## ABOUT POLISHING SILVER.

It would be well if the housewife of to-day would follow the old-time way of polishing her silver with her own hands. By this habit she would always know its condition and whether any is lost or abused. Once when a friend was ill I went into her kitchen to prepare something for her and saw the maid rubbing precious heirloom silver with a powerful liquid polish made made for using on brass and nickel. Occasionally she rubbed the cloth on a cake of fine sand soap and applied it with vigor. Under the circumstances it was best to say nothing to ruffle the temper of the domestic, who evidently intended no harm, and it would have thrown my friend into a serious condition had she known of the incident.

It is never well to experiment with the silver polishes that you know nothing about; in fact, whitening of the finest quality sifted through a double cheese cloth is as good as anything made for purpose. Quick polishes are to be mistrusted, for when acids are made to take the place of elbow grease the silver is sure to suffer. A piece of soft chamois is needed for polishing and for beaded edges, while for chasing, a very soft brush must be used. But be sure that no old tooth brush or cheap stiff brush is substituted. In most households silver cleaning is put off until it is dreaded and made a bugbear. It is trite but good advice to do the cleaning weekly, and although tea and coffee pots, trays, candlesticks, etc., may not all need polishing so often, yet two or

three large pieces should be done with the smaller articles each week. Keep in a covered box the chamois, the brush, sifted whitening and an ounce bottle each of aqua ammonia and alcohol, either of which is good for moistening the whitening for deep discolored spots. Store silver not in use in cotton flannel bags or cases. Illuminating and cool gas make the silver a greater care in the winter, but no labor really makes great show in housekeeping than that expended in keeping the silver perfectly bright.—Gene Weid.

## PESTS.

Recipe for exterminating cockroaches and water bugs.—Four and one-half ounces of best borax, 11.2 ounces powdered starch, 1.2 ounce cocoa. Mix, put in all crevices, and strew about wherever they may be found. This is a true and tried recipe.

For laundry purposes pure glycerine is simply invaluable, especially in the washing of blankets, flannels and all materials for which softened water is necessary.

It is not extravagant, for a tablespoonful of the pure article in a large bucket, in which the blankets are to be washed, will prove exceedingly useful. Applied to boots, when they have had hard usage by damp, it prevents cracks and untimely wear. It should be put on with a rag over night and wiped off in the morning.

Common ranges make the coal man smile.

The Pandora Range makes the thrifty housewife smile.

## Pandora Range

It is comparatively easy to build a range that will make a lot of heat, but it requires the exact science of Pandora Range building to produce a range that will use all the heat in the coal without waste.

A common range may burn twice the coal that a Pandora will, and yet do only half the work.

If you use a Pandora Range you can be certain that your coal money is not wasted, but used.

Sir Wilfrid is Notified That  
They Will Stand Together  
For Increased Subsidies

## PREMIERS' CONFERENCE

Ottawa, Oct. 10.—The provincial representatives reached a unanimous agreement yesterday afternoon. They have been in conference for two days endeavoring to reconcile the differences which existed between the various provinces in their claims for an increased allowance from the Dominion treasury.

Two resolutions were adopted: They will be presented to Sir Wilfrid Laurier and the other Federal Ministers this morning.

The first of these resolutions declares the need for increased allowances, as outlined in the Quebec resolutions in 1902, viz.:

Eighty cents a head of the population of the provinces, as shown by the last census figures.

An increase in the allowance for legislation, and

An allowance of 20 cents a head for the administration of criminal justice.

This was unanimously agreed to without prejudice to the claim of any province to special consideration owing to the peculiar claims for better treatment.

The second resolution declares that pending the amendment to the British North America Act, necessary to give effect to the first resolution, the Canadian Parliament should, at the next session, enact a measure for the temporary relief of the provinces.

Sir Wilfrid Notified.  
The chairman of the provincial conference, Premier Gouin, has informed Sir Wilfrid that a unanimous agreement has been reached, and that the conference would like to lay its resolutions before the Federal Government this morning. This will be done at 11 o'clock behind closed doors, as all of the proceedings have been conducted in strictest secrecy.

At 1 o'clock yesterday Mr. R. L. Borden entertained the members of the conference at luncheon in the Senate Restaurant. Among those invited were Sir Wilfrid Laurier, Hon. Sydney Fisher, Hon. Wm. Patterson, Hon. A. B. Aylesworth, Hon. R. Lemieux, Hon. Speaker Sutherland, Hon. J. P. Whitney, Hon. J. J. Foy, Hon. A. J. Matheson, Hon. Lomer Gouin, Hon. A. Turgeon, Hon. A. Tessier, Hon. W. A. Weir, Hon. G. H. Murray, Hon. Arthur Drysdale, Hon. L. J. Tweedie, Hon. W. Pugsley, Hon. Arthur Peters, Hon. G. E. Hughes, Hon. R. P. Roblin, Hon. H. Campbell, Hon. Walter Scott, Hon. J. H. Calder, Hon. H. C. Rutherford, Hon. C. S. Cross, Hon. J. McBratney, Hon. Joseph Pope, Mr. Chas. Macell, Mr. R. H. Pope.

Guests of Canadian Club.  
Last night the visiting Premiers were the guests of the Canadian Club at a banquet in the Russell Hotel. There were some 150 guests. Sir Wilfrid Laurier spoke in his usual felicitous way and all the visiting Premiers spoke.

## SUBPOENAS FOR BIG FOUR.

Oliver, Scott, Lamotte and J. B. Hunter Wanted as Witnesses.  
Toronto, Oct. 10.—Hon. Frank Oliver, Minister of the Interior; Hon. Walter Scott, Premier of Saskatchewan; H. G. Lamotte, Clerk of the Crown in Court, at Ottawa, and J. B. Hunter, Hon. Mr. Hyman's private secretary, have been served with subpoenas at Ottawa requiring them to appear and testify on behalf of the crown on Thursday next in the London bye-election bribery case.

## University Issues Writ.

Toronto, Oct. 10.—The board of Governors of the University of Toronto, through Kerr, Davidson, Patterson and McFarland, yesterday issued a writ against Thomas W. Holloway and Leonard Foulds to compel an accounting with regard to the transactions in connection with the sale of the old U.C.G. site as building lots. The land in question was sold to Foulds through Holloway, acting for the university in two blocks for \$23,000, and \$16,500 respectively. It is stated that part of the lands have already been sold for \$34,000, and that the balance held is worth \$36,000.

## Buffalo Flyer Derailed.

Toronto, Oct. 10.—Running at between 50 and 60 miles an hour, the G. T. R. express for Buffalo (No. 21) left the rails at Burlington Junction and the engine just missed crashing into the train for Allandale (No. 56), which was on an adjoining siding. Every coach of the Buffalo train was derailed, as well as the rear coach of the other train, but no one was seriously hurt. Miss Kelly of Toronto was the only person reported injured, and she only slightly.

## Alleged Embezzler Arrested.

Halifax, N. S., Oct. 10.—Charles Darlington, managing director of the Maritime Gasoline Engine and Supplies Co., a Toronto concern, was arrested here early yesterday morning on board a launch by the deputy sheriff after putting up a stiff fight, in which the sheriff's officer was out somewhat. The prisoner is charged with embezzlement of about \$2,100. Darlington was arraigned in the police court yesterday and remanded.

## Two Men Drowned.

Sydney, N. S., Oct. 10.—At Point Tupper yesterday W. A. Anderson, 22 years old, I. C. R. night operator at Point Tupper, and Fred Porlier, a friend, 30 years old, a son of Carl Porlier, started to sail across the strait in a boat. A squall struck the boat and it upset. Both were drowned.

All Disarmed. But One Band.  
Havana, Oct. 10.—The disarmament commissioners in Santiago report that all the insurgents in that province have been disbanded with the exception of one band, which is in an inaccessible region near Bayamo.

Placing Boundary Buoys.

Erie, Pa., Oct. 10.—The United States cruiser Morrill and the Canadian cruiser Vigilant have begun the work of setting buoys to mark the boundary between the American and Canadian waters in Lake Erie. The placing of the buoys at intervals of five miles will, it is hoped, eliminate all further cause of annoyance between the fishermen of the two countries.

## Girl's Bad Trolley Fall.

Toronto, Oct. 10.—Rosie Rether, a 15-year-old girl, got off a car the wrong way last night and landed upon her head. At an early hour this morning she was still unconscious in Grace Hospital.

## DOUBLED UP WITH CRAMPS.

Stomach feels like an infernal machine and you want relief mighty quick. Nothing does the work half so soon as Polson's Nervine. Why, it kills the pain instantly. If your bottle is empty get another to-day. Nervine keeps the doctor bill small because it cures little ills before they grow big. Nothing for indigestion, heartburn and cramps like Polson's Nervine. Large bottles for 25c.

## Lost Child In Wolf's Den.

St. Joseph's, Minn., Oct. 10.—After being lost for two days, during which the entire countryside joined in a hunt for her, 4-year-old Margaret Schmitzer, daughter of a well-to-do farmer, was found unharmed in a wolf's den in the forest near here yesterday morning. The child was well and apparently contented, but scolding her rescuers for having driven away the "nice little doggies" with which she had been playing.

## Boy Shot In the Head.

Kempville, Oct. 10.—The 14-year-old son of Moses Beckett of Beckett's Landing, was accidentally shot by a boy named Taylor, and may not recover. The boys had a gun loaded with buckshot and the weapon discharged, young Beckett receiving the charge in the head.

## Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in drawing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact, some time ago Dr. Pierce of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because he has now or never exposed their composition. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small doses of disease, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable food in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherry bark and Bloodroot, contained in "Golden Medical Discovery," in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Drs. Grover, Coe, of New York; Bartholow, of Jefferson Medical College, P. A., of St. Louis; Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand leaders in their several schools of practice, the foregoing agents are the very best ingredients that Dr. Pierce could have chosen to make up his infallible "Discovery" for the cure of not only bronchitis, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.

TRAGEDY AT  
BUCKINGHAM

Arrests Of Strikers' And  
Opponents' Are Made For  
Murder Etc.—A Long List  
SITUATION IS CHANGED

Buckingham, Que., Oct. 10.—The strike situation here has vastly changed. Towards three strikers were arrested, viz. Hilaire Charrette, who was examined before Magistrate Pearson in the afternoon, and Ladore Renaud and Adelaide Hamlin, two wounded men who are still in the hospital.

But no sooner was this sensation over than on the other side several of the prosecutors and police were arrested for murder and attempted murder and taken to Hull by Sheriff Wright and Chief Provincial Detective McCaskill.

They were Albert and Alexander MacLaren, two of the partners of the lumber company; James Kiernan, brother of the chief of police; J. E. Valli, mayor of Buckingham; Bert Cameron, a special constable; and J. C. Cummings, the bailiff of Buckingham.

The day was wet and miserable and quiet was the order throughout. In the afternoon the ratepayers of the town held a public meeting, at which it was decided to ask the Minister of Militia, who was responsible for the bringing of the military to Buckingham, and who was to foot the bill.

Says Strikers Shot First.  
Shortly after this, in the presence of the militia, the arrests began, and in the court house the evidence of Chief of Police Frank Kiernan, who was wounded, was heard. He swore that the strikers had fired first and declared that if they had not returned the fire they would all have been killed. The examination was postponed.

Afterwards the prisoner, Charrette, was allowed his liberty on his own recognizances, and the same procedure was adopted in the case of all the other prisoners.

Despite the fact that order is thoroughly restored, 60 Royal Canadian Dragoons from St. Johns, Que., arrived here last evening. This, it is believed, is to prevent further rioting when the company begins to move the logs down the river, which, it is said, will be done some time to-day.

Some of the younger ones declare they are willing to die in defence of their rights.

## Strong Case For Men.

In independent circles it is believed that the union men have a strong case against the MacLaren company, the mayor, and the police, who are stated generally to have fired the first shots. In any case, big developments are anticipated.

## A NOTED PRELATE

Archbishop Bond of Montreal, Primate of the Anglican Church For All Canada, Passes Away.

Montreal, Que., Oct. 10.—Archbishop Bond, the Primate of all Canada, died at 5.30 a.m. yesterday after a number of weeks of gradual sinking following a stroke of paralysis.

The late Archbishop was born in Truro, England, Sept. 10, 1815, consequently was in his 91st year at the time of his decease. He was educated in England, and about 1840 commenced to study for holy orders, and was ordained deacon in Quebec in 1841.

He was at first engaged in diocesan mission work, but in 1842 was appointed incumbent of Lachine, P. Q., where he worked for six years. In 1848 he left there to assume the position of assistant minister at St. George's Church at Montreal, where he remained as rector and assistant for more than thirty years.

Dr. Bond was appointed Archdeacon of Hochelaga in 1870. Dean of Montreal in 1873, and Bishop on the resignation of Dr. Ogdowin in 1878. He succeeded the late Archbishop Machray.

His Grace was stricken with paralysis in December last while preaching in St. James the Apostle Church.

As a result of Archbishop Bond's death, Bishop Westman, Lord Bishop of Toronto, will become Lord Archbishop of Toronto, and Metropolitan of Canada, being the senior bishop in point of consecration in the ecclesiastical province of Canada.

The choice for the primate of all Canada will lie between Lord Archbishop of Toronto, and Metropolitan of Canada, being the senior bishop in point of consecration in the ecclesiastical province of Canada.
