PEDLAR PEOPLE, OSHAWA, ONTARIO, CANADA.

Eastern Warehouse—767 Craig St., Montreal, Quebec.

PAY WHEN CURED

IF YOU COME TO ME AND I TELL YOU THAT I CAN cure you, I've got confidence enough in my treatment to take all the chances. I am curing hundreds of weak men and women every day, and I know what I can cure and what I can't. If you will secure me you need not pay until cured.

WEAK, PUNY MEN.

I know that no man remains a weakling because he wants to. I am sure that you want to overcome every indication of early decay that has shown itself on you. I don't think the man lives who would not like to feel as big and strong as a Sandow, and I know that if you have a reasonable foundation to build upon I can make you a bigger man than you ever hoped to be. I want you to know that, you who can't believe it, and I want you to have my book in which I describe how I learned that strength was only electricity, and how I learned to restore it; also I want to tell you the names of some men who will tell you that when they came to me they were physical wrecks, and are now among the finest specimens of physical manhood.

I have devoted my life to the development of manly and womanly vigor. I've made a great success. My methods are now being approved by the greatest scientists and doctors, and copied.

I've proven that electricity is the basis of all animal life, and that "weak men," dyspeptics, rheumatics, sufferers from lost energy, weak kidneys, pains in the back, head, chest and shoulders, from varicocele and its allied weaknesses, etc., are weak in electricity.

My Electric Belt Restores this Life in a Few Weeks and Cures every time.

You can have freedom from Pain and again be given life energy and the vigor of youth if you wear

DR. McLAUGHLIN'S ELECTRIC BELT

with free Electric Suspensory for weak men. **Easy to wear—Cures while you sleep.** Tell me where you are and I will give you the name of some one in your town that I have cured.

Sore Back and Weak Kidneys Cured to Stay

Dr. McLaughlin:

Dear Sir,—Your favor of the 19th inst. to hand, and in answer would say that your Belt has made a permanent cure of my case. I have had no occasion to use your Belt for over a year, and my back feels as strong as ever it did, and have also no trouble with my kidneys. I can highly recommend your Belt to any who are troubled with sore back, weak kidneys, or from any other cause. I lose no opportunity in recommending the Belt to every one that I see in need of it. Yours truly, GEO. S. WEBB, Aberdeen, Ont.

Don't delay trying it. Your future happiness depends on your checking this drain upon your vitality, so stop it now and you can be sure of a long and vigorous life, full of the joys of a healthy vigor.

Don't drug. Drugs can't cure you, as you know, if you have tried them. My Belt cures because it increases your nerve power and vitality. Electricity renews the youthful strength; that cures. If you will call I will give you a free test of what I can do.

SPECIAL NOTICE—Dr. McLaughlin's Electric Belt is the only electric appliance sold in Canada with which the patient has the care of a physician during the time it is used. Agents or drug stores are not allowed to sell my Belts.

FREE BOOK

Every man who admires the perfection of physical strength should read my beautifully illustrated book. It tells how strength is lost and how I restore it with my Electric Belt. I will send this book, closely sealed, free upon request. If you are not the man you should be, write to-day.

DR. M. S. McLAUGHLIN, 130 Yonge Street, Toronto, Can.

Dear Sir—Please forward me one of your Books, as advertised.

Name.....

Address.....

Office hours—9 a.m. to 8.30 p.m.

Troubles Have Never Returned.

Dr. McLaughlin:

Dear Sir,—You will think that I have forgotten you, but it is not so, as I have been away from home and just returned. With regard to the benefits I have received from your Belt, I must say that they are most lasting and permanent. I have had none of my trouble since I stopped wearing the Belt in 1901. Wishing you all manner of success in your business, I remain, yours truly, G. L. SAVAGE, Chesley, Ont.

COSSIP.

VALUABLE GIFTS TO THE OHIO AGRICULTURAL COLLEGE.

To the Editor:

Recently some very valuable gifts have been made to the College of Agriculture of the Ohio State University, for they add much to the working equipment in the Animal Husbandry courses.

Mr. J. McLain Smith, Dayton, Ohio, Secretary of the Red Polled Cattle Club, presented six head of registered Red Polled cows and heifers, one of which was imported. This was a very valuable gift, for the cattle were of choice breeding and represented superior individuals. Mr. Smith has long been a prominent breeder and importer of Red Polls, and has for many years taken a deep and unselfish interest in the welfare of the College of Agriculture.

Mr. John A. Gerlaugh, of Harshman, one of Ohio's celebrated Shorthorn breeders, has given the University a pair of select pure-bred white Shorthorn steers. One of these, a grandson of the great British bull, Marengo, has averaged nearly three pounds a day since birth, nine months ago. Mr. Gerlaugh, with commendable State pride, desired these for exhibition before the live-stock students and visitors of the University, as samples of high-class Shorthorn steers.

Ohio has some fine herds of Aberdeen-Angus cattle. While not so well known as some, that of Mr. O. A. Estle, of Springfield, is of much merit. Mr. Estle has just donated to the University a pure-bred Angus steer calf, ten months old, that will be a credit to the herd and of much use among the steers used in class work.

Recently Mr. D. E. Williams, of Columbus, gave the College of Agriculture a grade Hereford steer calf, a selection from a large bunch of choice young calves, that promises to develop into an individual of unusual excellence.

The latest gift of the recent contributions is from Mr. James Buckingham, of Zanesville, O., one of the prominent citizens of Muskingum Co., a former member of the State Board of Agriculture and one keenly interested in agricultural progress. For many years of a long life, Mr. Buckingham has been much interested in problems of breeding, and especially so regarding horses. During this period he has collected many valuable books. He has now presented the University with several hundred bound volumes, some of which are of great value to animal husbandry students. Among the books given was the English Sporting Magazine, 1821-1838, 80 volumes; American Turf Register, complete from 1830-60; Turf, Field and Farm, 30 volumes, complete 1865-93; Spirit of the Times, 9 volumes; Wallace's Horse Monthly, first 19 volumes; American Studbook, by Bruce, 4 volumes; Whyte's History of the British Turf, 1840; Darville on the English Race Horse, 1846; Wallace's Yearbook, 4 volumes; the Horse of America, by Forrester; The Wool Grower, 8 volumes, and the Country Gentleman, 68 volumes, as well as many other books. These, with the large collection of herds, stock and stud books in the library, give Ohio State University live-stock students very unusual opportunities for reference.

The University greatly appreciates these gifts and the generosity of the givers.

C. S. PLUMB,

Professor of Animal Husbandry.

[The example of our Sir Wm. McDonald is thus being daily followed to the benefit of agriculture.]

The veteran importer, Mr. Wm. Colquhoun, of Mitchell, Ont., has again secured a couple of big, sound, thick, well-bred horses for his season's trade. These were shipped to him last month by Messrs. A. & W. Montgomery, Netherhall and Banks, Kirkcudbright. One is got by the celebrated H. and A. S. and R. A. S. E. first-prize horse, Prince Shapely (10111*), and the other by the renowned Cawdor Cup horse, Prince of Carruchan (8151), which never won anything but a first-prize ticket when he entered a show-ring, and was awarded the Cawdor Cup more than once. Mr. Colquhoun has always purchased the thick, short-legged type of Clydesdale, with good feet and plenty of bone. These two horses will doubtless please his patrons as well as the many brought out by him in the past.
