We are very thankful to the givers who have already shown their sympathy with our work in looking after those who are unable to look after themselves. The highest duty of the Dominion is to secure the welfare of its children. To secure for neglected and destitute children a happy home life is a good job for the best brain and heart in Canada. Won't you help us? We still need \$1,549.00.

"Thanking you in anticipation, on behalf of the finance committee,

Yours Sincerely,
Thos. D. Ruston.

The Editor,
Dear Sir:—I thought perhaps that some friend would like the opportunity of giving some poor child a bright and happy Xmas by taking one of our children into their home this Christmas time for a week or a few days. We would be delighted if some reader of this would respond and we feel sure that they would be amply repaid by the knowledge that they had brought joy into the heart of one of these God's little ones.
Yours sincerely,
Thos. D. Ruston,
C. A. S. Inspector.

Evidence Crops Up Every Day

THAT DODD'S KIDNEY PILLS ALWAYS HELP KIDNEY DISEASE

Quebec Man Who Suffered From a Run-down System and Kidney Disease Finds Quick Relief.

Miguasha Point, Que. Dec. 23.—(Special).—More evidence crops up in this vicinity every day to prove that for run-down people there is no remedy so equal, Dodd's Kidney Pills. Among the many who have come forward with statements is Mr. Paul Landry, a well-known resident, whose testimony can easily be corroborated.
"It is with great pleasure that I write to tell you your Dodd's Kidney Pills are the best medicine that I have ever taken," Mr. Landry states. "When I commenced to take them there was not much hope for me. After taking four boxes I felt like myself again. I advise all persons who suffer from kidney disease to take Dodd's Kidney Pills."
Dodd's Kidney Pills are popular all over this country, because they not only cure the pains and aches of the different diseases springing from disordered kidneys, but also give new life and energy all over the body. They do this naturally. They cure the kidneys. Cured kidneys cure the impurities out of the blood, and the pure blood carries the nerves and muscles to all nutriment instead of poison. You have never heard of a person Dodd's Kidney Pills harmed. You hear of thousands who have benefited by them.

In order to win success a man must first fall in love with his work.

Mr. Robb's Xmas Greetings

To Officers and Employees of the Operating, Engineering, Motive Power and Car Departments.

The approach of the Yuletide season affords me the opportunity of extending to you all my heartfelt wishes for an enjoyable Christmas and a Bright and Prosperous New Year.

I know that in many of your homes there will be sadness and mourning for kith and kin who in the Great World War, now so happily ended, have suffered and perhaps made the supreme sacrifice; but mingled with that sorrow will I am sure be a feeling of pride in the part so successfully played by the men and ladies of Canada, in the cause of Liberty.

Of the Canadian forces, employees of the Grand Trunk played no mean part; nearly five thousand of them placed their services at the disposal of their Country in either the Army or the Navy and many of them have won distinction by their bravery and feats of valor.

To those Grand Trunk employees not privileged to take up arms in the defense of Country and Liberty tell the task of taking care of the largest volume of traffic ever carried in a similar period in the history of the Company, and I wish to congratulate you all upon the very successful manner in which this arduous task has been accomplished and to express also the pleasure I feel in the knowledge that the efforts of our employees have been recognized by substantial increases in their wages, which undoubtedly have added greatly to their comfort and happiness.

I thank you for the loyal co-operation and support given the Company during the stress and strain of the past four years and am sure that I may look for a continuance of that co-operation and support during the coming year and that when ended we all may be able to look back upon a period of achievement of which we may justly be proud.

Again wishing you and your families the Season's Greetings.

Not Enough

We don't sing enough, we don't whistle enough, we don't laugh enough and somehow or other we have allowed clamps to be put upon almost all of our actions so that we scarcely ever today allow our feelings to become clearly revealed.

The little lad who goes whistling down the street, or humming to himself some tune, has it on us in many ways. His joy is unconfined, while we, well, if the average man is judged by life manner he is living in a world in which there is no joy—only Kaiserdom.

This repression business is the worst thing possible for the human race. What made trench life so horrible for soldiers was the comparative repression that was necessary in the trenches. When he got back to the lines he was happier, because he could be glad and sing and whistle. We all need more of it.

Everybody knows the men work faster or when lively music is played. It is claimed that the new navy building in Washington was speeded up with an actual gain in transportation work of 1800 because the men sang at work. Singing keeps one's brain clear for sound thinking. There is no chance for "grouching."

Use Miller's Worm Powder and the battle against worms is won. These powders correct the morbid conditions of the stomach which nourish worms and these destructive parasites cannot exist after they come in contact with the medicine. The worms are digested by the powders and are speedily evacuated with other refuse from the bowels.

Miller's Worm Powder is reported to the success and the health of the child steadily improves.
