### A Mind of Her Own

Sask., Aug. 12, 1914.

Dear Editor and People as well—Having made up my mind, after about four years, to write to you, I am now going to send a short letter. I have often thought of writing, but did not suppose that you would have any room to print such a letter as mine will be. I have just finished reading the last number of The Western Home Monthly, and in these columns I read Sunset Bill's letter. Now, Mr. Sunset Bill, I do not agree with you on some subjects or things. I believe you wrote that letter just to see what somebody would say about it. Confess now, didn't you? Of course, I have had no experience in what you wrote about, but I don't believe it is so any way. I am only a "High School Kid," but still I have a mind of my own. I am called a kind of tom-boy, I believe, or, if I am not, I should be, as I delight in all boys' games. Baseball is my favorite, and skating next. I guess I do not care much for dancing, and regard playing cards as a dry amusement. I guess it is too quiet for me. But I am not all "tom-boy," even if I have been called something like that by prim, precise old maids. I can cook, indeed, I pride myself on that, as I have taken a few dollars' worth of prizes at fairs already, and I'm not yet out of high school. I can also scrub. How I do love that occupation! I think that my highest aim will be a scrub-lady or a negro-cook. I thump the piano and organ a little, and try to embroider, but generally come out with sore fingers, resulting from jabbing the needle into them. But when I'm really quiet is when I'm reading. I have read many books, and I spend most of my winter evenings reading when I'm not skating or sleigh riding. Well, this is a short letter, but I'm in a dreadful hurry, so I will close, wishing the paper success and enjoyment to the members of this column. My address is with the editor. From High School Kid.

### Will Not be the Last

Invermay, Sask., Aug. 9, 1914.

Dear Editor—This is "Wee Willie's" first appearance in the columns of The Western Home Monthly, but it may not be the last. I enjoy very much the reading of the letters from some of the fairer sex. Who said that women's votes were much needed in the West? I think it was "Manitoba Pearl" who made this statement. Certainly the working women in the Old Country need the vote, but here they do not. When a woman works hard for herself and for a family in order to support them it is only just that she should have a vote. It is the stubbornness of some of our law-makers "across the herring pond" that is to blame for so much of the havoc wrought by the militants of that land. Had they listened to their women long ago and compromised to an extent, much trouble would have been prevented. But our women out here do not need the vote. What say you, "Peshshik"? Would you kindly give us some advice on the subject? Speak up, "Sunset Bill." I should like to hear the opinions of some of our old, wise and far-seeing correspondents on the subject raised by "Kittie" in the issue of August, 1914, namely: "Which would make the better wife—a clean, cranky woman or an untidy affectionate woman?" Certainly the former would be more fitting for the wives of some men, but, as for me, kindly excuse me from either extreme. I would like a girl with some tidiness and affection, but, of course, the girl might have something to say to it. When I see some of our poor, forsaken hen-pecked husbands I feel like "Farmer Brown" in that song, "This is the Life," for you see I'm single, and if any one takes a notion to write, she may ask the editor for the address of "Wee Willie."

A Boon for the Biliary.—The liver is a very sensitive organ and easily deranged. When this occurs there is undue secretion of bile and the acrid liquid flows into the stomach and sours it. It is a most distressing ailment, and many are prone to it. In this condition a man finds the best remedy in Parmelee's Vegetable Pills, which are warranted to speedily correct the disorder. There is no better medicine in the entire list of pill preparations.
