

Do You Need Farm Help?

Farm help is scarce, but one way to overcome the scarcity is to make your own time count for more.

The Self-Starting Remington Typewriter

will save from one-third to two-thirds of the time you now spend in pen-writing letters.

The typewriter is becoming as necessary on the farm as any other time and labor-saving machine, and the longer the war lasts the more necessary it will become.

The Remington Typewriter

is easy to learn to operate, and the whole family can use it.

Let us send you our latest booklet, "How the Typewriter Captured the Family." It will place you under no obligation and a postcard with your name and address will bring it to you.

Greatest Labor-Saving Invention of the Age

For the Farm and Private Home

Time is money. Save it by using the Automatic Churn. Once used, no other churn will appeal to you.

ONE MINUTE

This Wonderful Automatic Churn makes perfect butter in from one to three minutes. Most sanitary churn in the world. Nothing but glass touches the cream. No dashers, paddle-wheels, etc. Self-cleaning in ten seconds. No corners, cracks or crevices to scrub. Operates with a slight pressure of finger. No strength or power required—vibration of steel springs does the work. A child can operate this churn successfully.

FREE: You should investigate this marvellous time, trouble and labor-saving churn. Write to-day for free, descriptive literature. Don't wait—get posted NOW.

The Hamilton Automatic Churn Company
41 King William Street, Hamilton, Ontario

"GOES LIKE SIXTY" We Want to Demonstrate on Your Farm

We will send a Gilson Engine, any size, without charge, to any responsible farmer in Canada to try out on his own farm, at his own work. Write for further particulars of free trial offer, catalogue, and special introductory prices.

Gilson Mfg. Co.
Limited
269 York Street, Guelph, Ont.

NORTHERN ONTARIO

Millions of acres of virgin soil, obtainable at 50c. an acre in some districts—in others free—are calling for cultivation.

Thousands of farmers have responded to the call of this fertile country, and are being made comfortable and rich. Here, right at the door of Old Ontario, a home awaits you.

For full particulars as to terms, regulations and settlers' rates, write to:

H. A. MACDONELL, Director of Colonization, Parliament Buildings, Toronto, Ont.
G. H. FERGUSON, Minister of Lands, Forests and Mines.

Dry Feet—Easy Feet and longer wear

Neolin Soles make work-boots as comfortable as old Sunday Shoes.

Neolin is springy, pliable. It "gives" with the step. What a treat to the farmer who is so much on his feet!

Neolin is waterproof, keeps the feet dry. How fine for people who must walk in the wet almost every day! And Neolin won't harden and curl with the wet.

Neolin Soles certainly make farm work less tiring.

Yet Neolin makes work-boots wear longer. For Neolin is better than leather.

It outwears most leather soles considerably. Millions have proved it.

If you wear Neolin, you know it.

New Neolin-soled work-boots are made with soles nailed or sewn. There are several thicknesses of Neolin Soles. Try them. Save your pocket-book and your feet.

Neolin Half-Soles—will add months to an old pair of boots. Make them more pliable. Keep out the wet.

Look closely for the name "Neolin" stamped on the sole. See the name so you are sure you get what you ask for.
