MANITOBA

WASHER!

A Globe reporter accepted an invitation from Mr. McCrossan to see the machine working, and went up to the home of Mrs. Wilson, 569 Parliament Street, and saw a washing well and quickly done. About a tub full of soiled clothes were put in the machine and three pails full of hot water, in which soap had been dissolved, were poured in. The machine was worked for ten minutes, and, by the way, the work is merely child's play. Afterwards the clothes were wrung out through an ordinary wringer, after which they were again put into the machine and three pails of boiling water poured over them. The machine was again put in motion and kept going for six minutes, when the clothes were taken out and rinsed. It was the unanimous verdict of all the ladies present—as well as the reporter—that the clothes were thoroughly clean and of an excellent color. One thing was very noticeable, that is the fact that the process of washing with the machine is very much easier on the clothes than the old hand-rubbing way. The following ladies were present during the experiment, and were loud in the praises of this latest labor-saving machine:—

Mrs. ALBERT WILSON, 569 Parliament Street.
Mrs. FRASER, 559 Parliament Street.
Mrs. EDWARD SYMPSON, 538 Parliament Street.
Mrs. FLAWS, 561 Parliament Street.
