## Domestic Receipts.

CURE FOR THE CROUP .- Dr. Forbrs. of he country—not elluding to his private history, Boston, relates, in a late number of the Medical Journal, a case in which a severe attack of croup was cured by the application of sponges wrung out of hot water to the throat, together "down trodden" nation. But we should not with water treatment, which he describes as

"Soon after making the first application of sponges to the throat, I wrapped the child in a woolen blanket, wrung out in warm water, as a substitute for a warm bath, and gave twenty drops of the wine of antimony in a little swee ened water, which she swallowed with difficulty The International Journal of the 15th contains I persevered in the application of the lar a Prospectus of a contemplated formation of a Pro- moist sponges for an hour, when the child was

It will never do to trille with this terrible

CURING MEAT, &c .- Meat intended for salting in winter should hang a few days to make it tender; but in summer it may be salted as soon as killed. It should then be wiped dry. The art of salting meat is to rub the salt in tho roughly and evenly; first rubbing in half the salt, and in a day or two the remainder. Bay salt gives meat a sweeter flavour than any other salt. Sugar is likewise an excellent a ticle for curing meat, producing mellowness and richness, considered to be very large, was erected, and Gallery and body of the Church, except four will contribute their Journals to the Club.

them for a time to the sun's rays. deprived of it, its action of the calorific rays induces a tendency in the ivory to crack, which gives it even a more displeasing appearance than before. Ivory may be effectually bleached "It is proposed to give free access to the by heating it moderately over a fire of charcon, quantity of flour of sulphur.

DISINFECTING AGENT .- Rooms in which, from any cause, there arises an unpleasant odor, may be freed of the obnoxious effluvia, by placing a few kernels of coffee in a hot shovel, and allowing the aroma, or smoke, to be freely disseminated. It will dispel effectually, the most powerful odor arising from putrid animal or vegetable matter. It has been used and with excellent success, in localities infected by cholera.

MOTHS IN FURNITURE .- Thoroughly satuwith the same article. I have tried this method of ridding a sofa stuffed with villainous hair

" Take three drachms of gum camphor, three cup upon the stove, where they will melt slow-
