

The Union Stock Yards Co.

LIMITED

HORSE EXCHANGE

Keele St., Toronto Junction

Auction Sales of
Horses, Carriages
and Harness every
Monday and
Wednesday.
Private Sales every
day

Come and see
this new
Horse Exchange,
it will interest you,
also the Quarter
Mile Track for
Showing and
Exercising

THE Directors of the above Company have not spared anything in the building of this new Horse Exchange. The stables which are built of cement and brick, will stall between 200 and 300 head of horses, and are considered by judges who have seen them, to be the most sanitary they have yet seen. We have sold on an average of 100 horses per week since the opening of this great Horse Market, and now that the success of the Horse business is assured, we are in a position to handle

Breeders' Stock Sales

of all kinds, Cattle, Sheep and Hogs. Breeders will find that advertising from a central place like Toronto will be advantageous in many ways, as this is unquestionably the most complete market of its kind in America for both buyer and seller. We have our own Railway Chutes, which are the finest, and can load any number of cars at once on both G. T. R. and C. P. R. No charge for loading or unloading stock of any kind.

Correspondence Solicited
as to Terms, etc.

HERBERT SMITH, Manager
(Late Grand's Repository)

DEERING MACHINES

MAKE SURE OF RESULTS

MONEY making farmers all belong to the class who are ready for each season's work when it comes.

It is of greatest importance to be ready for the grain harvest. It is double waste to lose any part of the grain after the labor and expense of growing it.

The most important step is to purchase one of the old reliable Deering harvesting machines.

Then you can go into the field knowing that the work will go right along. There will be no breakdowns or delays.

You can do fast work and good work, and it does not matter about the condition of the grain. Whether it be long or short, thick or thin, even lodged and tangled, the Deering harvester will save it all.

If your grain is dead ripe or you have a large acreage to cut, you will want to crowd the work. The Deering

harvester will enable you to do it.

Machines are made in 5, 6, 7 and 8-foot cut. If you keep the working parts oiled, you can keep your machine going till you are through, and not be troubled with vexatious delays.

The famous Deering line includes, in addition to harvesters, binder twine, mowers, tedders, sweep rakes, side delivery rakes, hay loaders, threshers, corn machines, knife grinders. Also a complete line of tillage implements and seeding machines, comprising disk drills, shoe drills, hoe drills, cultivators and seeders, smoothing, spring-tooth and disk harrows, land rollers and scufflers. Also gasoline engines, cream separators, hay presses, wagons, sleighs and manure spreaders.

Call on the local Deering agent for catalog and all particulars or write to any of the following branch houses:

WHEN YOU BUY FLOUR

it is just as easy to get the BEST as to get the next best. The most skillful baker can't make good bread out of poor flour, but any housewife by using

PURITY FLOUR

can bake bread that will come from the oven JUST RIGHT. If you want "more bread and better bread" bake with Purity Flour. Try it to-day. At all grocers.

THIS IS THE LABEL

See that it is on every bag or barrel you buy
