Lost Child In Wolf's Den.

St. Joseph's, Minn., Oct. 10.—After being lost for two days, during which the entire countryside joined in a hunt for her, 4-year-old Margaret Schweitzer, daughter of a well-to do farmer, was found unharmed in a wolf's den in the forest near here yesterday morning. The child was well and apparently contented, but scolding her rescuers for having driven away the "nice little doggles" with which she had been playing.

ABOUT POLISHING SILVER.

It would be well if the housewife of to-day would follow the old-time way of polishing her silver with her own hands. By this habit she would always know its condition and whether any is lost or abused. Once when a friend was ill I went into her kitchen to prepare something for her and saw the maid rubbing precious heirloom silver

went into her kitchen to prepare something for her and saw the maid rubbing precious heirloom silver with a powerful liquid polish made made for using on brass and unickel. Occasionally she rubbed the cloth on a cake of fine sand soap and applied it with vigor. Under the circumstances it was best to say nothing to ruffle the temper of the domestic, who evidently intended no harm, and it would have thrown my friend into serious condition had she known off the inciden."

It is never well to experiment with the silver polishes that you know nothing about; in fact, whiting of the finest quality sifted through a double cheese cloth is as good as anything made for purpose. Quick polishes are to be mistrusted, for when acids are made to take the place of elbow grease the silver is sure to suffer. A piece of soft chamois is needed for polishing and for beaded edges, while for chasing, at very soft brush must be used. But be sure that no old tooth brush or cheap stiff brush is substituted.

In most households silver cleaning, is put off until it is dreaded and made a bugbear. It is trite but

2 three large pieces should be done with the smaller articles each week. Keep in a covered box the chamois, the brush, sifted whiting and an ounce bottle each of agua ammonia and alcohol, either of which is good for moistening the whiting for deeply discolored spots. Store silver not in use in canton flannel bags bor cases. Huminating and coal gas make the silver a greater care in the winter, but no labor really makes greater show in housekeeping than that expended in keeping the silver perfectly bright.—Gene Weld.

is put off until it is dreaded and ingly useful. Applied to boots, when made a bugbear. It is trite but good advice to do the cleaning weekly, and although tea and coffee pots, trays, candlesticks, etc., may not all rag over night and wiped off in the meed polishing so often, yet two or morning.

Pandora

It is comparatively easy to build a range that will make a lot of heat, but it requires the exact science of Pandora Range building to produce a range that will use all the heat in the coal without waste.

A common range may burn twice the coal that a Pandora will, and yet do only half the work.

If you use a Pandora Range you can be certain that your coal money is not wasted, but used.

Sir Wilfrid is Notified That They Will Stand Together For Increased Subsidies

PREMIERS' CONFERENCE

Ottawa, Oct. 10.—The provincial representatives reached a unanimous agreement yesterday afternoon. They have been in conference for two days endeavoring to reconcile the differences which existed between the various provinces in their claims for an increased allowance from the Dominion treasury.

Two resolutions were adopted: They will be presented to Sir Wilfrid Laurier and the other Federal Ministers this morning.

The first of these resolutions declares the need for increased allowances, as outlined in the Quebec resolutions in 1902, viz.:

Eighty cents a head of the population of the provinces, as shown by the last census figures.

An increase in the allowance for legislation, and

An allowance of 20 cents a head for the administration of criminal justice.

This was unanimously agreed to

An allowance of 20 cents a head for the administration of criminal justice.

This was unanimously agreed to without prejudice to the claim of any province to special consideration owing to the peculiar claims for better treatment.

The second resolution declares that pending the amendment to the British North America Act, necessary to give effect to the first resolution, the Canadian Parliament should, at the next sessioz, enact a measure for the temporary relief of the provincial conference, Premier Gouin, has informed Sir Wilfrid that a unanimous agreement has been reached, and that the conference would like to lay its resolutions before the Federal Government this morning. This will be done at 11 o'clock behind closed doors, as all of the proceedings have been conducted.

At 1 o'clock yesterday Mr. R. L. Borden entertained the members of the conference at luncheon in the Senate Restaurant. Among those invited were Sir Wilfrid Laurier, Hon. Sydney Fisher, Hon. Wm. Paterson, Hon. A. B. Aylesworth, Hon. R. Lemieux, Mr. Speaker Sutherland, Hon. J. P. Whitney, Hon. J. J. Foy, Hon. A. J. Matheson, Hon. Lomer Gouin, Hon. A. Turgeon, Hon. A. Tessier, Hon. W. A. Buffalo Fiyer Derailed.

Toronto, Oct. 10.—Running at between 50 and 50 miles an hour, the G. T. R. express for Buffalo (No. 21) left the rails at Burlington Junction and the engine just missed crashing into the train for Allandale (No. 56), which was on an adjoining slding. Every coach of the Buffalo train was derailed, as well as the rear coach of the other train, but no one was septously hurt. Miss Kelly of Toronto was the only person reported injured, and she only slightly.

Alleged Embezzier Arrested.

Halifax N. S., Oct. 10.—Charles Darlington, managing director of the Maritime Gasoline Engine and Supplies Co., a Toronto concern, was arrested here early yesterday morning on board a launch by the deputy sheriff after putting up a stiff fight, in which the sheriff's officer was cut somewhat. Tha prisoner is charged with embezziement of about \$2,100. Darlington was arraigned in the police court yesterday and remanded.

TRAGEDY-AT BUCKINGHAM

Arrests Of Strikers' And Opponents' Are Made For Murder Etc. -- A Long List

SITUATION IS CHANGED

Buckingham, Que., Oct. 10.—The strike situation here has vastly changed. Yesterday three strikers were arrested, wiz., Hilaire Charette, who was examined before Magistrate Pearson in the afternoon, and Isadore Renaud and Adelard Hamlin, two wounded men who are still in the hospital.

But no sooner was this sensation over than on the other side several of the prosecutors and police were arrested for murder and attempted murder and taken to Hull by Sheriff Wright and Chief Provincial Detective McCaskill.

They were Albert and Alexander MacLaren, two of the partners of the lumber company; James Klernan, brother of the chief of police; J. E. Vallile, mayor of Buckingham; Bert Cameron, a special constable, and J. C. Cummings, the balliff of Buckingham.

The day was wet and miserable and quiet was the order throughout. In the afternoon the ratepayers of the town held a public meeting, at which it, was decided to ask the Minister of Militia, who was responsible for the bringing of the military to Buckingham, and

decided to ask the Minister of Militia, who was responsible for the bringing of the military to Buckingham, and who was to foot the bill.

Says Strikers Shot First.

Shortly after this, in the presence of the militia, the arrests began, and in the court house the evidence of Chief of Police Frank Klernan, who was wounded, was heard. He swore that the strikers had fired first and declared that if they had not returned the first they would all have been killed. The examination was postponed,

Afterwards the prisoner, Charette, was allowed his liberty on his own recognizances, and the same procedure was adopted in the case of all the other prisoners. Placing Boundary Buoys.

Erie, Pa., Oct. 10.—The United States cruiser Morrell and the Canadian cruiser Vigilant have begun the work of setting buoys to mark the boundary between the American and Canadian waters in Lake Erie. The placing of the buoys at intervals of five miles will, it is hoped, eliminate all further cause of annoyance between the fishermen of the two countries.

Girl's Bad Trolley Fall,
Toronto, Oct. 10.—Rosie Retther, a
15-year-old girl, got off a car the wrong
way last night and landed upon her
head. At an early hour this morning
she was still unconscious in Grace
Hospital. Despite the fact that order is thoroughly restored, 50 Royal Canadian Dragoons from St. Johns, Que, arrive's here last evening. This, it is believed, is to prevent further rioting when the company begins to move the logs down the river, which, it is said, will be done some time to-day.

Twenty special constables came up from Montreal during the day in case of necessity. Talking with the men yesterday, they said they were as determined as ever, though they will endeavor to maintain order, and are averse to violence.

deavor to maintain order, and are averse to violence.

Some of the younger ones declare they are willing to die in defence of their rights.

Strong Case For Men.

In independent circles it is believed that the union men have a strong case against the MacLaren company, the mayor, and the police, who are stated generally to have fired the first shots. In any case, big developments are anticipated.

quently was in his 91st year at the time of his decease. He was educated in Engkand, and about 1840 commenced to study for holy orders, and was ordained deacon in Quebec in 1841. He was at first engaged in diocesan mission work, but in 1842 was appointed incumbent of Lachine, P. Q., where he worked for six years. In 1848 he left there to assume the position of assistant minister at St. George's Church at Montreal, where he remained as rector and assistant for more than thirty years.

Dr. Bond was appointed Archdeacon of Hochelaga in 1870. Dean of Montreal in 1873, and Bishop on the resignation of Dr. Ogden in 1878. He succeeded the late Archbishop Machray.

His Grace was stricken with paralysis in December last while preaching in St. James the Apostic Church. As a result of Archbishop Bond's death, Bishop Sweatman, Lord Bishop of Toronto, will become Lord Archbishop of Toronto, and Metropolitan of Canada, being the senior bishop in point of consecration in the ecclesiastical province of Canada.

The choice for the primate of all Canada will lie between Archbishop Matheson, Metropolitan of Rupert's Land, and the new archbishop of the ecclesiastical province of Canada.
