ELECTRIC BELT INSTITUTION.

(Established 1874.)

A. NORMAN, Esquire.

Toronto, Nov. 25th, 1887.

Dear Sir,—In justice to you and your system of Electric Treat-
 ment, I acknowledge the very great benefit I have derived from
 its use. A year ago I commenced the use of the belts and took
 electric baths, to see if they could do me any good, although I
 had little or no hope of receiving any benefit, because for thirty
 years or more I suffered with sciatic rheumatism, constantly in
 pain day and night, sometimes severe. I was also run down,
 weak and nervous, lost my appetite, and my digestion was bad,
 but now I feel strong and almost entirely free from pain, have a
 good appetite and digestion. To me the change is wonderful, for
 I did not believe it possible to cure a case of so long standing.

Yours gratefully,

J. FLYNN, 26 Victoria St.,
