

TRADE MARK
Wilkinson
REGISTERED
PNEUMATIC
ENSILAGE
and STRAW CUTTERS

Our Climax "A" mounted is the only successful combination machine of this capacity on the market. It will cut and deliver green corn into the highest silo, or dry straw or hay into the mow. 18" mouth, rolls raise 8 inches and set close to knives, making solid compact cutting surface. Requires less power than any other of same capacity. No lost power.

Direct pneumatic delivery, no worm gears or special blower attachment. Knife wheel also carries the fans. No lodging on wheel arms, everything cut, wheel always in balance. Steel fan-case. Supplied with tools, etc. Ask your dealer about them and write for catalog. We also make a "B" machine unmounted.

Pump annoyances never worry the Farmers who are fortunate enough to be using

Imperial Anti-Freezing Pump

The "Imperial" is the pump best suited for all farm purposes.

It has a large air-chamber, extending to top of stand, containing 127 1/4 cubic inches. Has 1 1/4-inch plunger-pipe instead of stuffing-box. The advantage over the stuffing-box is that it has three plunger buckets which are self-expanding, and therefore require no attention. Can be used on any sized pipe from 1 1/4 to 2 inches in diameter, tapped for 1 1/4, 1 1/2 or 2-inch pipe. On tubular wells, the plunger can be withdrawn without removing the pump.

PEASE FURNACES
"ECONOMY"

DAD'S VISION

Dad was a traveller, away most of the time—and the dull days of coming winter brought him a vision. He saw his wife engaged in the dirty, dusty and unending job of trying to make the furnace heat the house, in his absence. He saw her shivering at her meals—her health impaired and the children uncomfortable, because of the lack of heat, and yet, he saw his coal bill growing and growing like the Evil Spirit in the Fairy Tale and eating a big hole in his savings.

He returned home one bitter morning, down-hearted and chilled to the bone and expected little comfort at home. Entering the house, he was greeted by his wife—bright-eyed and happy, the children playing around on the floor—he found every room warm and cosy. Astonished, he asked his wife "What's the answer?"

She took him down to the cellar, saying:—"I got this PEASE FURNACE in while you were away, and that is where all the heat comes from. Mr. Smith, next door bought his wife a new fur with the money he saved on his last year's coal bill. See that large combustion chamber and that ingenious air blast in the fire-pot that actually burns air and all the gases, that in ordinary furnaces go right up the chimney and are wasted from the coal—and that vertical shaker relieves me of the back-breaking stoop when shaking the furnace. Oh! it is lovely."

Dad was overcome with joy, and what was a cold and cheerless house is now a warm, cosy and happy home. and Dad's PEASE "ECONOMY" FURNACE "Pays for itself by the coal it saves." Write to-day for free booklet.

Yes, Sir!

You take no chances when you
USE HOMESTEAD FERTILIZERS

YOUR SOIL may be well cultivated, weather conditions may be perfect, you make sure of the seed; why take any chances with the Fertilizers? In selecting Fertilizer you cannot be any too careful. You should make sure that the goods are manufactured by a reliable firm, so that you may depend upon getting full percentage of plant food of the highest agricultural value, and in first-class mechanical condition. The best are none too good for you.

Our policy is to always lead in manufacturing Fertilizers and to furnish the best goods at the lowest price.

If all the farmers knew the merits of Homestead Fertilizers as they ought to know them, we could not make enough to supply the demand. Let us have your order this fall. If we have no agent near you, we will sell direct, bag, ton or carload, and will tell you all about our agency proposition under our consignment contract. Send postal card to-day and tell your friends to do the same.

"Ohio" 1913 Model The Improved Logical Silo Filler

"Ohio" improvements for 1913 are radical—eclipse all previous efforts.

Don't close a deal for any Cutter and take chances with unknown makes until you see what the "Ohio" offers.

59 years' experience—absolutely dependable quality.

Famous Patented Direct Drive is secret of "Ohio" superiority—the only machine that is driven, cuts and elevates direct from main shaft. Simple, compact—low-speed fan—non-explosive—non-clogging on any cut. Cuts clean on all crops—knives can't spring.

One Lever Controls All Entire feed reverses by wood friction at finger pressure—no strain—not a gear tooth changes mesh. All gears perfectly housed. Famous "Bull-Dog" grip self-feed. Enormous half-inch cut tonnage. 60 to 250 tons a day—6 to 15 h. p. 20-year durability. Used by Experiment Stations everywhere. Guaranteed. Many big new features this year. Write for free "Ohio" catalog today. A postal will do.
