NOTE - Extract from "Farm and Ranch Review." Dr. Rutherford's speech at Home Breeders' Association, Calgary, recognized as the best authority in Canada, said: "When the war is over I expect the Home Market to take on an entirely new aspect. Britain, France, Belgium and Italy will be coming here for all kinds of horses, not only for general purposes, but also for animals to replace the studs that have been almost decimated by the war."

The "Morning Alberta" of May 22nd states that 20,000 horses will be needed very shortly by the British Government.

"SUREDETH"

has been tried out and endorsed, as the following will testify:

The Empire Chemical Co. Limited, Saskatoon. Lloydminster, Alberta, February 20, 1916.

Dear Sirs: Having used all the gopher poisons on the market with unsatisfactory results, I tried "Suredeth" and consider it has them all beaten. After using it for two weeks there was not a living gopher in sight where I put it out, where they had been swarming previously. The experiment was so satisfactory that I intend continuing to use it.

You have my permission to use this letter in whatever way you see fit, to let the farmers know the value of "Suredeth" as a gopher exterminator.

Yours truly, HENRY ETHERIDGE

This is an unqualified testimonial and, what is more important to YOU, the package stood out was SOLD and PAID FOR!

"SUREDETH" solves the gopher problem, as it is positively guaranteed TO BE BAD FROM YOUR DRUGGIST OR WHITE FOR TRIAL PACKAGE OF 12 Gopher Baits \$1.50 - AND FULL INSTRUCTIONS. General fully describing "Suredeth" mailed on request.
