French Railway Rates Increased. The French Official Journal states that an act has been passed authorizing further temporary increases in French railway rates. The new increases, which will be in force for 1920, are as follows: third class tickets, 45%; second class tickets 50%; first class tickets 55%; transport of merchandise, 115%. The present increases will be added to the increase of 25% provided by the law of Mar. 31, 1918, but the new percentage of increase will not apply to or be calculated upon this previous increase of 25% itself.

Canadian National Rys. Shop Em-

Canadian National Rys. Shop Employes.—The Minister of Railways, replying to questions in the House of Commons recently, said that 93 employes of the Riviere du Loup, Que., shops had been transferred to the St. Malo shops at Quebec City, of whom 33 are single and 60 married; there are dependent on the married men 227 women and children and 29 other dependents. The total population thus removed from Riviere du Loup was 349.

Esquimalt & Nanaimo Ry. Land Grants. The British Columbia Legislature appointed a committee recently to enquire into and determine certain matters respecting coal licenses granted on lands ceded to the Esquimalt & Nanaimo Ry. under the settlement agreement of 1910, and to report what, if any, measure of relief should be granted to the license holders.

E. A. Campbell, agent, C.P.R., Sussex St., Ottawa, in remitting his annual subscription, writes: "I enjoy Canadian Railway and Marine World very much."
