

MILLINERY.

Mr. Pitts said he had reason to find fault with the resolution, because in the first place it started out with a falsehood and charged him with having stated that the attorney general had been paid a sum of money in connection with an election. He read the first preamble of the resolution, and stated that in no speech of his had he charged the attorney general with having received the \$200 from M. Quinn, nor had he drawn the line between the attorney general and the government. He stated that the investigation was confined simply to the leader of the government, and the investigation would be limited to the government, and the government would be able to do this they would not be able to do this. He stated that the attorney general had been paid for and that \$200 had been paid into the York election fund with the understanding that the contributor was to have a public office. If the government tried to narrow the investigation it would be all the worse for them, and all the worse for the attorney general. What he (Pitts) had said was that the attorney general had had a talk with Mr. Quinn about getting an office, and he had shown that afterwards Mr. Blair's partner had written Mr. Quinn urging upon him the necessity of contributing towards the election fund, and the evidence since admitted showed that the \$200 had been paid to Mr. Wilson who was Mr. Blair's colleague in the election. He (Pitts) might have gone further and told of the different stories that were in circulation, and were generally believed in the country, of how money was raised in other directions by the government party for the purpose of increasing the election fund.

Remored Discussions in The Provincial Government.

Extract From Official Report in The House of Assembly.

(Official Report.)
FREDERICTON, March 21.—Dr. Stockton said that Hon. Mr. Mitchell had referred to the rumored resignations, (Stockton) would ask if there was any truth in the rumor that Hon. Messrs. Tweedie and White had resigned.

Hon. Mr. Blair asked his friends opposite that their expectation regarding the vacancies would have to remain unrealized for the present at least. (Laughter.) He would tell them with all candor that no vacancies existed for their acceptance. (Laughter.)

Hon. Mr. Tweedie said he had nothing to add to the statement made by the attorney general. He wished however, to read the following letter, which he had received, and which, to his regret, explained the anxiety of some honorable gentlemen.

From Miss Alward, Esq., Q. C., D. C. L., M. P., St. John, N. B.:
I take pleasure in stating that I have received much benefit from the use of Hawker's nerve and stomach tonic, and consider it a great nerve invigorator. I can conscientiously recommend it to my friends.

(Great laughter.) Continuing, Hon. Mr. Tweedie: "In view of this recommendation, however, I feel a little blue and out of sorts with my friends in the government, I will take Hawker's nerve tonic." (Renewed laughter.)

FREDERICTON, March 21.—Dr. Stewart in rising to a question of privilege stated it would be remembered that the surveyor general yesterday afternoon had factiously referred to the certificate given by the member from the city of St. John, the excellent quality of Hawker's medicine. He thought, however, that the government were not free from censure. In the educational report we find that the superintendent of an institution supported by the government makes special acknowledgment of Hawker's tonic and stomach tonic, and Hawker's tonic. We are not adverse to the government prescribing our medicine in a political sense, but we should rather, against their endorsed advocacy of a medicine for our bodily ailments. He understood, however, that two prominent members of the opposition and one member of the government held stock in the Hawker Medicine Co., and there was, therefore, evidently a deal between some members of the government and a private enterprise to advertise this medicine, which is confirmed by the fact that this afternoon every member has a package of this medicine on his desk, which has been gratuitously supplied.

The debate was continued by Mr. Phinney, who moved, seconded by Mr. Smith of St. John, the following amendment:

Resolved, That all the words of the preamble be omitted and that after the word "referred" on the second line of the resolution be omitted and the following words inserted in lieu thereof: "To an independent commission being a judge of the supreme court to investigate all the facts and circumstances connected with the statements made in the surveyor's declaration to take the evidence under oath and to report the same to this house."

BY TELEGRAPH.
Fredericton, April 9.
Bill respecting House of mechanics, laborers and others, was agreed to. Blair recommitted assessment bill. Powell opposed section 4, fixing poll tax at one quarter of the whole sum to be levied, and moved that the sum be one-sixth.

Blair consented to have section four for the present. The section taxing railway companies was a rack out. Part of sub-section 12 of section 5 providing exemptions was struck out, sub section was amended as follows: "So much of the personal property of any person as is invested in mortgage upon land or is due to him on account of the same land. The fee or freehold of which is vested in him." Sub-section 14 of section 5 was amended so as to exempt the annual income of any person derived from his personal earnings to the amount of \$200 in the bill. Sub-section 15 and 16 of section 5 were struck out with understanding that they may be dealt with again when the question of poll tax is settled. Progress was reported with leave to sit again.

Tweedie committed bill to revise, continue and amend Northwest Boom Company. Wells chairman. Agreed to with amendments.

Powell introduced bill further relating to County courts.

Wells introduced bill amending law relating to Justices of Civil Court.

Phinney committed bill to revise and continue act incorporating western railway company. Bill chairman, agreed to with amendments.

Again if you have Damask or other curtains, Table Cloths or any other articles that are faded or dirty so, bring them to Carvell's who has the Agency for the BEST DYE WORKS in the Province, you cannot do them as well as those who make a business of color, besides you are rid of the mess made while dyeing.

Gent who have LIGHT STUFFS, parts of suits or overcoats, will do well to consider the advisability of saving ten or twelve dollars by having the same of Carvell's for Cleaning or Pressing.
