

OBJECTS OF THE CLUB

A. To effect a combination of the resident sportsmen; the general resident public and the authorities all to work together in protecting, preserving and increasing sport and the means and opportunity of enjoying it.

B. To advocate and promote the principle of game and game fish protection and preservation, and to agitate and work for legislation to effectuate this object.

C. To encourage game fish culture and the increase of game fish in local waters by assisting in the construction of fish ladders and other contrivances, and the clearing of obstructions from streams to permit of fish ascending to their spawning grounds.

D. To advocate the protection of game and game fish, the prevention of excessive killing of game, the prevention of over fishing, and the unsportsmanlike taking of immature fish and to assist in enforcing the laws against the killing of game or game fish out of season, and the killing of game or game fish by illegal methods.

E. To promote public meetings for the discussion of topics of general interest to members.
