Think it'll impress?

Think it'll scream?

Think it'll fly?

Think it'll work?

**CompuPartner Multimedia**

You thought right.

What you may not have thought is that a computer as powerful as the NEW CompuPartner 486DX2/66 Multimedia would be as affordable as it is.

Powered by the Intel 486DX microprocessor and combined with a list of very impressive specifications like 8MB RAM, a 426MB Hard Disk and included

Multimedia kit, its a machine that practically thinks for you.

All CompuPartner systems come pre-installed with the leading system software such as MS-DOS 6.2 and the new Windows 3.11.

If you think you have heard enough and want to check out the greatest computer package we have offered yet, drop by and take a test drive.
