To Our Advertisers

As a Matter of Fact

it is not so much whether **OUR PEOPLE** will buy from you as whether you want to sell to them. The crop reports and the increased prices have placed the wealthy rural people in a position to demand the best—but even so, you can't expect them to order your goods unless you tell them what to ask for.

Amatite ROOFING

It needs no painting

Put Amatite on your farm buildings and you need never worry, for you have a good roof.

It is a comfort also to know that you won't have to paint these roofs, for frequent painting costs almost as much as a new roof.

Amatite is waterproofed with Coal Tar Pitch, the best waterproofing material known, and it has a real mineral surface.
