is what the farmers make on their land in this part of Texas every year, growing Corn, Oats, Potatoes, Peanuts, Oranges, Figs, etc. Ample rainfall, fine drinking and stock water; green gardens and grass every day in the year; cool in summer, warm in winter; you don't have to spend all your money for fuel and clothing to keep from freezing; no crop failures.

We can sell you fine prairie land within a few miles of good railroad towns where they have good schools, churches, etc., at from \$15 to \$20 per acre. We have sold land to a number of people from Western Canada during the past year. Write to us for their addresses. We know they will be glad to tell you about our country, climate and lands. Our booklet, "Truth about Texas," also State Map, free on request. Save agents' commission; buy direct from us. We have no agents.

SELECTED RECIPES.

Swiss Eggs.—Cover the bottom of a pudding dish with two ounces of fresh butter cut into small bits. Over this scatter a layer of grated cheese, then drop the eggs in without breaking the yolks, pour over them a little cream, sprinkle with more grated cheese and bake in a moderate oven for fifteen minutes.

Potato Soup.—In a saucepan put three quarts of water, half a cup of chopped bacon, six medium-sized onions chopped fine, salt and pepper to taste. Peel and grate four cups of raw potatoes, add to the liquid and cook until potatoes are reduced to pulp. Add a cup of hot milk and a tablespoon of butter, five minutes before removing from the stove.

Walnut Cream.—One cup granulated sugar, one-half cup hot water; boil like mad three or four minutes or until it jellies in water, cool it (almost), beat it very fast until it creams, spread on a platter, put on shelled walnuts. This cream is the same as chocolate cream. Chocolate for dipping creams as follows: One ounce or one square of Baker's chocolate in a bowl, put over the tea kettle and melt; add one teaspoonful pulverized sugar, a piece of butter size of a walnut with salt washed out. Dip the balls or cream into this and dry on sheets of paper. The above direction makes forty drops, or cream for one pound walnuts.—SCOTCH LASSIE.

Vegetable Marrow Jam.—First Method.—Peel, cut in slices an inch thick; boil until tender enough to be pierced with a straw from a clean whisk. Drain very dry and mash through a colander. For each pound of pulp add a pound of granulated sugar and the juice of one lemon. Boil very gently for fear of scorching until the mixtures thickens, then put away in sealers. Second Method.—Wash off the vegetable marrows in cold water, then without drying put in a pan and set in a moderately hot oven. Bake for an hour if of ordinary size. When done open the stem end, remove the seeds, peel off the rind, and mash the remainder till very smooth. Then add the sugar and lemon in the proportions given above, or if it seems too dry two lemons may be used in place of one.

Green Tomatoes Pickled.—Slice green tomatoes, sprinkle with salt, a cupful to each peck of tomatoes, and leave over night. In the morning drain off the brine, wash quickly with cold water. Use a gallon of vinegar to each peck of tomatoes, and to that amount of vinegar add two pounds coffee sugar, half an ounce whole white mustard seed, a small cup mixed spice for pickling tied up in a little bag of white cheesecloth. Let vinegar, sugar and spices boil for two or three minutes then add the tomatoes and cook for twenty minutes. Keep in glass sealers, or in a stone jar if you put the bag of spice on top and cork very tightly.

Green Tomato Preserves.—To every pound of tomatoes take three-quarters of a pound of white sugar, and the juice of one lemon. Cook gently till the tomato is transparent. Seal in glass jars while hot.

Preserving Citron.—Pare and seed the citron cutting it into cubes a little larger than dice. Put in a preserving kettle with enough cold water just to cover, and boil gently until the fruit can be easily pierced with a straw. Take out the fruit from the juice and spread it on platters over night. In the morning add to the juice a pound of sugar for each pound of the original fruit. Slice a lemon and add it to the syrup when it has dissolved all the sugar over a gentle fire. Then put the citron in again and cook slowly for an hour. Put up while hot in self sealers which have been scalded just before the fruit is put in, and for which you have new rubber rings.
