

The visible sign of the absolute square deal!

In these days when the buying public are beset on all sides with the thought of profiteering—it is with the very best feelings that they recognize the Dayton Automatic and Computing Scale in your store. We know that from experience. It is so quick (meaning prompt service), it is so visibly just in its weighing, it is so positively accurate in its price calculations that it is certainly a confidence-maker—a sales-maker—wherever used.

We have Dayton Scales of all sizes for all purposes.
All perfect. Made in Canada. Send for Catalogue.
