS IN SERVICES AT CATHEDRAL

Minister of Marine Plans Alterations in Lighthouse Department There - Will Make Much of the Machinery Used

Special to The Standard. Ottawa, Oct. 5.—An important announcement regarding the future of the lighthouse depot at Prescott was made by Hon. J. D. Hazen, Minister of Marine, at a banquet tendered him in that town. The minister stated that he had caused his technical officers to carefully look into the Prescott requirements with a view to increasing the efficiency and extending the work of the depot. It was found that in connection with the improvements of lights, buoys, etc., that materials and machinery, representing in the aggregate a very large amount of money, were being yearly imported into the country whereas they could better be manufactured at Prescott.

To bring the station to this stage of efficiency and provide for future requirements, it was necessary that very considerable enlargements should be made. For this purpose additional property immediately adjoining that already owned by the department was secured for a very reasonable price. Ample provision is now being made for the manufacture of all classes of lighthouse apparatus, with the exception of lenses, at the depot, and the work turned out so far has been successfully done and warrants it being not only continued but extended in the future. When the enlargements and the installation of machinery now under way are completed the Prescott depot will be equal to the requirements of the public service for some time, and it will be capable of turning out work of the very highest class at a much lower cost than formerly and it is my aim that the facilities produced will be equal to any on the continent," said Mr. Hazen.

"Structural steel towers for the installation of range lights will also be constructed at Prescott. Fog alarm machinery, heretofore purchased at what are regarded as exorbitant prices, will probably be manufactured hereafter by the department. A resident engineer, Mr. Thompson, has been appointed and the wages of the employees at the depot have been substantially increased, with provision for annual increases where deserved."

Another List. Here is another list showing articles mentioned in reciprocity agreement which are to be made free by the final draft of the United States tariff: Meats, fresh or salted—13 1/2 cents per lb. Bacon and hams—14 cents per lb. Meats, canned—20 cents per lb. Tallow—40 cents per 100 lbs. Lard—14 cents per lb. Buckwheat flour—30 cents per 100 lbs. Cornmeal—12 1/2 cents per 100 lbs. Rye flour—50 cents per bbl. Biscuits and cakes without sweetening—20 cents per lb. Farm waggons—22 1/2 cents per free. Agricultural implements—15 per cent ad valorem. Laths—10 cents per M. free. Slack coal—15 cents per ton, free. Wheat flour, bran and other wheat products will be free if Canada reduces its duty on wheat to 50 cents per bbl. and other wheat products; otherwise the duty will be 45 cents per bbl. on wheat flour and 10 per cent on bran and other products of wheat. Under such a reduction of duty wheat will be 50 cents per bbl. while bran and other products of grain used for animal food were 12 1/2 cents per 100 lb.

Dalhousie News. Dalhousie, Oct. 4.—The new power house is about completed and the machinery is being installed. The wiring is progressing and soon this town will take on a new life. The Sydney Lumber Company are building a new plant to replace the one destroyed by fire. The building is to be 100 feet by 40 feet, and will manufacture staves and headings for mill logs. Town Marshal Boudreau has handed in his resignation to the Town Council to take effect at once. This leaves the town without police protection for the time.

MARRIED. COLWELL-FLEWELLING.—At Vancouver, on Sept. 9, by Rev. William Litch, Agnes Anna, daughter of Mr. and Mrs. R. E. Flewelling, Oak Point, to Bertie Maynard Colwell of Vancouver, B. C. A GOOD COAL. Something Special for The Kitchen Range. Here is a coal such as you have been looking for, free burning, quick heating, no clinker and very little ash, and with it all, good lasting qualities. It is a coal that can be sold at a price free with American chestnut. It is a very special coal at the regular price. You should at least try it. Also the same coal in nut and egg sizes for heating purposes. Consumers Coal Co., Ltd., 331 Charlotte St., (opposite Broad St.), Phone M-2670.

FUNERALS. Alexander McDermott. The funeral of Alexander McDermott was held yesterday afternoon at 2:30 o'clock from his late residence, 277 Charlotte street, at St. John the Baptist church, Lower Cove, where Rev. Father Gaudet officiated. The body was then conveyed to the old Catholic cemetery where interment was made. Relatives of the deceased acted as pallbearers. The funeral was largely attended. Among those in procession were the members of the I. L. and B. and C. M. B. A. societies, of which Mr. McDermott was a member.

ALL IN READINESS FOR WORLD SERIES EVENTS. Continued From Page One. Doyle with the exception of a little stiffness in his throwing arm, appears to have recovered well from the effects of his recent automobile spill. Snodgrass, "Charley Horse" however, still is bothering him so much that it is out of the question to expect him to play to his usual form. It looks to be probable, therefore, that the Giants will line up on Tuesday with Merkle, Doyle, Fletcher and Herzog filling the infield positions, and with Burns, Shafer and Murray in the outfield. Some close watchers of the play of the team are inclined to think that the team as thus formed will not be a bit weaker than with a lineup that included Snodgrass and left Herzog out. Herzog was one of the stars of last season's series with the Red Sox, his batting being hard and timely and his "peppery" personality adding appreciably to the life and spirit of the team.

HANDSOME AND INEXPENSIVE. It is what you will say when you see our splendid line of dining room furniture. We are constantly adding new patterns, which we think worthy of your approval. Last week many new patterns in Buffets arrived which we would like to have you inspect. They are in every wood and finish. Just view our stock, its quality and prices will please you.

A. E. EVERETT, 91 Charlotte St.

SCENES AT THE FUNERAL OF NEW YORK CITY'S LATE MAYOR.

WILLIAM H. TAFT, ROBERT ADAMSON, AND HONORARY PALLBEARERS. In the above illustration are shown some of the scenes at the funeral of William J. Gaynor, Mayor of New York City. The funeral car was drawn by sixteen jet black horses in trailing trappings, each led by a policeman or fireman, whose marked sleeves revealed them as the flower of a united service.

Down Broadway the procession moved at a bugle note. First the small platoon of police cavalry; then the police band playing the Dead March from "Bani"; a squadron of mounted police, and last a regiment of police in full uniform, the men of the new order, 1,200 strong, and every one appointed or promoted in the administration just closed by death.

At either side of the catafalque walked the distinguished Americans chosen as pallbearers. Leading the file on the right was William Howard Taft; on the left Colonel Ardolph L. Kline, present Mayor of the city.

EARTHQUAKE SHOCK FELT IN NAPLES. Naples, Oct. 4.—A strong earthquake shock occurred here at 7:20 this evening. It lasted thirty seconds and was followed by another shock at 7:30. Both were undulatory and caused a considerable panic, though the damage was insignificant. Shocks occurred also in the nearby provinces, particularly Avellino, where the inhabitants abandoned their houses. In the province of Foggia many of the villagers are camping in the fields.

IMPERIAL ST. JOHN'S PASTIME PALACE. Emotional Drama in Two Reels, Written by the Wife of Otis Skinner. "The Ne'er-To-Return Road" Maurice Costello and Glenn Kimball Young. "The Hindoo Charm" A Vitagraph Drama Played in India. Edison's "Mr. Toot's Tooth"—Cigliga. A Day in Damascus Delightful Travel Photo. "Mary" Series Wednesday Also Paths Weekly. Doops Open 1.30 and 6.30 Orchestra Continuously.

THE MARINE NOTES OF THE WORLD

WILL RECOVER CARGO OF MANGANESE ORE. The wrecking steamer Bridgewater arrived in Lousburg from Halifax and will endeavor to salvage seventy-five-ton cargo of manganese ore lost through the burning of wrecking schooner Whinn. It was short time ago. The ore is worth over \$6,000, and is sunken at mouth of Lousburg Harbor. There is no insurance on it, but the expectation is that the Bridgewater successfully raise it all.

NEW BOSTON TUG. The new Boston tug boat Capt. P. Greenough had her deck trawl Friday at the wharf of the Portland Co., Portland, Me., the builders her engines and machinery, everything working finely.

DREDGING IS COMPLETED. Dredging operations that were begun in the harbor of Bangor in fall of 1908 have been completed, government having removed, at cost of \$124,000, about 85,000 cubic yards of ledge, gravel and sunken mill refuse, giving fourteen foot depth at mean low water in a channel to 500 feet wide extending from wharf of the Eastern Steamship Corporation to a point just above Head a distance of about 2000 feet.

THE CURLEW IN PORT. The government steamer Curlew engaged in the fishery patrol near the Bay of Fundy, is in port.

NEW AID TO NAVIGATION. It is reported that the Marine Department will establish a fog alarm system at the Bay of Fundy. Plans to install a fog alarm, which will be a powerful light beam, have been under way for many years. A plan will be made to install a fog alarm and navigators' special.
