

# Pale, Thin, Nervous?

Then your blood must be in a very bad condition. You certainly know what to take, then take it—Ayer's Sarsaparilla. If you doubt, then consult your doctor. We know what he will say about this grand old family medicine.

This is the first question your doctor would ask: "Are your bowels regular?" It shows that daily action of the bowels is absolutely essential to recovery. Keep your liver active and your bowels regular by taking laxative doses of Ayer's Pills.

### CONSUMPTION

Its Cause and Suggested Means of Recovery

Consumption is not always an inherited disease, and a large percentage of cases may be attributed to the following causes:

First, defective digestion. Second, imperfect nutrition as a result of the first. Third, the accumulation of morbid product in the lungs as the result of imperfect nutrition, and this in turn breaks down the function of respiration and consumption is an established disease.

The first step toward a cure is to restore the function of nutrition, and to this end nothing in the world excels Vinol.

It is for this reason we want every person in Athens to know about our delicious cod liver preparation, Vinol, which is far superior to old-fashioned cod liver oil and emulsions because it is made by a scientific, extractive and concentrating process from fresh cods' livers, combining with peptonate of iron all the medicinal, healing, body building elements of cod liver oil, but no oil.

In pulmonary diseases, it nourishes the body, increases vigor, checks the cough and often mitigates the disease. As a strength creator for old people, delicate children, weak, run down persons, and after sickness, Vinol is unexcelled.

We ask Athens people to try Vinol on our offer to return their money if it does not give satisfaction. J. P. Lamb & Son, Druggists, Athens, Ont.

### SHAKE IN A BOTTLE

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble "weather" here, and also tells what to do in case of an attack.

Get from your good prescription pharmacy one half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost.

Druggists in this town and vicinity, when the prescription, stated that they can either supply these ingredients, or, if our readers prefer, they will compound the mixture for them.

### Life Guards

The Life Guards are two regiments of cavalry forming part of the British household troops. They are gallant soldiers, and every loyal British heart is proud of them. Not only the King's household, but yours, ours, everybody's should have its life guards. The need of them is especially great when the greatest foes of life, diseases, find allies in the very elements, as cold, influenza, catarrh, the grip, and pneumonia do in the stormy month of March. The best way we know of to guard against these diseases is to strengthen the system with Hood's Sarsaparilla—the greatest of all life guards. It removes the conditions in which these diseases make their most successful attack, gives vigor and tone to all the vital organs and functions, and imparts a genial warmth to the blood. Remember the weaker the system the greater the exposure to disease. Hood's Sarsaparilla makes the system strong.

### Salvation Army Praise

"I feel it my duty to testify to the benefit I have received from the use of Psychine. While travelling in New Ontario conducting special meetings I contracted a very bad cold, which gradually developed into Bronchitis of the lungs. I was advised to try Psychine, which I did, and after using but a few bottles I was completely restored to health. I recommend this wonderful remedy to sufferers from Bronchitis and other troubles."

Later, to add that my voice, since using Psychine, is stronger and has much more carrying power than it had before I had bronchitis, and the vocal chords do not tire with speaking."

An excellent remedy for Rheumatism, Lame Back, Etc., Etc.

Read the following testimonial from a man you all know:

Portland, Feb. 8, 1908  
Mr. W. A. Singleton,  
Crosby, Ont.

Dear Sir—In the winter of 1906 I was laid up with La Grippe and unable to get relief from several other patent medicines. I was convinced by several of my neighbors to try St. Regis Lumbago Cure, and I can thankfully say it was the first thing that gave me immediate relief. Since that time I have never been without it in my house, and cannot speak too highly of it, especially for children, as it will break up a cold at once. I have also found it a sure cure for lame back.
