UNIVERSITY OF
BISHOP'S COLLEGE
MONTREAL.

FACULTY OF MEDICINE

SESSION OF 1884-85.

THE FOURTEENTH WINTER SESSION of this Faculty will open
on the first Tuesday in October, 1884. The Faculty of
Medicine of Bishop's College bases its claim for public
support upon the thoroughly practical character of its in-
struction, and the fact that the means at its disposal for this
purpose are not excelled by any medical school in Canada.

Its Diploma is recognized by the Royal College of Physicians,
Edinburgh; the Royal College of Surgeons, England; and the Royal
College of Physicians, London. Students have the option of attending
the practice of either the Montreal General Hospital (200 beds), or of the
Hotel Dieu Hospital (200 beds), both of which institutions have a staff
who regularly and systematically visit them. At the Montreal General
Hospital excellent facilities are afforded for the study of Practical Pathology,
under the direction of the Pathologist of the Hospital. The practice of the
Montreal Dispensary—where splendid opportunity is afforded to learn Dis-
pensing—is open to the Students of Bishop's College.

THE WOMAN'S DEPARTMENT OF THE WESTERN HOSPITAL, under the
supervision of this Faculty, is divided into two departments—Obstetrical
and Gynecological. The Obstetrical Department is under the control of
the Professor of Midwifery, and affords to Students a field unequalled in
the Dominion—in fact this Department has made Bishop's College the
Midwifery School of Canada. The Gynecological Department is attended
by the Professors of Bishop's College, and is the only Hospital of its kind in
this important Department of Surgery.

TWO GOLD MEDALS ("The Wood" and the "Robert Nelson" Gold
Medals) and the "Dr. David" Scholarship are competed for annually.

FEES, about the same as at the other Medical Schools in Canada, but a
Student who pays the cost of the entire course on the commencement of his
studies is able to effect considerable reduction.
