"We find that the ale uniformly and well agreed with the patients, that it stimulated the appetite, and thereby increased nutrition. The taste, likewise, is always highly spoken of. In nervous women, we found that a glass at bedtime acted as a very effective and harmless hypnotic."—SUPERINTENDENT OF LARGE U. S. HOSPITAL.

A Book About Books!

Through the Magic Door

By Arthur Conan Doyle

Cloth, with 16 illustrations of notable authors, \$1.25, postpaid.

"I care not how humble your bookshelf may be, or how lowly the room which it adorns; close the door of that room behind you, shut off with it all the cares of the outer world, plunge back into the soothing company of the great dead, and then you are through the magic portal into that fair land whither worry and vexation can follow you no more. You have left all that is vulgar and all that is sordid behind you. There stand your noble, silent comrades, waiting in their ranks. Pass your eye down their files. Choose your man. And then you have but to hold up your hand to him and away you go together into dreamland."

The building stands to-day identically as it was built in 1714 by the early Welsh settlers.
