Ward considered that a definite understanding should be reached as to whether such conveyances were to be made by the city ree of charge.

Mayor Bowlby held that the by law made no provision for the conveyance of the land to the company, but concerned the closing of the street only. Mr. W. S. To The Editor

THE LATTER DAY SAINTS. Brantford, Ont., Oct. 14, 191

Editor of Courier, Brantford, Ont., Can

Dear Sir,—In your paper, unde date of Oct. 14, 1916, I find an art ele written by Mr. R. F. Holterm against the "Latter Day Saints." the so-called "Mormons."

My desire is, to give in answer

the same, a few truths that are wit in the despised and so-called Mormo Church. I am one of the two m mentioned by Mr. Holterman, a therefore take it in hand to answ the accusations. To begin, Mr. Ho terman thinks it not kindness to u to let us go from door to door to t unwary and mislead them. It is right, says Mr. Holterman, to allo people to take up. without warning the doctrines of the "Latter I Saints," or "Mormons." When

fundamental truths are unsound. We do go from door to door, not to the homes of the unwary has been stated, unless all people a considered unwary by Mr. Holter We go to every door as we come to

it, and present our claims to the people, and tell them that we are the Mormon missionaries, therefor not leaving people to wonder who we are. We believe in being fai with every one and only ask same in return. There is nothing i the teachings of Mormonism, the any man or woman, (ministers in cluded) has been able to prove wrong in, from a scriptural stan There are hundreds of thou sands of people who are just like Mr. Holterman, who think, or pro fess to know the teachings of Mon monism, but to an educated person they show their uttermost ignorance in trying to put our teachings befo the world. Let me ask every pers to be fair with themselves and do a Paul says, "Prove all things an hold fast to that which is good.' regard to the text, said to have be given by the Mormon elder at Owe Sound, let me say this, "No morm elder prepares a sermon, nor dohe give a text of what he is to spe upon." We believe in studying t Scriptures and storing our mine with useful information, and whe we get up to speak, we give room our souls for the spirit of God dwell and dictate, or give utteran to that which his children are need of. The baptism said to ha been spoken of by the Elder, is cepted by us as a two fold ordinan It was administered by John t

Baptist for the remission of sins. only by John, but he all who p ticed it. To prove his point, I fer you to Acis, 2 copter and 3 verse: "Then Peter id unto th repent and be bapti: 1, every one you in the name of the remission of sins, and ye s receive the gift of the Holy Ghos Also Luke 3:3, "And he came in all the country about Jordan prea ing the baptism of repentence the remission of sins"; also Ma 1:4, Acts 22:16; Romans 6:1-5. think I have shown that baptism for the remission of sins, and now proceed to show that it is al

a saving ordinance. Christ, in speaking to Nichodemi in John 3 and 5, said, "Verily, veril born of water and of the spirit, cannot enter into the Kingdom God." Does our friend want to ma the Master a liar by saying baptism does not save us? God fe

bid that such should be.
Christ told John in Matt. 3: that baptism was to fulfill all righ eousness. In Mark, 16:16, Chr tells the Apostles to go into all t world and preach the gospel to eve creature, saying, "He that believe and is baptized, shall be saved; he that believeth not shall be dam ed." We also read in 2 Peter, chapter, 21 verse, "The like figu where unto even baptism doth also now save us, (not the putting aw of the filth of the flesh, but the a swer of a good conscience iowa God) by the resurrection of Jes Christ. I also refer you to John 1 12, "The works I do shall ye also." Luke 7, 29:50; Matt. 28: Acts 10:16, 47-48; Acts 22:10-1 Can we reject baptism when it was administered to the Master? Are w

better than He? O ye of little faith, who reject th first principles of the Gospel. Fait without works is dead, it bein alone, says James.

Christ truly said that the this should be with Him in paradise the very day, and we believe that was. Paradise is not Heaven, as great many people would have ibelieve, and you may as well know now as any time. Three days after the death of Christ, He appears Mary and said, "Touch me not f I have not yet ascended to my Fat er which is in Heaven. Christ sa "In my Father's house there a many mansions, if it were not so would have told you." Read 1 Cd 15, and have the subject straight your own minds. During the thry days that Christ's body lay in the many many and meach tomb, our Master went and preach to souls in prison. 1st Peter, 3;1
22 will prove the point.
The thief on the cross was n

promised salvation and I refer y to Luke 23:39-43. The Saviour asked to remember the thief, "w thou comest into Thy Kingdon Christ's answer was not that thief would go to the Kingdom God, but he said, "To-day shalt th be with Me in Paradise." Plain showing that Paradise was not He
