The slanderous reptile who runs the Potato Creek Vindicator, in his latest issue asserts that our wife has sued us for divorce on account of excessive and repeated cruelty. In order that, our readers may know how much truth there is in this story we will explain. Our wife has not sued us for divorce at all. We haven't any wife. We never had a wife. The whole story grows out of the circumstance that there is a report in circulation to the effect that we are to be married week after next. And there isn't any truth in this story, either. It is all we ban do to support ourself in this durned town, let alone a wife. But if the lying old blatherskite of the Potato Creek sheet doesn't want to get into trouble, let him keep out of our way for the next month or two.— Skedunk Bugle. FOREIGN MARKETS. FOREIGN MARKETS.
