BUY A FARM

In the West Florida Country, this is not the Florida that you have been reading so much about, but some five hundred miles from the much advertised country. The West Florida country is elevated and healthy, no extreme heat in the summer, nor cold in the winters. Fruit, vegetables, figs, and watermelons, satsuma oranges, fish and oysters are in abundance. Eggs and chickens are extremely high and this is a good climate to raise them in. This part of the world has never been advertised for sale before, and no exorbitant literature is gotten out to show the enormous growth of the products, but the growth are here just the same, with a climate seldom equalled and never excelled. Rheumatism, catarrh, and tuberculosis are always relieved and cured in numbers of instances. This land is extremely productive if properly handled. We are offering lands in tracts of ten acres up to five hundred acres at twenty dollars per acre; three dollars per acre per month. Also we have some small and large farms fully improved bearing pecans, oranges, figs, all kinds of berries etc; close to the fast growing town of Pensacola. Particulars may be obtained free of charge from Charter Land Co. Pensacola, Fla. U.S.A.

Now open and ready for YOU. Write and tell me what day you are coming. A postal will do.

Mild Sarcasm from Alberta.

DEAR EDITOR: Have not got your paper for some months regularly but hear it is still alive. Thought that last election would near close its mouth regarding political affairs. If you will send me a bill of my indebtedness and change my paper from Calgary to Chinook. I will try and pay up and be obliged.

Just a word about how things are here.

I like Alberta fine. No place quite so good in my mind. I finished my 3 years duties on a homestead last week and moved to our new town, Chinook. We have got connected up with the outside world after 3 years in darkness, as it were. We have a thriving little town. Mine was the first house on the town-site Oct. 1st. On Oct. 6 we have besides, a hardware store, lumber yard, general store, and an elevator and bank coming next week. We hope for a good steady little town. We certainly have a good country surrounding it on all sides. The first wheat shipped from here left last week, Grade No. 2. Threshing is well advanced and grain is turning out well. Have had a good year. It takes about 3 years there to make anything of the country. The first year homesteading one gets nothing, the second some can make expenses, the third just a little better, and get our patent for the land besides. Now that our new government has changed the regulation regarding the \$300. house, many of us have not the money to build such a house, when something less will do until we get enough land cultivated to make a living on. After three years of homesteading I would not recommend it to my eastern friends as the best thing to do, though I expect to continue it for three years longer. I will give my view on homestead life as I found it, later if anyone cares to hear it.

A Genuine Service.

"I believe," says an old subscriber, "that every time The Youth's Companion enters a home it does that home a genuine service." That describes the purpose of the publishers exactly. The paper is not filled with mischievous or idle thoughts to fill an idle hour. It provides healthy pastime, recreation that builds up. It is to the minds of eager and impressionable young people what sound athletics are to the bodies.

At a cost of less than four cents a week The Youth's Companion opens the door to a company of the most distinguished men and women in America and Europe. Whether they are revealing the latest discoveries in science, or describing great industrial achievements, or telling of their wanderings in strange corners of the world, or feeding the imagination with rare stories, they are giving Companion readers the best of themselves.

Seven serials at least will be published by The Companion in 1913, and nearly 200 other complete stories, in addition to some 50 special contributions, and a treasure box of sketches, anecdotes, expert advice as to athletic sports, ideas for handy devices round the house, and so forth—long hours of companionship with the wise, the adventurous and the entertaining. Announcement for 1913 will be sent with sample copies of the paper to any address on request.

Every new subscriber who sends \$2.25 for the fifty-two weekly issues of 1913, will receive as a gift The Companion Window Transparency and Calendar for 1913, the most exquisite novelty ever offered to Companion readers; also, all the issues of The Companion for the remaining weeks of 1912, free.

News of Reformed Baptists.

Rev. J. H. Coy has received and accepted a call to become pastor of the Royalton church. He expects to visit Gordonville and other points next week.

Rev. P. J. and sister Trafton were heartily welcomed by the church and congregation at Hartland, on the 8th inst. A large company gathered at their home and spent a very pleasant evening. Prayer was offered by Rev. H. S. Dow, and addresses were given by Deacons G. G. Gray and S. Hayden Strawn, and Brother Ziba Orser. Brother Trafton responded, thanking those present for their kindness to himself and wife and family. It was a pleasant and profitable occasion.

Rev. H. S. Dow has not been able to procure a house at Caribou, Me. His family still reside at Hartland. A parsonage is quite as needful as a church.

Rev. P. J. Trafton is enjoying a good interest in his services at Hartland. Five persons went forward for

Psoriasis All Over Body

Doctors Said Incurable, But Now
There is No Sign of Disease,
Thanks to Dr. Chase's
Ointment.

Mde. N. Massey.

Psoriasis is one of the most dreaded of itching skin diseases. It is a sort of chronic eczema. The itching it causes is almost beyond human endurance, and doctors are accustomed to give it up as incurable.

But here is a case that was given up and pronounced incurable. The result proves that Dr. Chase's Ointment almost works miracles in curing the worst form of itching skin disease imaginable.

Mrs. Nettie Massey, Concession, Ont., writes: "For five years I suffered with what three doctors called psoriasis. They could not help me, and one of them told me if anyone offered to guarantee a cure for \$50.00 to keep my money, as I could not be cured. The disease spread all over me, even on my face and head, and the itching and burning was hard to bear. I used eight boxes of Dr. Chase's Ointment, and I am glad to say I am entirely cured, not a sign of a sore to be seen. I can hardly praise this ointment enough."

The soothing, healing influence of Dr. Chase's Ointment is truly wonderful. Eczema, salt rheum, barber's itch, ringworm and scores of such torturing ailments are relieved at once and as certainly cured if the Ointment is used persistently. Mothers find Dr. Chase's Ointment invaluable in preventing and curing the skin troubles of babies, such as chapping, irritations of the skin and baby eczema.

Hallowe'en was observed in this village in the usual manner. Gates and doorsteps were carried away and some peculiar pranks played on the respect to clothes hanging on the lines. However no damage was done and the people seemed satisfied to allow the youths to have their annual sport.

A new well is being drilled at Bristol station. Modern lavatories are to be installed.

A large party of young people met last week at the home of Mrs. Gray. The evening was spent in games and music and a bountiful supper was served about midnight. A very pleasant evening was spent and the gathering broke up in the "wee sma' hours."

Miss Mona Phillips left on Wednesday to resume her studies at Mount Allison.

Mrs. Ansen Boyer spent several days last week visiting her brother Arthur Estabrooks at Fielding.

Shepard Farley is still very sick and little hope is held out for his recovery.

Michael Welch is also reported to be very low.

The pulpit of the Methodist church was occupied on Sunday afternoon by Rev. Mr. Weddall of Woodstock.

The blacksmith shop known as the McLean shop has been opened by Mr. Goombridge who recently arrived from England. Mr. Goombridge learned his trade in the Old Country and has been shoeing horses for many years. During the late Boer war he was with the British army as a shoer and became much attached to the Canadian soldiers there. Hence his removal to Canada.

Not Dead Yet.

The Canadian Tories describe Great Britain as a decrepit nation on her knees begging Canada to come to her assistance with a dolle of money. It is evident that her own government that her own government does not so regard her for the other day, when Italy threatened to force the Dardanelles in order to menace Constantinople, Great Britain said,—"Oh, no. You must not! Instead go at once and make peace with Turkey." and Italy stayed her hand against the Dardanelles and went and made peace. The old dog has got sharp teeth; but God help her on the day that the Tories of Canada have anything to do with her government, for, if that evil day comes, they will bleed her people white.
