

A Farmer Says

Some good words about our health on Farm Problems.

46 **Wheat Valley, P. O. Box 100, Cambridge, Ont.**—I have noticed recently the tendency of the heavy taxes, tolls and higher transportation, and I only hope that it may not be too late every locality that has not been the members of the wheat valley. There is an old saying "AT THIS TIME WE ARE GOING TO BRING THE WHEAT VALLEY AN ADVANTAGE TO THE FARMERS OF THE WORLD." I hope that you will see the value of the wheat valley in this country, and I hope that you will see the value of the wheat valley in this country, and I hope that you will see the value of the wheat valley in this country.

What Mr. Lewis says about the value of the wheat valley in this country is echoed by all farmers who have seen and enjoyed the benefits of telephone service.

We have several booklets which will tell you how to get a telephone line drawn in your community, and how to buy telephones and connecting materials at the best advantage. Write for our booklet "HOW TO GET THE MOST FROM YOUR TELEPHONE LINE."
