NEW AND IMPROVED FEED CUTTER

THE RIPPER

(Patented Canada and the U. S.)

Farmers and stock feeders, we call your special attention to the merits and value of the Ripper Feed Cutter. One prominent stock man has said that for cutting corn it is the only style of machine worthy of barn room, as it not only cuts but rips and reduces the feed to a spongy pulp, easily masticated and suitable to mix with grain and other rations. Compare this condition of feed with the sharp-edged pieces that come from other machines, so apt to cause sore mouths amongst the stock. Send for testimonials and fuller information to
