SMOOTH SAILING THUS FAR FOR STR. DACIA

When last heard from was 400 miles west of Land's End, Eng.

New York, Feb. 25—The steamship Dacia, which sailed from Norfolk Feb. 11 for Rotterdam with cotton, in the face of assertions that she would be seized by British warships inasmuch as she had been a German vessel at the outbreak of the war, had almost completed her trip across the Atlantic without interference on Feb. 23, according to messages received here today. These messages asserted that the Dacia was 400 miles of Lands End, Eng., on that date and would proceed through the English Channel to Rotterdam if not taken.

MOTHER! IS CHILD'S STOMACH SOUR, SICK?

If cross, feverish, constipated, give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

HARTLAND HAS SMALL-SIZED FLOOD

Considerable loss expected as result of recent heavy rains and melting snow.

Special to The Standard.

Hartland, N. B., Feb. 25.—The heavy rains of the last couple of days, coupled with the melting of the snow on the hills back of the village has resulted in the flooding of all the places back of Main street, and the cellars in some of the buildings on that thoroughfares are also filled. Most of the houses are built close to the ground and in many of them the water is from two to six inches deep at this writing. The sewer or flume supposed to carry off the surplus water in cases like this is choked and the residents will suffer much loss from the flood which is the worst that has been known here. The Bank of Montreal is among the submerged buildings. It is still raining but the wind has shifted to a drier quarter with indications of cold. If this occurs the water will soon subside. The C. P. R. are fearing washouts and landslides on their track between this place and Newburg Junction.

ANDOVER WOMEN'S INSTITUTE'S GIFT FOR PATRIOTIC PURPOSES

Andover, Feb. 25—The Andover Women's Institute at its last meeting which was held at the home of Mrs. Charles Spike, Carlingford, voted that the money on hand which was intended for the purchase of an operating table for the Woodstock Hospital, be used for patriotic purposes. Mrs. D. R. Bedell, chairman of the committee was advised by Dr. Rankine that owing to tariff changes and war conditions it was not advisable to carry out the original plan, and he suggested that the money be sent direct to the Belgian Ambasador at London for the needy doctors, and medical profession of Belgium. After discussion it was voted on and unanimously carried that the money be disposed of as Dr. Rankine advised. And the sum of $60.00 or more will be forwarded on Monday. The meeting was unusually large and enjoyed the kind hospitality of Mr. and Mrs. Charles Spike. The Pres., Mrs. Turner was in the chair. Several visitors were present, all the members knitting for the Red Cross.

An Easy Way to Increase Weight

Good Advice for Thin Folks.

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This masterstroke of modern chemistry is called Sargol, and has been termed the greatest of flesh-builders. Sargol aims through its re-generative, re-constructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. All leading druggists of St. John and vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Caution:—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain ten pounds or more.
